

IRISH ELECTIONS 1922-44: RESULTS AND ANALYSIS

This volume assembles the full results of all elections to Dáil Éireann from 1922 to 1944. These results have hitherto been unpublished and have been available only from local and provincial newspapers. The book also contains analysis of each election, summaries of votes, percentages and seats for each election, lists of TDs elected at each election, information on defeated TDs and women TDs, analysis of transfer patterns, members of government appointed after each election, and the full results of all by-elections held in the period.

Elections to Dáil Éireann are held under the STV (single transferable vote) electoral system, and this volume provides a fascinating account of STV in operation as well as constituting an indispensable record of Irish political history in the first 25 years of the independent state.

Dr Michael Gallagher is a Lecturer in Political Science at Trinity College, University of Dublin.
