SINGLE HONORS ENTRY ROUTE Pathways

A number of pathway options are available to students studying History of Art and Architecture through the single honors entry route, which lead to two possible exit routes.

Each pathway has a required number of credits in History of Art and Architecture, a Minor subject, and/or Trinity Electives/Open Modules where applicable.

Pathway options may be restricted depending on credits achieved in each subject in the previous year(s).

PATHWAYS: Students will be required to choose their pathway at the end of their Junior Freshman year.

EXIT ROUTES: Students are required to choose their exit route at the end of their Senior Freshman year. Students opting for a 'single honors' degree will have a further choice between two pathways in their junior sophister year.

Students must take a balanced ECTS credit load across both semesters

Key: courses listed above line = semester 1, below the line semester 2. White modules = mandatory, yellow modules = optional. White boxes contain pathway codes
