

# Trinity College Dublin

Coláiste na Tríonóide, Baile Átha Cliath

The University of Dublin

List below includes all teaching spaces on CMIS in Trinity College Dublin. Specifies that all teaching spaces have now been installed with CO2 monitors. Some CO2 monitors are already part of the ventilation systems in the more modern spaces (e.g. new Business School building) through what is referred to as the Building Management System (via BMS). The list below also includes details of mechanically ventilated spaces checked and verified for meeting ventilation standards - for the occupancy levels outlined in column 4 - in accordance with [REHVA Covid 19 guidance](#).

1. CMIS Site	2. CMIS Room code	3. CMIS Room name	4. Room Capacity verified at <a href="#">REHVA ventilation standards</a>	5. Mechanical/Natural Ventilation	6. CO2 Monitor Installed (as at 01/12/21) ✓ - Yes ✓ (via BMS) = Yes via Building Management System
