## A Note on this Handbook

In the event of any conflict or inconsistency between the General Regulations published in the [University Calendar](#) and information contained in programme or local handbooks, the provisions of the General Regulations in the Calendar will prevail.

Alternative formats of the Handbook can be made available on request.

## Section 1 – General College Information

### University Regulations

Please reference the links below for College regulations, policies and procedures:

- Academic Policies - <http://www.tcd.ie/teaching-learning/academic-policies/>
- Student Complaints Procedure - [https://www.tcd.ie/about/policies/160722\\_Student%20Complaints%20Procedure\\_PUB.pdf](https://www.tcd.ie/about/policies/160722_Student%20Complaints%20Procedure_PUB.pdf)
- Dignity and Respect Policy - <https://www.tcd.ie/equality/policy/dignity-and-respect-policy/>

### Student Services and Support

The Programme Administrator is your first port of call of all general queries. College also provides a range of administrative, academic and wellbeing supports and services to help smooth your route through college, these include the College Tutorial Service, Student-2-Student, College Health, the Disability Service and a range of other activities. You can find further information at the links below:

- Careers Advisory Service – <http://www.tcd.ie/Careers/>
- Graduate Studies Office – <http://www.tcd.ie/graduatestudies/>
- Mature Student Office – <http://www.tcd.ie/maturestudents/>
- Student Services Website and Information booklet – <https://www.tcd.ie/corporate-services/structure/student-services/> , [Services Booklet \(web version\).pdf](#)
- Senior Tutor and Tutorial Service -- <https://www.tcd.ie/seniortutor/>
- Trinity Disability Service -- <http://www.tcd.ie/disability/>

### Tutors

All undergraduate students are assigned a tutor when they are admitted to College. Your tutor, who is a member of the teaching staff, will give confidential advice on courses, discipline, examinations, fees, and other matters and will represent you before the College authorities should the need arise.

For more information, please see [https://www.tcd.ie/Senior\\_Tutor/faq/](https://www.tcd.ie/Senior_Tutor/faq/)

### Student 2 Student

From the moment that you arrive in College, right the way to your end of exams, Student 2 Student (S2S) is here to make sure that your first year is fun, engaging and a great foundation for the rest of your time in Trinity. You will meet S2S mentors in Freshers' Week. They will keep in regular touch with you throughout your first year and

invite you to events. They will also provide useful information about your course and what to look out for. Mentors are students who have been through the first year and know exactly what it feels like, so you never have to worry about asking them a question or talking to them about anything that is worrying you.

S2S also offers trained Peer Supporters if you want to talk confidentially to another student, or just to meet a friendly face for coffee and a chat. S2S is supported by the Senior Tutor's Office and the Student Counselling Service. See <http://student2student.tcd.ie>; email: [student2student@tcd.ie](mailto:student2student@tcd.ie); telephone: (+353) 085 7833 548.

### Support Provision for Students with Disabilities

Trinity has adopted a [Reasonable Accommodation Policy](#) that outlines how supports are implemented in Trinity. Student seeking reasonable accommodation whilst studying in Trinity must [apply for reasonable accommodations](#) with the Disability Service in their student portal my.tcd.ie. Based on appropriate [evidence of a disability](#) and information obtained from the student on the impact of their disability and their academic course requirements, the Disability Staff member will identify supports designed to meet the student's disability support needs. Following the [Needs Assessment](#), the student's Disability Officer prepares an individual [Learning Educational Needs Summary \(LENS\)](#) detailing the Reasonable Accommodations to be implemented. The information outlined in the LENS is communicated to the relevant School via the student record in SITS.

### Examination accommodations and deadlines

Students should make requests as early as possible in the academic year. To ensure the Assessment, Progression and Graduation Team can set your accommodations for examination purposes the following deadlines are applied:

- Semester 1 assessments and Foundation Scholarship assessments: the last Friday of October annually.
- Semester 2 assessments: the last Friday of February annually.
- Reassessments: the last Friday of June annually.

### Co-curricular Activities

#### [TCD Sports Clubs](#)

College has 49 sports clubs in a range of disciplines, from Basketball to Archery, you can find information on all of the clubs on the Trinity Sport website, here: <https://www.tcd.ie/Sport/student-sport/clubs/>

### TCD Societies

College offers over 100 societies across the University. From arts, culture, politics and debating to gaming, advocacy and music, you're sure to find your niche. You can find a list of all of the societies here: <http://trinitysocieties.ie/>

## Student Union – TCDSU

The Trinity College Students Union is a union for students, by students. They represent the undergraduate student body at College level. You can find information about the union, and how to get involved, on their website, here: <https://www.tcdsu.org/> and can find information on the student representation structures here: <https://www.tcdsu.org/your-union/our-structure>

## Emergency Procedure

In the event of an emergency, dial Security Services on extension 1999. Security Services provide a 24-hour service to the college community, 365 days a year. They are the liaison to the Fire, Garda and Ambulance services and all staff and students are advised to always telephone extension 1999 (+353 1 896 1999) in case of an emergency. Should you require any emergency or rescue services on campus, you must contact Security Services. This includes chemical spills, personal injury or first aid assistance. It is recommended that all students save at least one emergency contact in their phone under ICE (In Case of Emergency).

## Data Protection

Please note that due to data protection requirements, Staff in the School of Social Sciences and Philosophy cannot discuss individual students with parents/guardians or other family members.

As the University considers students, even if they are not yet 18, to have the maturity to give consent for the use of their data, in normal circumstances, the University will not disclose personal data to the parents, guardians or other representatives of a student without the student's consent. The University's preference is to receive written consent by way of email from the student where possible. Without such consent the University will not release any details regarding students including details of their registration, attendance, results, fee payments etc.

Trinity College Dublin uses personal data relating to students for a variety of purposes. We are careful to comply with our obligations under data protection laws, you can find further information on how we obtain, use and disclose student data here: [https://www.tcd.ie/info\\_compliance/data-protection/student-data/](https://www.tcd.ie/info_compliance/data-protection/student-data/)

## Careers Information & Events

What do you want to do? How will you get there? We are here to support you in answering these and other questions about your career.

### Senior Fresh Students

**Get Involved:** Remember that your course of study, extra- curricular activities, voluntary and part-time work all provide opportunities for developing skills and gaining an insight into your career preferences. In your Senior Fresh year, look out for short- term internship opportunities.

**MyCareer:** Log in to MyCareer to keep abreast of jobs, study and careers events of interest to you.

### Junior Sophisters

**Attend class seminar:** Typically this takes place in Hilary term and includes information on applying for work experience and internships and postgraduate study.

**Get work experience:** The programme of summer work experience and internships is particularly relevant to Junior Sophisters. Personalise your MyCareer profile to receive email alerts tailored to your preferences.

**MyCareer:** Log in to MyCareer to keep abreast of jobs, study and careers events of interest to you.

### Senior Sophisters

**Meet Employers and/or Explore Further Study:** You may have decided to seek employment directly after graduation and many employers visit Dublin to actively seek out talented graduates. For others, further study may be their preferred option. Your MyCareer dashboard will keep you informed.

**Find Jobs:** Personalise your MyCareer profile to receive email alerts tailored to your interests.

**Attend class seminar:** Typically this takes place in Michaelmas term and includes information on applying for postgraduate study and jobs.

