What is Mentoring?

Mentoring is an interactive learning and educational experience, between alumni and students, to assist students in their personal and career development.

Mentoring in the School of Social Sciences and Philosophy

The mentors are alumni who have worked for a number of years and at the School’s invitation have agreed to share their experience and guidance. The mentees are students of the School interested in learning from the mentor’s experiences and being advised, guided and informed by them.

How does the programme work?

During the programme launch, each graduate will give a brief introduction. A reception will be held following this, where students will have the opportunity to speak with mentors one-to-one or in small groups and to ask questions. **At the end of the event students will be asked to fill out a mentor matching form and to indicate a first, second and third choice mentor.** Students who wish to participate will be matched with a mentor for the programme. Depending on demand, 1-3 students will be matched to each mentor.

Students and mentors should plan to meet approximately three times between November 2014 and June 2015 or a total of 8-10 hours to maximise the benefit of the programme. Meeting space will be made available in Trinity’s Global Room (Watts Building beside Academic Registry) on the following dates to facilitate meeting with mentors:

- Tuesday 2 December: 5-9pm
- Wednesday 3 December: 5-9pm
- Wednesday 28 January: 5-9pm
- Wednesday 4 February: 5-9pm
- Wednesday 4 March: 5-9pm
- Wednesday 8 April: 5-9pm
- Wednesday 6 May: 5-9pm
- Wednesday 3 June: 5-9pm

Topics previously of interest to mentees include:

- Researching and exploring particular job roles and sectors
- Deciding on what to do after college
- Review a CV/LinkedIn profile
- Practice job interviews, networking
- Introductions to other professional colleagues
- Finding jobs not advertised
- Exploring postgraduate study
The School of Social Sciences and Philosophy is at the forefront of research and teaching in Ireland across the disciplines of economics, philosophy, political science and sociology. All four departments are rated highly in international research evaluations and our academic staff include some of the leading scholars in Ireland.

It is the second largest School in Trinity with just under 50 staff and in the region of 1,300 undergraduate and 100 graduate research students. At undergraduate level by far the largest group of students are those studying economic and social studies (BESS). The School is also home to the unique undergraduate degree in philosophy, political science, economics and sociology (PPES), a number of political science undergraduate programmes and two subject moderatorship (TSM) courses in economics, philosophy and sociology. The School also offers a range of taught postgraduate programmes in economics, political science and sociology. For more information, visit the School’s website at www.tcd.ie/ssp
