MSc in Diagnostic Radiography New Intake Application Checklist

Please read the full document.

All applicants must submit the following to be considered:

I. A copy of your CV.

II. Two formal academic references. Academic references must be submitted by someone who taught you at a third level institution. The reference must be sent from a third level institution email address. Additional professional references may be submitted however these may not replace one of your academic references.

III. A copy of you full, official academic transcripts. If the applicant is in the process of completing a degree programme, please provide academic transcripts for completed years and semesters/terms. Final transcripts should be submitted as they become available. If an applicant has completed multiple degrees, official academic transcripts should be provided for each.

IV. A copy of your degree parchment. If the applicant has completed multiple degrees, a degree parchment should be provided for each. If the applicant has yet to attend their conferring/receive their degree parchment this item may remain pending.

Note: In relation to the above, the degree must be science or healthcare related and have been awarded at a minimum 2.1 level. In exceptional circumstances, graduates from other disciplines or lower levels may be considered based on workplace experience.

- Personal statements are encouraged but not required.

- Please name all uploaded documents appropriately e.g. Applicant Name CV, Applicant Name Academic Transcripts etc

- Please be aware that this course is for those looking to qualify and practice as Diagnostic Radiographers. As such, those that already hold qualifications in Diagnostic Radiography/Medical Imaging, Medicine or Dentistry will not be considered.

- Please read the full TCD English Language Requirements page and submit documents as required: https://www.tcd.ie/study/english-language-requirements/