**GradLink Mentoring:** An opportunity to get advice and support from a Trinity graduate.

**Drop-In CV/LinkedIn Clinics:** We also provide support at a practical level, helping you to improve your applications, which will benefit you in securing your future, whether in employment or further study.

**Practice Interviews:** A practice interview tailored to the job/course of your choice with practical feedback.

**MyCareer:** Log in to MyCareer to keep abreast of jobs, study careers events of interest to you.

An online service that you can use to:

- Apply for opportunities which match your preferences - vacancies including research options
- Search opportunities- postgraduate courses and funding
- View and book onto employer and CAS events
- Submit your career queries to the CAS team
- Book an appointment with your Careers Consultant

Simply login to MyCareer using your Trinity username and password and personalize your profile.

## Section 2 – General Programme Information

### Welcome from the Programme Director

Dear Student,

I am delighted to welcome you to the Joint Honours programme, and I hope that you are enjoying Freshers' Week.

I am sure you will find Trinity is an excellent environment in which to study, affording you also the chance to participate in many societies and sports. The Joint Honours programme combines the study of two disciplines, offering students a multitude of degree options across college. While mastering two subjects can at times be challenging, it is ultimately highly rewarding.

The Programme Handbook is a great source of information. It contains all the information you need about programme structure, module options, and college regulations. Your individual timetable, containing both your lecture and tutorial group information, will be available to you via your online student portal at [my.tcd.ie](https://my.tcd.ie) when you complete your programme registration.

I wish you every success with your studies and your time here in Trinity, and I look forward to meeting you at the orientation meeting during Freshers' Week.

With best wishes,

Paul Scanlon

Programme Coordinator, Joint Honours Economics

August 2023

## Welcome from the Programme Administrator

Welcome to a new Academic year.

My name is Alejandra Lucas Álvarez and I am the programme administrator for all students registered on the Joint Honours Economics programme. If you have any Economics related administrative queries, you can email me at [econsec@tcd.ie](mailto:econsec@tcd.ie) or drop into the office (room 3014, Arts Building). Office hours can be found on our [website](#) . The office is open Monday to Friday.

Your individual timetable, containing both your lecture and tutorial group information, will be available to you via your online student portal at [my.tcd.ie](http://my.tcd.ie) when you complete your programme registration.

Please ensure you regularly check your Trinity email account as I will use this for all administrative correspondence relating to your Economics modules. In the meantime, enjoy the start of term and please do make contact if you have any queries.

Best wishes,

Alejandra Lucas Álvarez

Administrator, Joint Honours Economics  
August 2023

## Programme Governance

Joint Honours (JH) is a cross-faculty course. Within Economics, the Joint Honours programme is governed by the School of Social Sciences and Philosophy Undergraduate Teaching and Learning Committee. Membership of this committee includes the Economics JH Programme Coordinator, the Director of Undergraduate Teaching and Learning, an academic representative from each of the four constituent disciplines within the School, and a student representative.

## Compressed teaching for JF

Due to the later release of Leaving Certificate results in 2023, Junior Freshman students will have a compressed teaching year. As outlined above, orientation for incoming students will be in the week beginning September 18<sup>th</sup>, and teaching will start on September 25<sup>th</sup>.

## Module Registration and Timetable

### Module Registration

It is your responsibility to ensure that you:

- take modules amounting to 60 ECTS during an academic year;
- that your selected modules meet the programme requirements;
- and that you meet the prerequisites for your chosen modules.

This handbook outlines your module requirements for each year and gives details of module prerequisites and programme requirements. Some of your modules may be core (you have to take them) and others are optional/approved. Bear in mind that lecturers will not be able to make special arrangements for you if you turn up to lectures for the first time in week two: if you have doubts, attend all modules you are thinking about for the first week.

Module choices will be made online and you will receive instructions on your portal. It is vital that you register correctly for your modules so that you will be included on examination lists. You should note that module changes will be subject to availability of places and timetable constraints. You must be aware that if you have a timetable clash, you may not be able to take your preferred module choice.

Students in Years 1, 2 and 3 of Joint Honours Economics will be invited during the Trinity term to register their preferences for Years 2, 3 and 4 of their course, including Trinity Electives and Open Modules if applicable.

Students will be advised of how they will do this and where they will find relevant module information several weeks before they are invited to register. Timetabling may restrict the availability of modules to individual students.

### Lecture Timetable

Lecture Timetables are published to student portals my.tcd.ie at least one week before the beginning of the academic year. Once a student is registered, they can view their timetable on their student portal. The onus is on students to check their timetable at regular intervals to identify any changes to venues or lecture times. It is imperative that students, at the beginning of the Academic year, check for any clashing of modules that may be occurring. Please make contact with your [programme administrator](#) if you have any clashes.

## Key Locations

### Office

The Economics Department is based in Room 3014, which is located on the third floor of the Arts Building.

### Email

All official email correspondence will be sent to TCD email addresses only. You should check your email on a regular basis. When emailing the Administration or Academic Registry students should **include their TCD Student ID Number at all times**.

### Blackboard

Blackboard is the College online learning environment, where lecturers will give access to material like lecture notes and discussion forums. The use of Blackboard varies from module to module and individual lecturers will speak to you about the requirements for their module.

In order to access a module on Blackboard you should be registered to the module by your programme administrator.

Blackboard can be accessed via <https://tcd.blackboard.com/webapps/login/>

### Student Portal

My.tcd.ie allows students to view their own central student record containing all relevant information related to the course for which you are registered. To access the system you will need your College username and network password.

If your personal student information is incorrect, you should contact the Academic Registry (via email – [academic.registry@tcd.ie](mailto:academic.registry@tcd.ie)) stating your full name and student ID number. If your timetable module list is incorrect then you should notify the Programme Administrator.

## Section 3 – Teaching and Learning

### Programme Architecture

Taking Economics as a Joint Honours student means that you study Economics as well as one other subject. Economics can be combined with Computer Science, Geography, History, Mathematics, Sociology, Social Policy, Philosophy, and a Modern Language. The full official Joint Honours Regulations on examinations and progression are available in the [College Calendar](#).

### Economics Degree Options in Joint Honours:

There are a number of pathways available to those pursuing a Joint Honours degree:

- Single Honours Award in Economics
- Major Award in Economics
- Joint Honours Award
- Minor Award in Economics

The table below shows economics ECTS requirements for each pathway:

Year	Single Honours	Major Award				Joint Honours	Minor Award	
1	30 ECTS	30 ECTS				30 ECTS	30 ECTS	
2	40 ECTS	40 ECTS		20 ECTS		20 ECTS	20 ECTS	
3	50 ECTS	Major A 40 ECTS	Major B 30 ECTS	Major A 40 ECTS	Major B 30 ECTS	30 ECTS	30 ECTS	20 ECTS
4	60 ECTS (incl. Capstone)	40 ECTS (incl. Capstone)	60 ECTS (incl. Capstone)	40 ECTS (incl. Capstone)	60 ECTS (incl. Capstone)	20 ECTS + Capstone	0 ECTS	20 ECTS

For example, a student seeking a Major Award in economics must take the following sequence. In the Junior Fresh year, the student takes 30 ECTS economics modules. In the Senior Fresh year, the student has two options: pursue either 40 ECTS economics modules or 20 ECTS economics modules. In both cases, the student can do either 40 or 30 ECTS economics modules in their Junior Sophister year. A student taking the former option (i.e., 40 ECTS) must take 40 ECTS again in the Senior Sophister year. This is referred to as the Major A pathway.

