The overall experience of students at Trinity is based on a mixture of the academic programmes, student led activities, and the student services. The role of the Dean of Students is primarily to develop policies and initiatives that integrate the co-curricular and extra-curricular activities with the academic programme in order to provide a well rounded and balanced student experience. Thus the Dean is, inter alia, Chair of the Student Life Committee, one of the main functions of which is to consider how the student experience should develop in the future. Members include representatives of student unions, societies, sports clubs as well the library, academic registry and student services (including in alphabetical order: careers, chaplaincy, counselling, day nursery, disability, health, postgraduate advisory service, sport, student learning development and tutorial services).

CAREERS ADVISORY SERVICE

In 1902 a University Appointments Association was formed to assist students and graduates of the University to obtain appointments and employment at home and abroad.

In 1953 the work was transferred to the Appointments Office, under the control of an executive committee and a full-time appointments staff.

In 1971 the title was changed to Careers and Appointments Service with a further change in title in 1995 to Careers Advisory Service.

The Careers Advisory Service is Trinity College’s central unit with responsibility for assisting students to identify and put into action their career plans using a wide variety of activities, services and resources. Our core function is to provide careers education, information, advice and guidance to students and graduates to enable them to connect with employers or postgraduate programme providers. As an integral part of Trinity Teaching and Learning we continuously strive to enhance the quality and scope of our activities to connect ‘Trinity Talent’ to national and international enterprises. By ensuring that our graduates remain a key resource in attracting and retaining foreign direct investment we contribute to Ireland’s economic and social development.

Our vision is to be the natural choice for careers education, information, advice and guidance and for facilitating student and graduate recruitment to our key stakeholders (students, alumni, employers and academic staff).

This vision is achieved through the provision of specific services including: individual advice, aptitude, personality and interest testing, skills workshops, CV/LinkedIn clinics, practice interviews on video, computerised vocational guidance, the use of social networking tools and the publication of vacancies at the Careers Service website (www.tcd.ie/careers/).

It is important that undergraduates should make contact with the Service early in the first term in their final year in College. Much recruitment of prospective graduates takes place early in the academic year and the closing date for application for some postgraduate awards is as early as November in the year before graduation.

The Service operates all the year round including limited opening during the summer vacation. The pressure on the individual advice service during the period from October to March inclusive is severe so people who make contact outside that period help to reduce waiting times.

Regulations

Any past or present member of the College may register, subject to the following regulations:

1 Individuals must register at the My Career section of the website (www.tcd.ie/careers/).
Student services

There is no registration fee for undergraduates, graduates or postgraduates. However nominal charges may be made for specific services and details of these are available from the receptionist.

CHAPLAINCY

The chaplains are representatives of the main Christian churches in Ireland who work together as a team, sharing both the College Chapel and the Chaplaincy in House 27. The Chaplaincy is a place of welcome and hospitality for all members of the university community. It assists students and staff in any way that they can, always providing a friendly listening ear. To those who seek it, the Chaplaincy offers pastoral guidance and spiritual accompaniment through a programme of faith development, seminars, discussion, prayer groups and pilgrimages organised each term. The Chaplaincy promotes a deeper understanding of Christian faith and spirituality, and promotes compassionate care for all staff and students of all faiths and none.

Traditional worship in various traditions is carried in the chapel on a regular basis, and contemporary worship and discussion events also take place around the campus. Several key ecumenical events take place every year, and the chaplaincy provides a haven for students every day providing free tea, coffee and biscuits – every Tuesday during term there is also a free student lunch.

DAY NURSERY

Established in 1969, the Day Nursery was the first on-site workplace nursery in Ireland. It is a recognised College service, catering for the children of College students and staff. It takes care of children from 3 months to 4½ years of age in five rooms.

The fees for the Day Nursery are €145 per week for students and €223 per week for staff. There is also a sibling rate for two children, €262.50 for students and €404 for staff.

