

Single honors pathway overview

This quick reference guide provides step by step instructions for Single honors students on how to make pathway selections. At the end of Junior Fresh Year, students must make their choices for their Senior Fresh year. Single Honors students must choose between the following options :

Take the subject that you currently take (40 credits) & 20 credits of Trinity electives & open modules.

Take the subject that you currently take (40 credits) and take up a new minor subject (20 credits).

Accessing pathway selections

Log into my.tcd.ie using your College username & password. Then Goto **My Programme** on the top menu bar.

In the **My Programme Options** section, click on the 'Click here to select your pathway' link to select your pathway.

Making your pathway selection

The next screen lists the different pathways available on your programme. To continue on your current programme of studying one subject and 20 credits of Trinity Electively and open modules, click on the '**Continue on the current Trinity Pathway**' button.

To select a new minor subject, you must make your selection in order of preference and then click on the '**Select**' button.

You must choose at least one preference if you want to take up a new minor subject.

Select your Trinity Programme Preference

Please note that if you do not wish to change your Trinity Programme pathway you may confirm this by clicking on the 'Continue on current Trinity pathway' button below. As a single honors student you may elect to take a New Minor Subject or you may continue to take your current programme.

If you wish to take a New Minor Subject, please select your New Minor Subject in order of preference, with Preference one being your most desired preference. Students will be allocated to a New Minor Subject based on their performance at end of year examinations. Students electing to take a New Minor Subject must select at least one New Minor Subject and should ensure that they are eligible to select that subject.

Please select your preferences (Preference 1 = most desired, Preference 5 = least desired). You must select a minimum of 1 preference.
