DigiPlace4all community event

May 28 10.30am - 1pm
Radisson Blu Hotel
Golden Lane
Dublin 8

Guest speaker: Senator Martin Conway
Seanad Spokesperson for Justice, Equality & Disability

To secure your place, email: Esther.Murphy@ncbi.ie

DigiPlace4all is an online peer support community helping people with disabilities build the digital skills needed to transition from VET training to mainstream education & employment.

This event will demonstrate the peer support and sharing facilities on the DigiPlace4all community website.

It will bring community members together to share their perspectives of using DigiPlace4all, engage with new community members and introduce our Digital Champions.

The event will be attended by students, educators, employers and disability supporter workers.