Funding Programmes a parent might qualify for

1. ECCE – Early Childhood Care and Education scheme, also known as the free preschool year. The parent is entitled to 38 weeks of part-time childcare for free, usually 3.5 hours a day. In the Day Nursery, as it is generally a full time service, we apply a €62.50 reduction in fees for 38 pre-approved weeks. This results in the student paying €82.50 per week for 38 weeks and €145 per week for the remaining weeks. For staff this is €160.50 for 38 weeks, for the remaining weeks the fee is €223 per week. For more information follow this link: http://www.dcury.gov.ie/viewdoc.asp?fn=%2Fdocuments%2FECCE-Scheme%2FIntro.htm&mn=chit&nID=2.

2. CCS – Community Childcare Subvention scheme. This funding is based on the social welfare benefits that the parent/parents are in receipt of. Depending on the band they fall under a parent can receive €50 reduction in the weekly fee over the space of 51 weeks or parents can receive €95 reduction in their childcare fees over the space of 51 weeks. Normally student parents are the main benefactor to this funding as staff parents do not receive enough of the social welfare benefits. See: http://www.dcury.gov.ie/viewdoc.asp?fn=%2Fdocuments%2Fchildcare%2FFCCSDocsJune2012%2FCCSMainPage.htm&mn=chit&nID=3.

3. CETS – Childcare Education and Training Support. This scheme is available to those who are engaged in FAS or VEC training programmes. Parents who qualify for this funding are eligible to a reduction of €145 per week. Further information is available at the following link http://www.dcury.gov.ie/viewdoc.asp?fn=/documents/ecce-scheme/20140903guidetoTECProg.htm#6.

The Day Nursery is situated in House 49/50, basement level. Further information can be obtained from the Manager (tel. 896 2277).

DISABILITY SERVICE

The Disability Service was formally established in 2000. It provides supports and services to College students and staff with disabilities. The ethos of the Disability Service is to move from a transactional model of provision - where students are passive recipients of supports - to a transformational model of resource usage, where students take an active part in planning their educational journey.
Student services

Students with a disability are encouraged to register with the Disability Service to seek supports where the disability could affect their ability to participate fully in all aspects of the course, including clinical and professional placements.

College is committed to a policy of equal opportunity in education and to ensuring that students with a disability have as complete and equitable access to all facets of College life as can reasonably be provided. College has adopted a code of practice which is applicable to all students with disabilities studying in College. This is in accordance with the Disability Act 2005, the Equal Status Act, 2000 (as amended) and the Universities Act, 1997.

The Disability Service is available throughout the year to all registered students of the College, Monday through Friday.

HEALTH SERVICE

The Health Service is available to all registered students throughout the year, Monday to Friday. Sessions, attended by one of the medical officers, are held daily and appointments should be made with the secretary on 01 896 1591/1556. The psychiatrist is also in attendance for a number of sessions each week and will see students referred by one of the medical officers or student counsellors. The physiotherapist is in attendance throughout the year in the Physiotherapy Department, situated beside the Health Service on the ground floor of House 52.

Overseas students

All U.K. and E.U. students who are entitled to health benefits under E.U. legislation are requested to present their National Health Service card or European Health card on each visit to the Health Service. Overseas students not eligible for health benefits under E.U. regulations are required to take out private medical insurance in order to cover medical costs which they may incur during their period of study here.

POSTGRADUATE ADVISORY SERVICE

The Postgraduate Advisory Service is a unique and confidential service available to all registered postgraduate students at Trinity College Dublin. It offers a comprehensive range of academic, pastoral, and professional supports dedicated to enhancing the student experience. Confidential meetings with the dedicated student support officer are available by appointment.

The postgraduate student support officer provides ‘frontline’ support for all postgraduate students at Trinity College Dublin. S/he acts as a first point of contact and a source of support and guidance, both on arrival in College and during the student’s stay. The service provides support in supervision, appeals, discipline, withdrawals, and financial assistance.

In addition to the dedicated postgraduate student support officer, each faculty has three members of their academic staff, with substantive experience of research supervision, designated to provide local support to the postgraduate students for whom the faculty is responsible.

