

Benefactors of Trinity College¹

Trinity Foundation is the primary fund-raising agency for Trinity College Dublin. It is a charitable trust within the meaning of Section 333(1)(b) of the Income Tax Act 1967, established on 30 March 1994 and its charity number is CHY 10898.

Trinity Foundation was established with the objective of raising funds to support the development of Trinity College Dublin. It plays a vital role in ensuring that Trinity College has the financial resources to remain a leading, internationally recognised university. In the year ending 30 September 2010, Trinity Foundation was successful in securing pledges in excess of €14.5 million.

The Board of Trinity Foundation join the Provost, Fellows and Scholars of Trinity College in thanking all supporters of the University and its mission. Significant philanthropic donations, which have been used to support College activities, were received and this funding is a testament both to the quality of the projects and to the generosity of our dedicated supporters.

Special thanks are due to those who donated through the U.K. Trust for Trinity College Dublin, the University of Dublin Fund in the U.S.A. and all alumni who contributed to the Trinity Annual Fund.