However, a student taking the latter option (i.e., 30 ECTS) must take 60 ECTS economics modules in their final year; i.e., they focus only on economics. This is referred to as the Major B pathway.

Note that those students pursuing Single Honours in Economics take 40 ECTS economics in their Senior Fresh year, while the remaining 20 ECTS comes from Trinity electives and open

modules. Those pursuing Joint Honours take 20 ECTS economics, 20 ECTS in their second subject and a further 20 ECTS from Trinity electives and open modules.

Students choose their degree pathway by the end of the Senior Fresh year. Students following the Single Honours pathway choose the subject that will be taken in the Senior Sophister year not later than the last day of Semester 1 teaching term in the Junior Sophister year. However, students intending to specialise in Economics in their Senior Sophister year should be aware of the requirement to take certain modules in their Junior Sophister year. Most importantly, if you wish to do a Capstone in Economics, you are required to take Econometrics in your Junior Sophister year.

Degree results are based on examinations taken in the Junior Sophister (third) and Senior Sophister (fourth) years according to a 30/70 breakdown.

Economics teaching in the Fresh (first two) years emphasises the understanding of the basic principles of economics and the acquisition of the quantitative and analytical skills necessary for more in-depth study. The student will also receive instruction on how the modern economy works both from an Irish and a global perspective. In the Sophister (third and fourth) years, there are few compulsory modules. Students are therefore able to construct their own programme from a wide range of options.

**Degree Title:** The course leads to a Bachelor of Arts (Joint Honours, B.A. with honours). Both Joint Honours subjects are named in the degree title.

### European Credit Transfer Systems (ECTS)

The European Credit Transfer and Accumulation System (ECTS) is an academic credit system based on the estimated student workload required to achieve the objectives of a module or programme of study. It is designed to enable academic recognition for periods of study, to facilitate student mobility and credit accumulation and transfer. The ECTS is the recommended credit system for higher education in Ireland and across the European Higher Education Area. The ECTS weighting for a module is a measure of the student input or workload required for that module, based on factors such as the number of contact hours, the number and length of written or verbally presented assessment exercises, class preparation and private study time, laboratory classes, examinations, clinical attendance, professional training placements, and so on as appropriate. There is no intrinsic relationship between the credit volume of a module and its level of difficulty. The European norm for fulltime study over one academic year is 60 credits. 1 credit represents 20-25 hours estimated student input, so a 10-credit module will be designed to require 200-250 hours of student input including class contact time, assessments and examinations. ECTS credits are awarded to a student only upon successful completion of the programme year. Progression from one year to the next is determined by the programme regulations. Students who fail a year of their programme will not obtain credit for that year even if they have passed certain component. Exceptions to this rule are one-year and part-year visiting students, who are awarded credit for individual modules successfully completed.

## Programme Structure and Workload

### Junior Fresh (First) Year

Students must take modules equivalent to 30 ECTS.

Students (with the exception of Economics/ Mathematics) must take the following modules (worth 20 ECTS credits):

#### **Semester 1**

Code	Mandatory Modules (10 ECTS)	ECTS
ECU11011	<a href="#">Introduction to Economics A</a>	5
ECU11021	<a href="#">Mathematics and Statistics A</a>	5

#### **Semester 2**

Code	Mandatory Modules (10 ECTS)	ECTS
ECU11012	<a href="#">Introduction to Economics B</a>	5
ECU11022	<a href="#">Mathematics and Statistics B</a>	5

### **Economics/Mathematics**

Economics/Mathematics students must take the following modules (worth 20 ECTS credits):

#### **Semester 1**

Code	Mandatory Modules (10 ECTS)	ECTS
ECU11011	<a href="#">Introduction to Economics A</a>	5
STU12501	<a href="#">Introduction to Statistics I</a>	5

#### **Semester 2**

Code	Mandatory Modules (10 ECTS)	ECTS
ECU11012	<a href="#">Introduction to Economics B</a>	5
STU12502	<a href="#">Introduction to Statistics II</a>	5

In addition to the aforementioned modules, all students must choose 10 ECTS from the Optional modules, as outlined below:

Code	Optional Modules	Co-requisites	Pre-requisites	ECTS
ECU11031	<a href="#">Introduction to Economic Policy A</a> (Sem 1)	ECU11032		5
ECU11032	<a href="#">Introduction to Economic Policy B</a> (Sem 2)		ECU11031	5

SOU11011	<a href="#">Introduction to Sociology 1</a> (Sem 1)	SOU11012		5
SOU11012	<a href="#">Introduction to Sociology 2</a> (Sem 2)		SOU11011	5
POU11021	<a href="#">Politics and Irish Society A</a> (Sem 1)	POU11022		5
POU11022	<a href="#">Politics and Irish Society B</a> (Sem 2)		POU11021	5
SSU11061	Introduction to Social Policy Concepts (Sem 1)			5
SSU11052	Introduction to Social Policy in Action (Sem 2)			5

### Senior Fresh (Second) Year

Depending on their degree pathway, students must take Economics modules equivalent to 20 or 40 ECTS and meet their pathway requirements.

Students choosing **20 ECTS** in Economics will have the option to **either**:

- a) couple this with 40 ECTS in their other subject **or**
- b) couple this with 20 ECTS in their other subject and 20 ECTS of Trinity Electives/Approved Modules

Students choosing **20 ECTS** in Economics must take:

#### **Semester 1**

Code	Mandatory Modules	ECTS	Notes
ECU22011	<a href="#">Intermediate Economics A</a>	5	All students
ECU22021	<a href="#">Economy of Ireland A</a>	5	Econ/Maths students only
ECU22031	<a href="#">Mathematical and Statistical Methods A</a>	5	All, except Econ/Maths students

#### **Semester 2**

Code	Mandatory Modules	ECTS	Notes
ECU22012	<a href="#">Intermediate Economics B</a>	5	All students
ECU22022	<a href="#">Economy of Ireland B</a>	5	Econ/Maths students only
ECU22032	<a href="#">Mathematical and Statistical Methods B</a>	5	All, except Econ/Maths students

Students choosing **40 ECTS** in Economics will have the option to couple this with 20 ECTS of Trinity Electives/Approved Modules.

