	Annual assessment:

**Assessment
Details**

1. written language 50%

2. oral 15%

3. listening comprehension 15%

4. assessed work 20%

Students are required to pass the written language paper (this is a non-compensatable component) and to pass the overall aggregate of all four components.

Supplemental assessment

The supplemental assessment in language modules is exactly the same as in the annual/end-of-year examination session. It consists of four parts weighted in the same proportions as in the annual examination:

1. written language 50%

2. oral 15%

3. listening comprehension 15%

4. assessed work 20%

The only difference is that the fourth element (assessed work) in the annual session is made up of weekly assignments and tests, whereas in the supplemental session candidates who are required to be re-assessed in this component submit a single piece of work by the Friday before the beginning of the examination session. The department will contact students and let them know the requirements for the re-assessment component of this 4th element as and when the need arises.
