Neuroenhancement for Inequalities in Elder Lives

Enhance, Enable, Educate, Empower.

Dr Sandra E Black

*It takes two to tangle:*

**Unravelling the interactions of Alzheimer’s and Cerebrovascular disease.**

**Sandra E. Black, MD, FRCPC** holds the inaugural Brill Chair in Neurology, Dept. of Medicine, University of Toronto. She is the Brain Sciences Program Research Director at Sunnybrook Health Sciences Centre and Medical Director of the Regional Stroke Centre. Her research interests include the cognitive and behavioural consequences of stroke and vascular brain disease, stroke recovery, the differential diagnosis of dementia, and the use of neuroimaging techniques to elucidate brain-behaviour relationships in stroke and dementia, including quantitative structural imaging and fMRI.

**Date:** Friday, 17th September, 2010

**Time:** 8.30am

**Venue:** Conference Room

Trinity College Institute of Neuroscience,

Lloyd Building, Trinity College Dublin.