Students choosing **40 ECTS** in Economics must take:

#### **Semester 1**

Code	Mandatory Modules	ECTS	Notes
ECU22011	<a href="#">Intermediate Economics A</a>	5	All students
ECU22021	<a href="#">Economy of Ireland A</a>	5	All students
ECU22031	<a href="#">Mathematical and Statistical Methods A</a>	5	All, except Econ/Maths students

## **Semester 2**

Code	Mandatory Modules	ECTS	Notes
ECU22012	<a href="#">Intermediate Economics B</a>	5	All students
ECU22022	<a href="#">Economy of Ireland B</a>	5	All students
ECU22032	<a href="#">Mathematical and Statistical Methods B</a>	5	All, except Econ/Maths students

Instead of the ECU22031/ECU22032 Mathematical and Statistical Methods A&B, 40 ECTS Economics/Mathematics students must choose 10 ECTS from the modules below:

Code	Optional Modules	Department	ECTS
SOU22011	<a href="#">Introduction to Social Research 1</a>	SOCIOLOGY	5
SOU22012	<a href="#">Introduction to Social Research 2</a>	SOCIOLOGY	5
SOU22021	<a href="#">Gender, Work and Family 1</a>	SOCIOLOGY	5
SOU22032	<a href="#">Gender, Work and Family 2</a>	SOCIOLOGY	5
SSU22121	Poverty, Welfare and Justice (Sem 2)	SOCIAL WORK AND SOCIAL POLICY	5
SSU22152	Global Health Policy (Sem 1)	SOCIAL WORK AND SOCIAL POLICY	5
POU22011	<a href="#">History of Political Thought A</a>	POLITICAL SCIENCE	5
POU22012	<a href="#">History of Political Thought B</a>	POLITICAL SCIENCE	5
POU22021	<a href="#">International Relations A</a>	POLITICAL SCIENCE	5
POU22022	<a href="#">International Relations B</a>	POLITICAL SCIENCE	5
POU22031	<a href="#">Comparative Politics A</a>	POLITICAL SCIENCE	5
POU22032	<a href="#">Comparative Politics B</a>	POLITICAL SCIENCE	5

In addition to the core Economics modules outlined above, all 40 ECTS students must choose 10 ECTS from optional modules (to be confirmed by the end of JF year).

This list varies from year and will be available when you enrol online.

---

**Please note** – the modules and pathway information listed above are provided as a guideline, module availability can change from year to year.

### Junior and Senior Sophister (Third and Fourth) Years

The number of ECTS taken by the student is determined by their chosen pathway, as follows:

#### **JOINT HONOURS IN ECONOMICS**

In Junior Sophister (third) year students take 30 ECTS in each subject. For Economics, students take 30 ECTS from a range of optional modules. Students who intend to take the Senior Sophister (fourth) year Capstone in Economics must take

- ECU33091 & ECU33092 – Econometrics A & B (10 ECTS)

and are advised to take

- ECU33011 & ECU33012 – Economic Analysis A & B (10 ECTS)

Note that Mathematical Economics A and B are unavailable to students taking modules in the School of Mathematics in their Junior Sophister year. Throughout, the mathematics prerequisites do not apply to Joint Honours Mathematics students.

## **SINGLE HONOURS IN ECONOMICS**

In Junior Sophister (third) year students take 50 ECTS in Economics. Students must take:

- ECU33011 & ECU33012 - Economic Analysis A & B (10 ECTS)
- ECU33091 & ECU33092 - Econometrics A & B (10 ECTS)
- 30 ECTS from a range of optional modules.

For the remaining 10 ECTS students take **either**

- a) 10 ECTS in their other subject **or**
- b) 10 ECTS in Trinity Electives/Approved Modules

In Senior Sophister (fourth) year students take 60 ECTS in Economics:

- 40 ECTS from a range of optional modules and
- Capstone (20 ECTS).

## MAJOR IN ECONOMICS

In the Junior Sophister (third) year students have the option to take either 30 ECTS in Economics or 40 ECTS in Economics. This determines the number of Economics ECTS they will take in their Senior Sophister (fourth) year, as follows:

### 1. Students taking 30 ECTS of Economics in the Junior Sophister Year (Major B)

In Junior Sophister (third) year students take 30 ECTS in Economics. Students must take 30 ECTS optimal modules.

For the remaining 30 ECTS, students take 30 ECTS in their other subject. In Senior Sophister (fourth) year students take 60 ECTS in Economics:

- Capstone (20 ECTS).
- 40 ECTS from a range of optional modules.

### 2. Students taking 40 ECTS of Economics in the Junior Sophister Year (Major A)

In Junior Sophister (third) year students take 40 ECTS of Economics. Students must take:

- ECU33011 & ECU33012 - Economic Analysis A & B (10 ECTS)
- ECU33091 & ECU33092 - Econometrics A & B (10 ECTS)
- 20 ECTS from a range of optional modules.

For the remaining 20 ECTS, students take 20 ECTS in their other subject. In Senior Sophister (fourth) year students take 40 ECTS of Economics:

- Capstone (20 ECTS).
- 20 ECTS from optional modules. For the remaining 20 ECTS, students take 20 ECTS in their other subject.

## **MINOR IN ECONOMICS**

Students take **either**:

- a) 30 ECTS in Economics from a range of optional modules in the Junior Sophister year and no Economics modules in the Senior Sophister year **or**
- b) 20 ECTS in Economics from a range of optional module in the Junior Sophister year and 20 ECTS in Economics form a range of optional modules in the Senior Sophister year.

Note: Students taking a Minor in Economics may not take their Capstone in Economics.

## New Minor Subject in Economics

Starting in 2022, single honours students in some other disciplines may take up economics in their Senior Fresh year as a “new minor subject.” These students will ordinarily continue with economics for three years. Those students who only pursue economics for two years will not graduate with a formal qualification in economics but will have taken economics as part of their broad university training. Requirements pertaining to new minor subject students are below, with more detail provided on the Joint Honours website. Each year students take 20 ECTS in economics, entailing 10 ECTS each semester.

### **Senior Fresh (Non-Mathematics Students)**

All modules are mandatory.

#### **Semester 1**

Code	Mandatory Modules (10 ECTS)	ECTS
ECU11011	<a href="#">Introduction to Economics A</a>	5
ECU11021	<a href="#">Mathematics and Statistics A</a>	5

#### **Semester 2**

Code	Mandatory Modules (10 ECTS)	ECTS
ECU11012	<a href="#">Introduction to Economics B</a>	5
ECU11022	<a href="#">Mathematics and Statistics B</a>	5

### **Senior Fresh (Mathematics Students)**

#### **Semester 1**

Code	Mandatory Modules (10 ECTS)	ECTS
ECU11011	<a href="#">Introduction to Economics A</a>	5
ECU11021	<a href="#">Introduction to Economic Policy A</a>	5

#### **Semester 2**

Code	Mandatory Modules (10 ECTS)	ECTS
ECU11012	<a href="#">Introduction to Economics B</a>	5
ECU11022	<a href="#">Introduction to Economic Policy B</a>	5

### **Junior Sophister (Non-Mathematics Students)**

Students must take Intermediate Economics A and B. The remaining credit must come from either Economy of Ireland or Mathematical and Statistical Methods. Note that the A and B components must be taken together; e.g., if you take Economy of Ireland A, you must also take Economy of Ireland B. Please bear in mind that ECU22031 and ECU22032 are prerequisites for many of the economics modules available in the final year.

#### **Semester 1**

<b>Code</b>	<b>Mandatory Modules</b>	<b>ECTS</b>	<b>Notes</b>
ECU22011	<a href="#"><u>Intermediate Economics A</u></a>	5	Mandatory
ECU22021	<a href="#"><u>Economy of Ireland A</u></a>	5	Optional, but must be taken with ECU22022
ECU22031	<a href="#"><u>Mathematical and Statistical Methods A</u></a>	5	Optional, but must be taken with ECU22032

#### **Semester 2**

<b>Code</b>	<b>Mandatory Modules</b>	<b>ECTS</b>	<b>Notes</b>

ECU22032	<a href="#"><u>Mathematical and Statistical Methods B</u></a>	5	Optional, but must be taken with ECU22031

### **Junior Sophister (Mathematics Students)**

All modules are mandatory.

