Application for the exemption from the modern language and/or mathematics requirement for TCD Matriculation on the basis of specific learning disabilities or a sensory disability.

Students applying for admission to Trinity College Dublin are required to present six Leaving Certificate subjects, including English, Mathematics and one other modern language.

However, students may apply for a waiver of the modern language requirement if they:-

1. function intellectually at average or above average level and have a specific learning difficulty of such a degree of severity that they fail to achieve expected levels of attainment in basic language skills in English. Students do not qualify for exemption on the basis of poor standards of literacy, or
2. have a significant hearing impairment or are deaf, and are also failing to attain adequate levels in language skills in English.

*The evidence of such a disability must be furnished by a qualified psychologist, in the case of (i) and by a report from an appropriate medical specialist in the case of (ii) above.*

Students may apply for a waiver of the Mathematics requirement if they:

function intellectually at average or above average level and have a specific learning difficulty (dyscalculia) of such a degree of severity that they fail to achieve expected levels of attainment in basic skills in mathematics.

*The evidence of dyscalculia must be furnished by a qualified psychologist.*
Criteria for granting a language waiver of the modern language

Students will be granted a language waiver of the modern language if they provide the following:-

1. Evidence of disability

   (i) An Educational Psychologist Report clearly stating the student has a specific learning disability. Please ensure this report meets the standards set down in the College Guidelines for diagnostic assessment of a specific learning difficulty and contains standard scores and percentile points describing intellectual functioning and literacy attainment, age equivalencies are not sufficient.

   OR

   (ii) A medical report from a Consultant/Specialist clearly stating the degree of hearing loss or deafness.

AND

3. A completed Language Waiver Application Form which is available from the Admissions website.

Students who have received a recent diagnosis of specific learning difficulty and are unable to present a Certificate of Exemption from Irish, should submit a recent psycho-educational assessment no older than three years, together with the Application Form.

Criteria for granting a waiver in Mathematics

Students will be granted a waiver of the mathematics requirement if they provide the following:-

Evidence of disability:

   (i) An Educational Psychology Report (assessment within the last 3 years) clearly stating the student has a specific learning disability - dyscalculia. Please ensure this report meets the standards set down in the guidelines for diagnostic assessment of a specific learning difficulty and contains standard
scores and percentile points describing intellectual functioning and numerical / arithmetical attainment, age equivalencies are not sufficient.

Applicants should note that the mathematics waiver is only applicable where a student has applied for or intends to pursue a course that does not contain any mathematical or statistical component.

How do I apply to Trinity College for a modern language and/or mathematics waiver?

Students can apply for a waiver at any time during the senior cycle of 2nd level education, however applications must be received by the Admissions Office no later than 1 July of year of entry. It is not the responsibility of College to pre-identify students who may be eligible for waivers. Please note the granting of a language waiver is not connected to the DARE supplementary admissions procedure, full details of the DARE scheme may be found at www.accesscollege.ie

Applications for exemption from the Language or Mathematics requirements should be made directly to the Admissions Office, Trinity College, Dublin 2 enclosing all the supporting documentation requested above. All applications are assessed by an in-house Educational Psychologist using the criteria specified here. Students are usually informed within four working weeks of the outcome of their application.

Failure to provide information requested will deem the application for a language and/or mathematics waiver invalid. Please note all reports must be within the three year rule set down in the guideline document listed above.
