

The weekly newsletter from the Botany Department at Trinity College Dublin

News & Presentations

- The EPA funded project “**Soil Organic Carbon and Land Use Mapping (SOLUM)**” started this month, led by **Matt Saunders**, **Mike Williams** and **Jesko Zimmerman** (TCD) with partners in Teagasc and FERS Ltd.
- **Matt Saunders** gave an invited seminar at NUIG on the Botany Plant Science seminar series entitled “The tale of many towers: Ecophysiological insights into plant gas exchange at the ecosystem scale”.
- **Sarah Gabel** attended a training at the Cyprus University of Technology last week, learning identification and collection methods of European bees. The training was funded by the COST action **SUPER-B**, and participants included undergrads, postgrads, and postdocs conducting research all across Europe.

PHYTOBYTES needs your input, yes you!

Whether you are student or staff, please send any news you have, big or small, to Anne (dubearna@tcd.ie) with the subject heading Phytobytes. Let's share the latest news and always be aware of what is happening at Botany!
