Annotated Bibliography Assessment Brief

Module: Trends in eLearning (level 9, 5 ECTs)
(Learning, Teaching & Technology Centre, TU Dublin)

Compile a critical annotated bibliography of your reading completed during the module. This should include a minimum of 5 resources and a maximum of 20, with annotations of approximately 3-500 words each.

Please refer to the rubric below which indicates criteria against which your bibliography will be assessed.

	EXPERT (PASS)	BORDERLINE PASS	BEGINNER (REFERRAL)
Source quantity & quality	An adequate variety of appropriate literature and sources has been included. The required number of sources has been annotated. Sources chosen are highly relevant to the module topics and to the student's selected research area. Research is thorough and goes beyond what was presented by module tutor. A wide variety of appropriate literature and sources has been included.	The required number of sources has been annotated. Almost all of the sources chosen are highly relevant to the module topics and to the student's selected research area. Some effort has been made to go beyond resources presented by the module tutor.	The number of annotated sources does not meet the minimum requirements). No effort has been made to go beyond resources presented by the module tutor. An inadequate variety of appropriate literature and sources has been included.
Presentation	No misspellings or grammatical errors. All links/web links provided link to appropriate websites and files.	Few misspellings and grammatical mistakes Almost all links/web links provided link to appropriate websites and files.	Many misspellings and grammatical errors. Bad formatting and design making entries difficult to read. Any links/web links provided in the text do not connect to the appropriate website or file.
Critique	All annotations present a high level of evaluation and critique. All annotations include an evaluation of the	Most, but not all, annotations demonstrate a high level of evaluation and critique.	Annotations are purely descriptive. No attempt has been made to evaluate or engage critically with the source.

	source's credibility, reliability and/or biases (including the author of the source.)	Most, but not all, annotations include an evaluation of the source's credibility, reliability and/or biases (including the author of the source.)	No attempt has been made to evaluate the source's credibility, reliability and/or biases (including the author of the source.)
Citations	All citations are correctly cited following a standard bibliographic format (APA). All text, image, and/or media owned by others and cited in the annotation are referenced correctly.	Almost all citations are correctly cited following a standard bibliographic format (APA). Almost all text, image, and/or media owned by others and cited in the annotation were referenced correctly.	None of the citations are correctly cited following a standard bibliographic format (APA). None of the text, images, and/or media owned by others and cited in the annotation were referenced, or referenced correctly.