#### **Semester 1**

Code	Mandatory Modules (10 ECTS)	ECTS
ECU11011	<a href="#">Intermediate Economics A</a>	5
ECU11021	<a href="#">Economy of Ireland A</a>	5

#### **Semester 2**

Code	Mandatory Modules (10 ECTS)	ECTS
ECU11012	<a href="#">Intermediate Economics B</a>	5
ECU11022	<a href="#">Economy of Ireland B</a>	5

### **Senior Sophister (All Students Pursuing the Minor Award)**

Only students seeking a minor award continue with economics in their final year. In this case, students take 10 ECTS each semester from the list of Junior Sophister modules listed on pages 25 & 26 of this booklet. Note that the Trinity elective may not be taken as part of your economics credit. The mathematics prerequisites do not apply to Mathematics students.

## Study Abroad

In Junior Sophister year you may be permitted to satisfy the requirements of the year, in whole or in part, by study abroad under an approved Erasmus or college-wide international exchange programme approved by the Vice-President for Global

Relations, with the assessment at the host university counting as part of your academic record in College. The maximum period for such study is one academic year and the minimum period is three months. Arrangements governing specific exchange programmes are made by the school, department or course office concerned. See <https://www.tcd.ie/ssp/undergraduate/study-abroad/> for more information.

## Capstone

Every student at Trinity will do a Capstone Project or equivalent as part of their undergraduate programme.

The capstone project is the common element across all degree exit routes and is weighted at 20 ECTS. It requires a significant level of independent research by the student. It is an integrative exercise that allows students to showcase skills and knowledge which they have developed across a range of subject areas and across their four years of study. It should result in the production of a significant piece of original work by the student. It should provide them with the opportunity to demonstrate their attainment of the graduate attributes. For more information on Capstone please visit: <https://www.tcd.ie/teaching-learning/ug-regulations/Capstone.php>

Students should note that Econometrics A (ECU33091) and Econometrics B (ECU33092) are pre-requisite modules for undertaking a Capstone in Economics so students should be cognizant of this when making module choices.

## Coursework and Attendance Requirements

### Registering Modules and Sitting Examinations

You must register your final module choices online in order to appear on module listings for examination purposes. Where a module is assessed through a final exam, students are required to take the exam unless specifically exempted by the SL.

### Coursework and Attendance at Classes

You are required to attend classes and submit assessment work in all modules. A student may be deemed *non-satisfactory* in a term when more than a third of required work/attendance in that term is missed. Any student who is deemed *non-satisfactory* in each of the two terms may, in accordance with the regulations laid down by the University Council, be refused permission to take examinations in that year.

To be allowed to sit the ordinary examinations you must have paid the relevant College annual fees and must be in good standing. There is no examination fee payable. There is no notice required of intention to take an examination (the Scholarship examination is an exception to this).

### Conduct of Examinations, Tests and other Credited Work

Departmental staff adhere to the following procedures in relation to modules given to Joint Honours Economics students.

- Where a test/essay/project counts towards the final mark, this fact is made known to students before the end of the second week of the teaching module in question. The extent to which it is taken into account, the arrangements should students have legitimate reasons to be excused from doing the relevant work at the appropriate time, and the penalties that attach to non-timely submission of such work will all be made clear to the students as early as possible, and not later than the end of the second week of the teaching module in question.
- Tests/essays/projects are handed back to students as quickly as the marking process will allow, and the gap between submission and return of work should never exceed twenty working days.
- Examination papers will be a fair and reasonable reflection of the material covered during the year. Guidelines concerning the broad format of the paper, and the type of question to be set, will be provided to students as early as possible, often by reference to previous papers.  
If examiners and/or competent deputies are unable to be present at the examination, (e.g. due to exam taking place in multiple locations) they will be readily contactable by telephone.
- The Department reserves the right to change the form of module assessment at any stage.

## Examinations

### College Regulations

For links and information regarding examinations please go to the [Academic Registry](#) website. There are a number of links available on this page which you may find helpful, including links to [past examinations papers](#) for Economics.

College General Regulations and information are available in the [College Calendar](#).

### Absence from Examinations

Students who may be prevented from sitting an examination or examinations (or any part thereof) due to illness should seek, through their tutor, permission from the Senior Lecturer in advance of the examination session to defer the examination/s to the reassessment session. Students who have commenced the examination session and are prevented from completing the session due to illness should seek, through their tutor, permission from the Senior Lecturer to defer the outstanding examination/s to the reassessment session.

Where such permission is sought, it must be appropriately evidenced:

- a) For illness: medical certificates must state that the student is unfit to sit examinations/ complete assessment and specify the date(s) of the illness and the dates on which the student is not fit to sit examinations/complete assessment. Medical certificates must be submitted to the student's tutor within three days of the beginning of the period of absence from the assessment/examination.
- b) For other grave cause: appropriate evidence must be submitted to the student's tutor within three days of the beginning of the period of absence from the assessment/examination.

Where illness occurs during the writing of an examination paper, it should be reported immediately to the chief invigilator. The student will then be escorted to the College Health Centre. Every effort will be made to assist the student to complete the writing of the examination paper.

Where an examination/assessment has been completed, retrospective withdrawal will not be granted by the Senior Lecturer nor will medical certificates be accepted in explanation for poor performance.

If protracted illness prevents students from taking the prescribed assessment components, so that they cannot rise into the next class, they may withdraw from College for a period of convalescence, provided that appropriate medical certificates are submitted to the Senior Lecturer. If they return to College in the succeeding academic year they must normally register for the year in full in order to fulfil the requirements of their class. Where appropriate please see the regulations governing fitness to practice.

Where the effects of a disability prevent a student from taking the prescribed assessment components, so that they cannot rise into the next class, the Senior Lecturer may permit the student to withdraw from College for a period of time provided that appropriate evidence has been submitted to the Disability Service. If they return to College in the succeeding academic year they must normally register for the year in full in order to fulfil the requirements of their class.

The nature of non-standard examination accommodations, and their appropriateness for individual students, will be approved by the Senior Lecturer in line with the Council-approved policy on reasonable accommodations. Any reports provided by the College's Disability Service, Health Service or Student Counselling Service will be strictly confidential.

### Reassessment Examinations

Students take the reassessment examination if they have an excused absence from the final examination. The papers to be taken at the reassessment session are determined by the following rules:

- Any paper(s) not taken at the final examination session for excused reasons must be taken at the reassessment session as a first attempt;
- A result of 0-34 in any module implies that module must be taken at the reassessment session as a second attempt;
- When a paper at the reassessment examination is being taken as a first attempt because of excused absence from the final examination, work done during the term/year for which credit would normally be given will be taken into account as if it were the final examination.

Papers being repeated because of failure at the final examination session will not include credit for work done during the term/year.

Any assignment or coursework due to be submitted at the reassessment session (regardless of the reason e.g. permission to defer etc.) must be submitted by the deadline set by the lecturer and by the start of the reassessment exam session at the latest. Coursework or assignments submitted after this date will not be accepted or marked.

