2) A five (пятерка /отлично/ 5) is normally converted as a II.1 on a student's transcript. However, a first class overall result may be given if a student obtains fives (пятерки/5) for all the elements marked in the Litinstitut, as well as for the essay (marked by the LitInstitut and TCD) and a I class overall mark in the State Russian language test: in such cases a 70 is awarded for examined modules.
