Person Specification

Qualifications

Requirements:
Hold a Master degree (with Distinction) or 4-Year First Class or High II (1) Honours Bachelor’s Degree in Microbiology, Genetics, Biology, Chemistry, Molecular Biology, Bio-engineering Sciences or equivalent.
Pass the eligibility criteria for Marie Curie Actions (see below)

Knowledge & Experience (Essential & Desirable)
Candidate should have prior experience in a Microbiology, Biochemistry or Molecular Biology setting and thus acquired basic microbiological and molecular-biological technical skills, e.g. cloning, transformation, PCR, DNA purification.

Skills & Competencies
Have good oral and written communication skills in English.
Have good organisational and planning skills.
Are stimulated by challenging scientific and technical problems and have a highly motivated, persistent and result-driven attitude.
Are able to work well both independently and in a team environment, with a sense of responsibility.

Further Information for Candidates

Eligibility criteria for ESRs:

a.) Early-Stage Researchers (ESRs) shall, at the time of recruitment by the host organisation, be in the first four years (full-time equivalent research experience) of their research careers and have not been awarded a doctoral degree.

b.) Mobility Rule: at the time of recruitment by the host organisation, researchers must not have resided or carried out their main activity (work, studies, etc.) in the country of their host organisation for more than 12 months in the 3 years immediately before the reference date.
