Are you over 65? We need you!
Research Volunteers Wanted.

Researchers in the School of Psychology at Trinity College Dublin are exploring changes across the lifespan in learning and cognition.

We need healthy volunteers aged 65+ to take part in our research.

Participants will take part in an easy attention-training programme. Volunteering involves approx. 7 hours commitment over 4 weeks. Refreshments will be provided.

If you are interested and want more information about the study:
