Vacancy

POSITION : Support Scientist (Sales) – with international travel opportunities

BACKGROUND: Red Box Direct is a company that supplies high-tech instrumentation to life science researchers based in industrial and academic labs. Our products are manufactured by a variety of leading edge companies which include Cell MicroControls, eDAQ, Eicom and Stoelting Co. Recent growth means we want to make an addition to our team.

CORE ACTIVITIES: Based in our offices in Rathmines, Dublin 6 you will generate customer quotes, respond to customer support queries and help with order shipments. You will also travel internationally to meet customers in order to demonstrate and provide support for a subset of our product range. You will have to exhibit our products at academic meetings and so will need to quickly develop a technical understanding of our product range. You will be expected to carry out numerous duties to help support the sales goals and logistical requirements of the business unit.

GOAL: To grow sales of our product-lines, provide scientific support to our customers and support the day to day running of the business.

REQUIRED SKILLS: You will have a third level qualification in a life science discipline in which knowledge of analytical biochemistry, neuroscience and/or physiology is preferable. You will have a general interest in technology, be presentable, hard-working, self-motivated, have a sociable nature and possess a full driving license.

SALARY: Salary is in the region of EUR 26,000 to EUR 34,000, negotiable based on experience and qualifications, with an additional bonus scheme based on performance
