

BUSINESS STUDIES AND RUSSIAN AT A GLANCE (2023-2024)

Programme: This programme allows students to combine the study of business-related subjects with a language.

Russian course content: In all years the Department provides intensive study of the Russian language, Russian society, and institutions. In the final year students write a case study project on a Russian company and its environment.

Residence abroad: Students spend their third year on an approved course in Estonia: in Tallinn University (School of Humanities) www.tlu.ee (semester 1) and Tallinn University of Technology (School of Business and Governance) www.taltech.ee (semester2)