### Individual Papers in Economics

Individual examination papers are graded using the following classifications.

I	70 -100
II.1	60 - 69
II.2	50 - 59
III	40 - 49
F1	30 - 39
F2	0 - 29

It is important to realize that the marks in individual papers/modules are essentially useful symbols for grading and ranking students in a subject in a consistent and equitable manner. For example, a mark of 40 means that the examiner is definite that this student should pass and a mark of 38 that the student should fail. In other words, the grade judgement determines the mark, rather than the reverse. This is what these numbers symbolize, and they should be interpreted as such by students.

You can see what each of these classifications mean in the School of Social Sciences and Philosophy Marking Scale.

### School of Business & School of Social Sciences and Philosophy Marking Scale

#### First class Honours I 70-100

First class honours in the School of Social Sciences and Philosophy is divided into grade bands which represent excellent, outstanding and extraordinary performances.

*A first class answer demonstrates a comprehensive and accurate answer to the question, which exhibits a detailed knowledge of the relevant material as well as a broad base of knowledge. Theory and evidence will be well integrated, and the selection of sources, ideas, methods or techniques will be well judged and appropriately organized to address the relevant issue or problem. It will demonstrate a high level of ability to evaluate and integrate information and ideas, to deal with knowledge in a critical way, and to reason and argue in a logical way.*

#### **70-78 EXCELLENT**

First class answers (excellent) demonstrate a number of the following criteria:

- comprehensiveness and accuracy;
- clarity of argument and quality of expression;
- excellent structure and organization;
- integration of a range of relevant materials;
- evidence of wide reading;
- critical evaluation;
- lacks errors of any significant kind;
- shows some original connections of concepts and theories;
- contains reasoned argument and comes to a logical conclusion.

This answer does not demonstrate outstanding performance in terms of independence and originality.

## **79-84 OUTSTANDING**

In addition to the above criteria, an outstanding answer will show frequent original treatment of material. Work at this level shows independence of judgement, exhibits sound critical thinking. It will frequently demonstrate characteristics such as imagination, originality and creativity.

This answer does not demonstrate exceptional performance in terms of insight and contribution to new knowledge.

## **85-100 EXTRAORDINARY**

This answer is of a standard far in excess of what is expected of an undergraduate student. It will show frequent originality of thought, a sophisticated insight into the subject and make new connections between pieces of evidence beyond those presented in lectures. It demonstrates an ability to apply learning to new situations and to solve problems.

What differentiates a first class piece of work from one awarded an upper second is a greater lucidity, a greater independence of judgement, a greater depth of insight and degree of originality, more evidence of an ability to integrate material, and evidence of a greater breadth of reading and research.

### Second Class, First Division II.1 60-69

*An upper second class answer generally shows a sound understanding of both the basic principles and relevant details, supported by examples, which are demonstrably well understood, and which are presented in a coherent and logical fashion. The answer should be well presented, display some analytical ability and contain no major errors of omissions. Not necessarily excellent in any area.*

Upper second class answers cover a wider band of students. Such answers are clearly highly competent and typically possess the following qualities:

- accurate and well-informed;
- comprehensive;
- well-organised and structured;
- evidence of reading;
- a sound grasp of basic principles;
- understanding of the relevant details;
- succinct and cogent presentation; and
- evaluation of material although these evaluations may be derivative.

One essential aspect of an upper second class answer is that it must have completely dealt with the question asked by the examiner. In questions:

- all the major issues and most of the minor issues must have been identified;
- the application of basic principles must be accurate and comprehensive; and
- there should be a conclusion that weighs up the pros and cons of the arguments.

#### Second Class. Second Division II.2      50-59

*A substantially correct answer which shows an understanding of the basic principles.*

Lower second class answers display an acceptable level of competence, as indicated by the following qualities:

generally accurate;

- an adequate answer to the question based largely on textbooks and lecture notes;
- clearly presentation; and
- no real development of arguments.

#### Third Class Honours    III      40-49

*A basic understanding of the main issues if not necessarily coherently or correctly presented.*

Third class answers demonstrate some knowledge of understanding of the general area but a third class answer tends to be weak in the following ways:

- descriptive only;
- does not answer the question directly;
- misses key points of information and interpretation
- contains serious inaccuracies;
- sparse coverage of material; and
- assertions not supported by argument or evidence.

#### Fail    F1      30-39

*Answers in the range usually contain some appropriate material (poorly organised) and some evidence that the student has attended lectures and done a bare minimum of reading. The characteristics of a fail grade include:*

- misunderstanding of basic material;
- failure to answer the question set;

- totally inadequate information; and
- incoherent presentation.

Bad Fail      F2      0-29

Answers in this range contain virtually no appropriate material and an inadequate understanding of basic concepts.

## Plagiarism and Referencing Guide

If you copy another student's essay, engage someone to write your work, quote material from any published or electronic source without acknowledgement, or extensively paraphrase such material without acknowledgement, you have committed the offence of plagiarism. A mark of zero may be awarded.

The College's definition of plagiarism and specification of its consequences can be viewed here <https://libguides.tcd.ie/plagiarism>. These webpages are designed to help you to understand what plagiarism is and to employ the principles of academic integrity so as to avoid plagiarising. They also set out the regulations in Trinity relating to plagiarism offences and how they are dealt with. The College Calendar defines plagiarism, gives examples of the kinds of actions that are deemed to constitute plagiarism, and elaborates on the procedures for dealing with plagiarism cases. It is essential that you read the Calendar entry that is relevant to you as an undergraduate or postgraduate student. The webpages also contain materials and advice on [citation styles](#) which are used to reference properly. You should familiarise yourself with the content of these pages.

All students must complete our [Ready Steady Write plagiarism tutorial](#) and sign a declaration when submitting course work, whether in hard or soft copy or via Blackboard, confirming that you understand what plagiarism is and have completed the tutorial. If you read the information on plagiarism, complete the tutorial and still have difficulty understanding what plagiarism is and how to avoid it, please seek advice from your College tutor, your Course Director, your supervisor, or from [Student Learning Development](#).

### Plagiarism Declaration

Each coversheet that is attached to submitted work should contain the following completed declaration:

"I have read and I understand the plagiarism provisions in the General Regulations of the University Calendar for the current year, found at <http://www.tcd.ie/calendar>.

I have also completed the Online Tutorial on avoiding plagiarism 'Ready Steady Write', located at <https://libguides.tcd.ie/plagiarism/ready-steady-write>."

Please refer to your relevant School/ Department for the format of essay submission coversheets.

### School of Social Sciences and Philosophy Plagiarism Policy

If plagiarism, as referred to in the Calendar ([www.tcd.ie/calendar/undergraduate-studies/general-regulations-and-information.pdf](http://www.tcd.ie/calendar/undergraduate-studies/general-regulations-and-information.pdf)) is suspected, the lecturer informs their HoD and Director of Teaching and Learning (Undergraduate) (DUTL). The DUTL, or their designate, will write to the student, and the student's tutor advising them of the concerns raised. The student and tutor (or representative from the Students' Union) will be invited to

attend an informal meeting with the DUTL, or their designate, and the lecturer concerned, in order to put their suspicions to the student and give the student the opportunity to respond. The student will be requested to respond in writing stating his/her agreement to attend such a meeting and confirming on which of the suggested dates and times it will be possible for them to attend. If the student does not agree to attend such a meeting, the DUTL, or designate, may refer the case directly to the Junior Dean, who will interview the student and may implement the procedures as referred to under conduct and college regulations.

