Congratulations to **Andrew Neill**, a Senior Sophister Plant Sciences student who has published a paper in the 2017 edition of the *Trinity Student Scientific Review* entitled “Resurrection plants: The evolution of desiccation tolerance and potential crop improvement”. This paper also won the Best Overall review for 2017.

Campus Pollinator Plan

Just a reminder that the **Trinity Campus Pollinator Plan** will be launched on **Tuesday 11th April** in Regent House, from **1-2 pm**, as part of Trinity Week. The event will be launched by Provost **Patrick Prendergast**, followed by short presentations by members of the School of Natural Sciences, National Biodiversity Data Centre, Library, Estates and Facilities, Zoological Society and Environment Committee Trinity Hall. You are all warmly invited.

For a more detailed program of the event, head to **Campus Buzz!** This blog is a great source of information about pollination in Ireland, and will feature updates from our campus beekeepers, our pollinator research here at TCD and guest submissions from our pollinator colleagues around Ireland and overseas.

You can also follow Campus Buzz on twitter to get the latest news: [@CampusBuzzTCD](https://twitter.com/CampusBuzzTCD).

PHYTOBYTES needs your input, yes you!

Whether you are student or staff, please send any news you have, big or small, to Anne (dubearna@tcd.ie) with the subject heading Phytobytes. Let's share the latest news and always be aware of what is happening at Botany!
