

Trinity Alumni Branches

From Cork to Chicago, Munich to Moscow, wherever life takes you, there is a Trinity Alumni branch for you.

Branches organise activities and social events on behalf of alumni within their region. They also provide a channel of communication between their members and the University, keeping you up to date with Trinity news. Branch events range from casual get-togethers and black tie dinners, to cultural excursions and networking lectures by visiting academics. For graduates new to a region, joining a branch is a great way to make friends while maintaining the link with your alma mater. Our branches always welcome new members.