If the DUTL, or designate, forms the view that plagiarism has taken place, he/she must decide if the offence can be dealt with under the summary procedure set out below. In order for this summary procedure to be followed, all parties attending the informal meeting above must state their agreement in writing to the DUL or designate.

If the offence can be dealt with under the summary procedure, the DUTL, or designate, will recommend one of the following penalties:

**Level 1:** Student receives an informal verbal warning. The piece of work in question is inadmissible. The student is required to rephrase and correctly reference all plagiarised elements. Other content should not be altered. The resubmitted work will be assessed and marked without penalty. The DUTL should inform the course director and where appropriate the course office. The offence is recorded.

**Level 2:** Student receives a formal written warning. The piece of work in question is inadmissible. The student is required to rephrase and correctly reference all plagiarised elements. Other content should not be altered. The resubmitted work will receive a reduced or capped mark depending on the seriousness/extent of plagiarism. In the case of a Level 2 offence, the Senior Lecturer must be notified and requested to approve the recommended penalty. The DUTL should inform the course director and where appropriate the course office. The offence is recorded.

**Level 3:** Student receives a formal written warning. The piece of work in question is inadmissible. There is no opportunity for resubmission, with corrections. Instead, the student is required to submit a new piece of work as a reassessment during the next available session. Provided the work is of a passing standard, both the assessment mark and the overall module mark will be capped at the pass mark. Discretion lies with the Senior Lecturer in cases where there is no standard opportunity for a supplemental assessment under applicable course regulations. In the case of a Level 3 offence, the Senior Lecturer must be notified and requested to approve the recommended penalty. The Senior Lecturer will inform the Junior Dean accordingly. The Junior Dean may nevertheless implement the procedures as referred to under conduct and college regulations. The DUTL should inform the course director and where appropriate the course office. The offence is recorded.

**Level 4:** If the case cannot normally be dealt with under the summary procedures, it is deemed to be a Level 4 offence and will be referred directly to the Junior Dean.

Nothing provided for under the summary procedure diminishes or prejudices the disciplinary powers of the Junior Dean under the 2010 Consolidated Statutes.

### Procedures regarding Dignity and Respect Matters

The School of Social Sciences and Philosophy is committed to fostering a learning environment that upholds principles of equality, diversity, and inclusion. We strive to ensure that all students and staff can pursue their academic and professional goals without fear of discrimination, harassment, bullying, or any form of mistreatment.

Recognizing the adverse impact harassment can have on individuals' performance, morale, confidence, health, and learning, the School seeks to create a culture where such behaviour is unequivocally condemned. Our goal is to encourage an atmosphere in which individuals can address harassment concerns without fear of ridicule or retaliation.

[Trinity Dignity and Respect Policy](#) serves as a guiding framework for addressing any matters related to dignity and respect. This policy outlines the resources and support available to both students and staff when facing issues related to harassment or discrimination.

Should any student encounter issues related to dignity and respect, as outlined above, we strongly urge them to immediately reach out for support from the designated contact person, who will provide guidance and support in accordance with the Dignity and Respect Policy:

- Student's Tutor
- Director, Teaching and Learning (Undergraduate): Dr Dino Hadzic, [dhadzic@tcd.ie](mailto:dhadzic@tcd.ie)

### Progression Regulations

For College progression regulations please reference the College Calendar at: <https://www.tcd.ie/calendar/undergraduate-studies/general-regulations-and-information.pdf>

### Publication of Results

Publication of results take place on dates as specified and agreed by the Programme Committee. Results are published to your Student Portal my.tcd.ie.

### Overall Grade in Economics

For information on how the Overall grade in Economics for Joint Honours students is calculated please see the [College Calendar](#).

### Compensation

For compensation regulations please see the [College Calendar](#).

### Re-checks

You are entitled to discuss your performance with examiners after your results have been published. Having discussed your performance with the examiner(s) and ascertained that the mark in question was correctly calculated, you may ask that their results be re-considered if they have reason to believe

- a. that the examination paper contained questions on modules which were not part of the module prescribed for the examination, or
- b. that bias was shown by an examiner in marking the script.

Through your tutor, you may appeal to the Senior Lecturer. In submitting your case, you should state under which of (a) or (b) above the request is being made. If a mark is revised, the Director of the Joint Honours Programme will be notified of the mark change by the relevant Director of Undergraduate Teaching and Learning of the School. The Director will, by reference to the Joint Honours Programme conventions, and with the permission of the Senior Lecturer, amend the relevant module result(s) and overall grade as appropriate.

### Appeals

You may appeal a decision of the Court of Examiners. The grounds for appeal must fall under *one or more* of the following categories:

- (i) the case of the appellant is not adequately covered by the ordinary regulations of the College,
- (ii) the regulations of the College were not properly applied in the appellant's case, or
- (iii) the appeal is *ad misericordiam*.

Appeals in the first instance must be made to the Dean of the Faculty of Arts, Humanity & Social Sciences.

Please see the [College Appeals Policy](#).

### Off-Books Regulations

The Senior Lecturer may permit students who are in good standing to go 'off-books'. This may be for personal reasons or on medical grounds where to do so would be in the best interests of the student. 'Off-Books' students can be re-admitted to the College in a subsequent year only at the discretion of the Senior Lecturer. 'Off-Books' students suffering from ill-health who have allowed their names to go off the books can only be readmitted, even in the current academic year, at the discretion of the Senior Lecturer who may require a satisfactory certificate from a nominated medical referee. For further information please revert to the [College Calendar](#).

### Repeat Years

Students are not permitted to repeat a year more than once or repeat more than two separate years.

### Awards

Depending on student choices made within their programme of study and available pathways, it may be possible to be conferred with a Bachelor in Arts (Moderatorship) award in one of the following categories: Joint Honours, Single Honours or Major with Minor.

### Transcripts

Joint Honours Economics students should request their Economics transcript by emailing [econsec@tcd.ie](mailto:econsec@tcd.ie). It is recommended that you make your transcript request with the Department of Economics **at least two weeks before** you need it (and more in advance if you would like it sent to you by post). Transcripts for the other Joint Honours subject can be obtained by emailing the relevant subject office.

To make a transcript request, please include the following information:

1. Your Name
2. Your Student Number
3. Year and Course of Study

Transcripts will include the set of grades that permit students to rise with their year and the set of grades that forms the basis of the award of the degree. The transcript will make explicit whether or not one or two sittings were required (however supplemental in a paper for which there was a deferral permitted from the annual session is not considered a separate sitting and whether or not a year is repeated. The grades achieved on the second sitting will be clearly indicated. Where more than one sitting was required an overall grade will always be recorded as a Pass/Fail.

The Scholarship Examination is an exception to the above. The examination will not be reflected on the student transcript unless the student has obtained Scholarship, in which case such information, if requested, shall appear (by way of asterisk and explanation) below the grades for Senior Fresh year.

Transcripts are never issued to a third party, such as a parent or prospective employer without the consent of the person named on the transcript.

