Academic Seminar

Imaging Cognitive Reserve

Professor Yaakov Stern
Professor of Clinical Neuropsychology; Director, Cognitive Neuroscience Division, Department of Neurology
Columbia University

Date: Wednesday 8th May 2013
Time: 2pm
Venue: Room LB11, Trinity College Institute of Neuroscience, Lloyd Building, Trinity College Dublin

Yaakov Stern is Professor of Clinical Neuropsychology in the Departments of Neurology, Psychiatry and Psychology, as well as in the Sergievsky Center and the Taub Institute for Research on Alzheimer’s Disease and the Aging Brain, at Columbia University College of Physicians and Surgeons. Dr Stern directs the Cognitive Neuroscience Division of the Department of Neurology and is Director of Neuropsychology for the Memory Disorders Clinic at the New York State Psychiatric Institute. His research interests include cognitive reserve; the use of imaging techniques to evaluate differential expression of brain networks across young and old healthy individuals and patients with Alzheimer’s disease and how network expression relates to cognitive reserve; cognitive intervention in normal ageing; and the heterogeneity of Alzheimer’s disease.
