DEPARTMENT OF CLINICAL SPEECH AND LANGUAGE STUDIES

**The Effects and Management of Right Hemisphere Stroke**

Dr. Kate Mackenzie, Emeritus Professor, School of Psychological Sciences and Health, University of Strathclyde, Glasgow

**Date:** 5th March 2015

**Time:** 10:00-16:00

**Cost:** €50.00

**Venue:** Room 103/104, Department of Clinical Speech and Language Studies, 7-9 South Leinster Street, Dublin 2

The topic of this CPD course is the effects and management of right hemisphere stroke. We will examine a) the communication presentation in the context of other impairments and limitations which are associated with right hemisphere stroke and b) current approaches to the speech and language therapist's assessment and intervention.