TRINITY STUDENT COUNSELLING, LEARNING DEVELOPMENT AND STUDENT 2 STUDENT SERVICES

The purpose of the Trinity Student Counselling, Learning Development and Student 2 Student Services, is to empower students to develop personal, interpersonal and academic skills necessary for University and life after graduation. The services work together and collaborate with other schools and services in support of the University’s strategic plan, to assist students in their transitions, progression and development of graduate skills and attributes, to enhance their Trinity experience.

STUDENT COUNSELLING SERVICE

The Counselling Service works proactively and collaboratively within the University to promote positive student mental health, wellbeing and resilience, supporting students with their academic, personal and continuing professional development.

The Counselling Service is available throughout the year, free of charge to all registered students of the College. The service aims to provide an initial assessment appointment within two weeks of request. Students are then referred depending on need to one or more of the following options: wellbeing workshops and outreach activities, online programmes, mindfulness training, therapeutic groups, confidential professional counselling, or referred to an appropriate external agency. Emergency or crisis intervention appointments are provided on a daily basis. Counselling appointments are normally limited to eight sessions per academic year and can be made by calling in person or by telephoning (01) 896 1407. Opening hours are 9am–5.30pm except Fridays when the service closes at 5pm, and Tuesdays and Wednesdays when it is open during term time until 8pm. The service also operates in Trinity Hall during term time. The service is staffed by professional accredited counselling or clinical psychologists and psychotherapists, interns, assistant psychologists and trainees who adhere to a code of ethics and confidentiality.

Consultation, advice and training is provided for tutors, wardens and other members of staff to assist and support them in their role of caring for students. Additional training may be organised for schools or services on request.

The provision of services is governed by available resources as well as regulations and policies, including the director’s obligations concerning the exclusion of students. The service operates in adherence with a code of professional ethics.

STUDENT LEARNING DEVELOPMENT

Student Learning Development enables undergraduate and postgraduate students to develop study skills necessary to ensure successful transition, progression and career readiness. Workshops and events are delivered on a range of academic skills throughout the year, including self-management skills, study and exam skills, effective presentations, academic writing, critical thinking, successful group work and viva preparation. Generic and tailored workshops are

provided and available to schools on request. Drop-in clinics and one to one appointments are also available to students, along with online study skills resources accessible via Blackboard.

Student Learning Development comprises staff with specialisms in educational and occupational psychology, occupational therapy and IT in education. They are supported by a volunteer cohort of retired senior academics and collaborate with student services, academic departments and other University services, such as the Library and Careers Advisory Service.

STUDENT 2 STUDENT

Student 2 Student (S2S) is a student-led initiative designed to facilitate student engagement, transition and progression. It offers trained student mentors to every incoming undergraduate and visiting student at orientation, in groups who continue to support them throughout the year.

S2S also delivers the Peer Support programme – skilled one-to-one listening and support for all undergraduate and postgraduate students in Trinity College, available on request.

Approximately eight hundred S2S volunteers are trained and supported in their roles annually by staff in the S2S office, and have the option of becoming members of the S2S society. They are given further opportunities to engage in leadership and decision-making roles, facilitating the enhancement of their graduate attributes and career-ready skills. The S2S staff have a combined experience of over twenty five years in volunteer training, peer-engagement, community development and active listening and support work.

Along with Student Counselling and Student Learning Development, S2S collaborates closely with the Transition to Trinity Officer, the Senior Tutor’s Office and the Students’ and Graduate Students’ Unions to enhance Trinity’s student experience and to develop an inclusive campus community.

TUTORIAL SERVICE

The tutorial system in Trinity is one of the oldest structures of student support in College dating from the very beginning of the College. On entry, an undergraduate student is placed in a ‘chamber’ under the care and responsibility of a voluntary member of the academic staff, called the tutor. The tutor offers a confidential, personal relationship to advise and guide on academic progress and personal growth and also acts, as appropriate, as an advocate for the student in certain matters pertaining to College regulations and decisions. In addition, the tutor is often a useful gateway to a range of student services in College, such as counselling, the health centre, the disability service, careers office, student learning and development, and financial aid. Students will find the name and contact details of their tutor on the student web portal.