### External Examiners

Prof Frank Walsh, University College Dublin – Junior Sophister  
Prof Dudley Cooke, University of Exeter – Senior Sophister

## Learning Outcomes

Completing the Joint Honours programme leads to many skills including the ability to:

- Identify, critically evaluate and synthesise the substantive theories, frameworks and models, both qualitative and quantitative, that are used in both fields of enquiry;
- Analyse and solve a variety of problems in the private and public sector from a multi-disciplinary knowledge basis of theories and frameworks in both disciplines;
- Communicate effectively in oral and written modes in professional and academic settings;
- Use appropriate ICT tools in analysing and addressing problems;
- Work effectively as an individual and in teams in multi-disciplinary settings;
- Demonstrate flexibility, adaptability and independence in order to engage productively with a changing social, cultural and technological environment;
- Engage the pursuit of knowledge in greater depth and over time in support of life-long learning, either as a practitioner or an academic, in both of your chosen fields.

## Graduate Attributes

The Trinity Graduate Attributes represent the qualities, skills and behaviours that you will have the opportunity to develop as a Trinity student over your entire university experience, in other words, not only in the classroom, but also through engagement in co- and extra-curricular activities (such as summer work placements, internships, or volunteering).

The four Trinity Graduate Attributes are:

- To Think Independently
- To Act Responsibly
- To Develop Continuously
- To Communicate Effectively

## Why are the Graduate Attributes important?

The Trinity Graduate Attributes will enhance your personal, professional and intellectual development. They will also help to prepare you for lifelong learning and for the challenges of living and working in an increasingly complex and changing world.

The Graduate Attributes will enhance your employability. Whilst your degree remains fundamental, also being able to demonstrate these Graduate Attributes will help you to differentiate yourself as they encapsulate the kinds of transversal skills and abilities, which employers are looking for.

### How will I develop these Graduate Attributes?

Many of the Graduate Attributes are 'slow learned', in other words, you will develop them over the four or five years of your programme of study.

They are embedded in the curriculum and in assessments, for example, giving presentations and engaging in group work.

You will also develop them through the co-curricular and extra-curricular activities. If you help to run a club or society you will be improving your leadership skills, or if you play a sport, you are building your communication and team-work skills.

Having concentrated on and developed expertise in two disciplines and developed numerous analytical skills, this degree confers the insights and skills to pursue careers in a variety of areas including public administration, finance, journalism, and consultancy. Today employers highly prize the versatility, commitment, and skills needed to become proficient in two disciplines.

### **School of Social Sciences and Philosophy**

Evaluation of courses and their constituent modules is an important component of College's commitment towards improving the quality of teaching and the support of learning. To this end, all undergraduate modules that are taught by the School of Social Sciences and Philosophy are evaluated on a twice-yearly basis using an online survey. The survey is anonymous and the results are used in reviewing and improving aspects of each module and its delivery. We particularly want to hear what students think was good about a module and what needs to be improved.

All results for each survey are collated and made available to the lecturer who taught the module, the Head of Department, the Head of School, the School's Director Undergraduate Teaching and Learning and the School Manager. Teaching Assistants receive their feedback through communication with the course lecturer. Department and School averages are made available to members of the School. Student feedback forms an important part of the evaluation and review process.

In addition, the results may also be referred to by lecturers in the nomination of Teaching Assistants for the Dermot McAleese Teaching Award. This is an annual award which is presented to one outstanding Teaching Assistant in each of the School's four disciplines. The nominations are reviewed by a committee in each department as well as the six members of the School Undergraduate Committee. The award has been made possible thanks to the generosity of School alumni.

Studies have shown that there is some gender bias in student evaluations of teaching – namely that female lecturers tend to receive more negative evaluations than their male counterparts. We ask you to bear this in mind when making your evaluations.

## Section 4 – Scholarships and Prizes

### Foundation Scholarships

Details on the College regulations for the achievement of Scholarship can be found here: <https://www.tcd.ie/calendar/undergraduate-studies/foundation-and-non-foundation-scholarships.pdf>

Details on the structure and duration of Scholarship examinations for the Joint Honours Economics programme can be found here: <https://www.tcd.ie/Economics/undergraduate/current/scholarship-exams/>

### Prizes, Medals and Other Scholarships

#### **Gold Medals**

The criteria for being awarded a Gold Medal will change for students graduating at the end of the 2023/24 academic year i.e. students taking their Junior Sophister year in 2022/23 and their Senior Sophister year in 2023-24. Gold Medals will be awarded to students who attain an overall average mark of 75% where the JS year result (weighted at 30%), along with the SS year result (weighted at 70%), will be considered together to provide the overall average mark of 75%.

Gold Medals are awarded on the basis of a single annual attempt (to include Semesters 1 and 2 assessments). A deferral counts towards the single annual attempt. Gold Medals are not awarded to students who have to reassess in the Autumn.

#### **Whately Memorial Fund**

A moderatorship prize of €64 is awarded each year from the Whately Memorial Fund to the first moderator in Economics (Single Honours or major), provided that a first class moderatorship is obtained. It was established in 1871 by subscription in memory of Richard Whately, Archbishop of Dublin, to promote the study of political economy.

#### **Bastable Prize**

This prize of €127 was founded in 1933 by subscription in memory of Charles Francis Bastable, Professor of Political Economy 1908-32 and Regius Professor of Laws 1882- 1932. It is awarded to the candidate placed first at the moderatorship examination in economics (joint, major or single honours), provided sufficient merit is shown.

### **Sinead Darcy Prize**

This prize was founded in 2011 in memory of Sinead Darcy, a Trinity economics student who graduated in 1994 and who had a distinguished career in regulatory economics. It is awarded annually to the continuing student who performs at the highest level in the two Junior Sophister modules in Industrial Economics: Competition, Strategy and Policy. Value €150.

### **P.J. Drudy Prize in Economics**

The Drudy Prize in Economics was founded in 2008 by Professor P.J. Drudy to encourage the study of social and economic development in less developed countries. It is awarded annually on the recommendation of the Department of Economics to the continuing Junior Sophister student who performs at the highest level in the two Junior Sophister modules in the Economics of Less Developed Countries. Value €100.

### **Terence Gorman Prize**

This prize was founded in 2006 by a bequest from Mrs Dorinda Gorman in memory of her husband, the distinguished economist W.M. (Terence) Gorman, a Trinity economics graduate of 1948. It is awarded annually, on the recommendation of the Department of Economics, to the continuing Junior Sophister student who performs at the highest level in the two Junior Sophister Econometrics modules. Value €1,000.

### **Harry Hartford Prize**

This prize was founded in 2020 by a gift from Harry Hartford, a graduate of the Faculty of Economic and Social Studies (Economics). The prize will be awarded annually to the best Capstone Project within each of the disciplines of economics, political science, sociology and philosophy which focuses on research applicable to issues of public policy. Value, €1,000 each.

### **The John O'Hagan Prize in Economics.**

This prize was founded in 2021 and is funded by a group of Economics alumni through the decades. It is awarded annually on the recommendation of the Department of Economics, to the Senior Fresh student who performs at the highest level in the Economy of Ireland module. The award was established as a tribute to John's outstanding contribution to the teaching of Economics and his dedication to students in the Department over many years. Value €500
