PROVOST..........................

DATE..........................
1. Introduction

The Trust Funds (Benefactions) are permanent funds that provide financial support to specific College activities in perpetuity and, in many cases, the activity relies on the Trust Funds as the only source of perpetual financial support. The permanent nature of the Trust Funds creates the financial challenge of preserving the purchasing power of the Fund’s assets against inflation thus ensuring that the assets continue to support the same set of activities for future generations.

The contribution made by the Trust Funds to College continues to be a significant source of income to College as the level of State funding deteriorates further. In the year ended 30 June 2013 the Trust Funds contributed €3.5m to College activities.

2. Policy for Transfers from the Trust Funds

Historically, the sale of capital units or the winding down of individual Funds was approved by Finance Committee as a response to funding a deficit in a College account. The purpose of this document is to set out policies to manage the transfers from the Trust Funds (Minute IC/12-13/11 of 7 May 2013 refers).

Finance Committee is asked to consider the following principal and recommendations with regard to transfers from the Trust Fund to College:

**Principal** For existing Funds, and unless otherwise stated, capital units shall not be sold in the Trust Funds to transfer funding to College.

**Reason** The sale of capital units reduces the annual income earned by the Fund which, in turn, undermines the ability of the Fund to support the activities it was set up to support.

**Approval** Any proposed sale of capital units must have the sign-off of the relevant Dean/Chief Officer and the Provost.

**Exception** Faculty Endowment Funds were initially set up in October 2009 on the basis that transfers to the Trust Funds could be recalled in the short term if funds are required in the School. It is proposed that such sale of units can proceed once signed off by the Faculty Dean.
New Funds  It is proposed that the above principal will form part of the terms and conditions for new Funds that are established going forward.

3. Next Steps

Finance Committee is asked to consider and approve the above policy and recommendations for the management of transfers of capital units from the Trust Funds to College going forward.

Tagairt | Ref: Proposed amendment to Trust Funds Financial Year End and name change

The Financial Resources Manager and I met with Anne Corrigan (Arthur Cox) on 25th October to discuss two proposed amendments to the Trust Funds Common Investment Scheme to reflect the following:

1. **Name Change**
   The Scheme has been known up to now as the Trust Funds (Benefactions) but the College as trustee considers that it would be beneficial if this name could be modernised and updated to the Trinity Endowment Fund.

2. **Financial Year End**
   The financial year end of the Funds is 30th June and it is proposed to amend the year end to 30th September in line with the College’s year end. This will also facilitate the consolidation of the Trust Fund’s financial statements with College as agreed with the C&AG from 2012/13.

I attach here the following documents for the Committee’s information:-

1. Draft letter from Anne Corrigan to the Charities Commission seeking an amendment to the Scheme rules for the above proposals
2. Draft Supplemental Order to be sealed by the Charities Commission following approval of the changes

The Finance Committee is asked to approve the proposed amendments which will now be sent to Board before the final documents are sent to the Charities Commission.

Re: Trinity Endowment Fund
   Amendments to Common Investment Scheme

Dear Orla,

I refer to our telephone conversation on [November].

As explained, we act on behalf of Trinity College, which acts as trustee of a large number of charitable trusts conferring various gifts and benefactions on the College. The Commissioners of Charitable Donations & Bequests (the “Commissioners”) made an Order dated 15th September 1970 (as amended by supplemental orders dated 19th January 1988 and 14th October 2003) establishing a common investment scheme (the “Scheme”) under the provisions of section 46 of the Charities Act 1961. I attach a copy of the Scheme rules (as amended) for ease of reference.

The Scheme enabled the College as the common trustee of all of these separate charitable trusts to pool the funds of those trusts for investment purposes. The College could, with the consent of the Commissioners, allow future benefactions of which it was a trustee to participate in the Scheme. Similarly trust funds for the benefit of the College administered by trustees other than the College itself could participate in the Scheme if the trustees transferred the funds comprised in such trust to the College for investment in accordance with the terms of the Scheme, again provided the prior consent of the Commissioners is obtained.

The Scheme has been known up to now as the Trust Funds (Benefactions) but the College as trustee considers that it would be beneficial if this name could be modernised and updated to the Trinity Endowment Fund. This would be particularly helpful in the context of possible future gifts to the College which could participate in this Scheme as donors, particularly those based overseas, would be more comfortable with this terminology.

In addition, as the financial year end of the College is 30th September, it would be preferable if the financial year end of the Scheme was also changed to 30th September from the current date of 30th June, as this will facilitate the drawing up of accounts in tandem with those being prepared for the College. It will also ease administrative compliance in terms of information returns required by the Auditor & Comptroller-General.
I attach a draft supplemental Order making an amendment the Scheme rules to deal with these two matters. I would be grateful if you could confirm if this is likely to be acceptable to the Commissioners. I can provide you with engrossments in duplicate if so.

Please be sure to contact me if you have any questions.

Kind regards

Yours sincerely
