SIZARSHIPS
Sizars are entrance exhibitioners of limited means who have their Commons free. The awards of sizarship are announced at the same time as the awards of exhibitions. The period of tenure of sizarship commences from the day on which the award is announced in Michaelmas term. Persons wishing to be considered for the award of sizarship should send to the Senior Lecturer, on or before 1 October in their year of entry, a statement on the prescribed form showing that they are qualified on the ground of limited means. Only those persons whose public examination results meet the criteria for the award of entrance exhibition will be considered. Sizarships are tenable, provided there is no significant change in a holder’s means, until the end of the year (Senior Freshman or Junior Sophister) in which the foundation scholarship examination in the holder’s subject is designed to take place.

Sizars who have to repeat a year or otherwise fail to make satisfactory progress forfeit their award and the same penalty may be inflicted for any grave violation of College discipline.

The following exhibitions and prizes are awarded to qualified candidates subject to the condition that sufficient merit is shown. To qualify for an award candidates must place their names on the College books. Students holding awards tenable for two years who fail to make satisfactory progress or do not keep their names on the College books forfeit their award, and the same penalty may be inflicted for any grave violation of College discipline.

Candidates intending to present for scholarship should be advised that it is not possible to substitute a Broad Curriculum course as an element of the scholarship examination.

Mode of election

4 Elections are made by the Board on the Monday in Trinity Week.

5 The scholarship examination is held on such days as are stated in the ALMANACK.

6 Candidates must give notice of their intention to take the examination on the prescribed form, obtainable in the Examinations Office, West Theatre, not later than 1 February. If they wish to withdraw their application they must do so at least two weeks before the first date of the examination.

7 No candidate may be elected to scholarship twice.

8 The previous conduct of candidates must have been satisfactory.

9 Candidates must have paid the current annual fee of their class.

10 No students may compete for a scholarship until after their names have been entered on the College books as Junior Freshmen, i.e. they cannot compete as rising Junior Freshmen.

11 All candidates for scholarships shall furnish to the Board on or before the day of election, information as to their full names and place of birth. This requirement is normally met by the signing of the scholars book at the time of the examination.

Admission

12 Elected candidates must present themselves in the ante-room of the Provost’s House at 11.30 a.m. on the day following their election to be formally admitted as members of the corporation in accordance with the Statutes of the College. Elected candidates who do not so present themselves may have their first quarter’s salary forfeited.

Emoluments and privileges

13 Foundation scholars are entitled to the following statutory emoluments and privileges: they

(a) have their Commons free of charge;

(b) are entitled to rooms free of charge for up to nine months of the year;

(c) receive a salary which, together with any grant they may receive from an outside body, shall amount to not less than €253.95 per annum (after payment of the annual fee);

(d) are entitled to remission of the annual fee appropriate to their main course of study if they are not in receipt of outside scholarships or grants, save that undergraduate scholars from non-E.U. countries shall have their fees reduced by an amount corresponding to the appropriate fee level of an Irish student.

Tenure

14 Foundation scholars hold their scholarships normally either until the end of the June quarter following the date at which they become or might have become masters in arts, or until the end of the June quarter of the fifth year following their election, whichever of these two dates is the earlier, except when permission has been given for a scholar to intermit the tenure.

15 Scholars must satisfy the requirements necessary for them to proceed with their class. Any
Foundation scholarships

scholars failing to do so forfeit their scholarship. Scholars may be permitted to intermit the tenure of their scholarship, for such academic, medical or other reasons as shall be deemed sufficient and it shall be a consequence of this permission that the scholars may continue to hold their scholarship beyond the above limits by a period equal to that of the intermitted tenure or twelve months in normal circumstances, whichever is the shorter. The responsibility for granting permission for the intermission of the tenure of a scholarship rests with the Senior Lecturer except in those circumstances in which the applicant is a registered postgraduate student of the College, in which case the Senior Lecturer shall delegate responsibility to the Dean of Graduate Studies. In certain circumstances relating directly to the need to obtain professional or other relevant experience in order to properly pursue research the period of intermission may be longer (maximum of three years) with the approval of both the Senior Lecturer and the Dean of Graduate Studies in the case of graduate and postgraduate scholars, or of the Senior Lecturer alone in the case of undergraduate scholars.2 Decisions of the Senior Lecturer and of the Dean of Graduate Studies relating to the intermission of scholarship may be appealed only to the Board.

16 No scholars may have their names transferred to a lower class without the express permission of the Board.

17 Scholars who have passed, or might, according to their College standing, have passed the primary degree examination in their subjects, and who do not continue an approved course of academic study in the College, or undertake research under approved conditions, are entitled only to their dining rights for the duration of their scholarship.

18 Scholars of the same standing who undertake research under approved conditions or pursue an approved course of academic study are entitled to their rights for the duration of their scholarship, and they are entitled to receive a salary calculated in accordance with §14 (c) above. If they pursue an approved course of academic study, or undertake research under approved conditions, in the College, they are eligible for continuation of all the emoluments and privileges of scholarship. If scholars, being registered for a higher degree in the College, are recommended by their supervisor to study elsewhere for not more than one year, they can receive, with the permission of the Dean of Graduate Studies, their full scholar’s emoluments for that year, provided they return to the College for at least one year to continue their graduate studies. If they do not return for at least one year they forfeit their emoluments for the year away from College, other than their scholar’s salary.

19 Applications for continuation of scholarship privileges by graduate scholars must be made to the Dean of Graduate Studies, who will assess the appropriate amounts of their continuing emoluments and their eligibility, if any, for postgraduate awards. The applicants must, if these privileges are to be continued, supply the Dean of Graduate Studies with evidence that they are working satisfactorily for each academic year.

Waiterships

20 Ten scholars, or other students, are appointed annually to say grace before and after meat in the Dining Hall. They are called waiters. They receive a salary, paid quarterly, provided that their duty has been satisfactorily discharged.

The waiters are selected by the Provost, in consultation with the Junior Dean, to whom applicants must send their names before the last day of June. Regard is had in the selection to the general character of the applicants.

21 The grace is repeated memoriter and in Latin, in a form prescribed by the Statutes of the College.

The closing date for applying for permission to intermit is 1 March. In the case of a student who has recently graduated, applications for intermission should be made no later than 1 March in the year following completion of the undergraduate course.
