# 1<sup>st</sup> International Workshop on Non-linear Hydrodynamics, Stochastic Dynamics and Control of Offshore Structures

4th August 2017

School of Engineering and School of Computer Science and Statistics

Trinity College Dublin

The Offshore Research Group at Trinity College Dublin will host the 1<sup>st</sup> International Workshop on “Non-linear Hydrodynamics, Stochastic Dynamics and Control of Offshore Structures” on Friday 4<sup>th</sup> August 2017. The workshop aims to assess the current state-of-the-art in the fields of non-linear hydrodynamics, stochastic dynamics and control with a particular emphasis on offshore structures. The workshop will discuss and identify key and emerging breakthroughs and challenges in research and development that are critical and unique in the area of offshore structures. The workshop is also intended to promote communication exchange and cross-fertilization between multiple disciplines.

Eminent speakers at this event will include:

- Professor Jianbing Chen, Tongji University, China
- Professor Jie Li, Tongji University, China
- Professor Søren Nielsen, Aalborg University, Denmark
- Professor John Ringwood, NUI Maynooth, Ireland

To register for this free workshop please email [hydrodyncon@gmail.com](mailto:hydrodyncon@gmail.com) by 28<sup>th</sup> July 2017.
