*"Alumni Appeals are not just about getting people to give back to a worthwhile cause, but also give you the opportunity to gain an insight into what you can become with your Trinity degree. **The Alumni Appeal was an amazing project to be a part of** and I left feeling very proud of myself for what we, as a team, had achieved"*

Returning student caller

This is much more than a fundraising job. You will be an important ambassador for Trinity, helping us to maintain warm and friendly relationships with our graduates. You will not be “cold calling”. Alumni will be expecting your call.

No experience? No worries!

Previous telephone fundraising experience is an advantage, but not required. You will attend mandatory pre-campaign training sessions (for which, you will get paid!). You will also receive ongoing training and support.

Phone campaigns run for 6-10 weeks in spring and autumn each year.

Call shifts are 3 hours long and are generally weekday evenings and Sundays, with occasional late-night and morning shifts. All training sessions and call shifts take place on campus.

Callers must be available for a minimum of 3 shifts per week for every week of the campaign. Those unable to make this commitment should not apply.
