‡ Geography may also be read as part of a moderatorship course in science – TR071. See page 134 in the 2011 prospectus for specific course requirements for Science.

* Not all applicants at this level were offered places.

** The minimum points required depend on which two subjects are chosen. A grid displaying the minimum points required in 2010 for all combinations of subjects is available at www.tcd.ie/Admissions/undergraduate. Note that there are different minimum entry levels for A-level applicants for some TSM combinations.
Two-Subject Moderatorship (TSM/TR001): Permitted combinations and CAO course codes

TR001 must NOT be entered on the application form.

Each possible combination of two subjects has a unique three-digit code. TR followed by the three-digit code of your chosen TSM combination should be entered on the application form, e.g. French and German TR289.

The absence of a code in a grid position indicates that the corresponding combination of subjects is not permitted.
