4. Interest and Suitability

Arts, Science and Inclusive Applied Practice is a course for people with intellectual disabilities.

Why are you interested in studying this course?

I really like learning about lots of different things. I love art and science and I want to learn more about them. I want to go to college like my brothers. I want to learn how to be independent.

Why do you think you are suitable for this course?

I work really hard in school and I always do my homework and study. I am good at listening and I try my best in school. I need help with some things but I can do lots of things on my own.

How has your disability affected your learning?

I takes me longer than my friends to learn new things. Sometimes I can't concentrate and I day dream. I am slower than my friends at reading and writing.

What strategies do you use to help you learn?

My teachers give me notes in my classes so I can concentrate on listening instead of writing. I use lots of pictures and diagrams when I study.

What do you think your biggest strengths are?

I am good at my school work.

I can type and look things up on the internet.

I am friendly and a good friend.

What things would you like to better at?

I would like to be better at talking to new people and public speaking.

I would like to be more organised.

6. Referees
