#childart4health Artist Coordinator

Brief

The Trinity College Dublin Students Union in partnership with Healthy Trinity and Trinity College Day Nursery are seeking applications from visual artists with project management experience to oversee the implementation of the #childart4health project. The aim of #childart4health is to create a child centered, engaging environment that promotes healthy behaviours, both physical and mental while also increasing awareness of diversity in Trinity.

Job Spec

The role of the project facilitator will be to:

- Develop themes under which art can be created by consulting with Trinity College students and staff, parents, children and other relevant stake holders.
- Submit a written proposal based on the consultations above with ideas for art that could be installed in the area. All proposed installations must be approved by the #childart4health Committee and other Trinity stakeholders e.g. the Grounds and Gardens Committee
- Managing the implementation of ideas, obtaining materials & overseeing installation.

Profile of the Project Facilitator

- Visual arts project management experience is essential.
- Experience of working within the early years education is desirable.

Structure and Time Frame

- Closing date for application is the 15th of November 2016.
- Start date of project 28th of November 2016 with a view for completion March 2017.

Fees & cost

- The successful applicant will receive a fee of €2200 for their time to cover costs of meetings, facilitating groups, sourcing materials and installing art work.
- Funding of approximately €1500 will be made available to cover the materials and installation.
- The funding for this project has been made available through Trinity College DublinStudents Union.

How to apply

- Please send a current CV, expression of interest letter any links to relevant projects including documentation of such works to the attention of Carly Bailey studentparents@tcdsu.org
- For further information on the project please see http://www.tcd.ie/collegehealth/promotion/smoking/ArtForHealth.php
