

## College Charges

*N.B. The Board of Trinity College, Dublin, is not bound by any error in, or omission from, the following regulations.*

### I GENERAL REGULATIONS

1 The charges for any academic course, examination or other service are those stated in the *University of Dublin Calendar* for the current year.

The Board of Trinity College, Dublin, reserves its right to alter its scales of charges at any time. Revised scales of charges will apply, from the date appointed by the Board, to all students pursuing any course the charges for which have been revised, whether or not such students have entered upon the course before the appointed date.

2 All charges become due on the dates specified in the *Calendar* or on the fee payment form, whichever is the earlier, for the current year, and must be paid to the Bank of Ireland or the appointed officer of the College on or before that date.

*N.B. The College sends out reminders in August and January (or March and July to graduate students whose registration is renewable in April) to students on the books, advising them that the date for payment of annual fees is imminent. Non-receipt of such a reminder is not a valid excuse for failure to pay fees at the proper time.*

3 Payment may be made through any bank, using only the fee payment giro form which will be issued to each student, in favour of Trinity College no. 3 account (no. 14020408) with the Bank of Ireland, 2 College Green, Dublin 2.

4 Students who hold an educational grant and wish the College to apply to their educational authority for payment of their fees must renew their grant application with their grant authority.

5 Eligible E.U. undergraduate students may have their tuition fees paid by the Minister for Education and Science under the Government's tuition fee remission scheme, see section II.

6 Students required to repeat the academic exercises of a year must pay the full annual fee of the repeated year. See also section II.

7 Students who wish to receive credit for an academic year on the basis of academic exercises carried out at Trinity College, but who are granted any exemption from attendance at lectures, must pay the same fee as they would pay if attending lectures.

#### *Non-E.U. fees*

8 Students who are admitted as non-E.U. students (see ADMISSION REQUIREMENTS, section I, §1 and part 2 of the *Calendar – GRADUATE STUDIES AND HIGHER DEGREES*) pay higher fees, termed 'economic fees', than those payable by E.U. students. Students who are classified as non-E.U. students for the purpose of admission shall not be permitted to change their status to that of an E.U. student following admission.

Students from accession countries who entered undergraduate higher education here for the first time in the 2004-05 academic year are entitled to be considered under the free fees initiative. Prior residency in an accession country will be treated as E.U. residency for this purpose. The status of those students who entered higher education prior to the 2004-05 academic year (i.e. prior to the date of accession) will remain unchanged.

#### *Abridgement of courses*

9 Students exempted from part of the undergraduate course pay the fee for the class that they join.

Students who are admitted as Senior Freshmen to an honor course or a professional course, in

## College charges

accordance with the regulations for the various courses, pay €800 (deductible if they subsequently pay an annual fee) when sending in notice of intention to present themselves for the Junior Freshman examination in each case, and if successful in the examination pay the fee for the class that they join.

### *Matriculation examination fee*

10 Candidates intending to take the matriculation examination of the University, in one or more subjects, pay a non-returnable fee of €90. The fee is payable by a fixed date before the examination; see ADMISSION REQUIREMENTS.

### *Application fee*

11 All candidates who apply for direct entry to the College (i.e. not through the Central Applications Office) must pay a non-returnable application fee of €48.

### *Payment of first College fees – E.U. applicants*

12 Students who accept an offer of a place in the College through the C.A.O. must comply in full with the instructions set out in the offer notice. The offer will lapse unless accepted within the specified time period. The right is reserved to cancel the offer despite any part performance of acceptance or payment. Students will be contacted by the College Fees Office with regard to payment of fees due. Students eligible for the Government's tuition fee remission scheme will be liable for the student charge of €800 and the U.S.I. levy of €8. Students in receipt of local authority grants will be liable for the U.S.I. levy only. Students will be required to provide bank receipted evidence of payment of all relevant amounts before registration can take place. Students entering College for the first time, other than through the C.A.O. or as one-term students, must pay €808<sup>1</sup> (deductible if they subsequently pay an annual fee) as soon as they receive an offer of a place.

Students not qualifying for a local authority grant or the Government's tuition fee remission scheme will be billed for the balance of any fees due. Such fees must be paid by 1 September, or if offered a place after 25 August, within seven days of being informed of admission. Students liable for a full annual fee, if E.U., may exercise the option of paying the balance of their fees in two instalments, see §15 below. Local authority grant-holders will have the student charge of €800 paid on their behalf by the local authority on completion of form GF1. All grant-holders must certify that the fees will be paid by a recognised grant authority. If for any reason the relevant authority does not pay the annual tuition fees or the student charge in the case of local authority grant-holders the student will become liable for the fees due.

In cases where students are admitted after the beginning of the academic year no reduction of fees will be granted.

Where a student advises the College before 1 October that the place offered is not being taken up the fee of €808 will be refunded subject to a deduction of €193 (no refunds will be made after 1 October).

See also section II, EXCHEQUER PAYMENT IN RESPECT OF FULL-TIME UNDERGRADUATE TUITION FEES.

### *Payment of first College fees – non-E.U. applicants*

13 Students who wish to accept an offer of a place in the College will be required to return an acceptance fee to secure their place. Details of the due date and method of payment will be included in the offer letter.

### *Payment of subsequent fees*

14 Undergraduate and graduate students not entering the College for the first time, must, unless they are permitted by special regulations to do otherwise, pay the relevant fee of their class or the first instalment, where applicable, if paying in two instalments (see §15 below), on or before 15 September (1 April for graduate students who register in April). Undergraduate students qualifying

---

<sup>1</sup>This payment includes the U.S.I. levy of €8.

## College charges

for the Government's tuition fee remission scheme will be required to pay, to the College as directed on the fee payment form, a student charge of €800 to cover examinations, registration and student services and the U.S.I. levy of €8. Local authority grant-holders will have the charge of €800 paid directly to the College on their behalf by the local authority on completion of form GF1. Where applicable the relevant authority will be invoiced for the tuition fees due. If for any reason the relevant authority does not pay the annual tuition fees or the student charge in the case of local authority grant-holders the student will become liable for the fees due. Please note that all continuing students are billed on the basis that they are successful in examinations upon which their year depends. In the event of students having to repeat their year they will become liable for the full annual fee, see also section II, EXCHEQUER PAYMENT IN RESPECT OF FULL-TIME UNDERGRADUATE TUITION FEES.

### *Fees in two instalments*

15 All E.U. students who are personally liable to pay a full annual fee, i.e. those not qualifying for a local authority grant or the Government's tuition fee remission scheme, may avail of the option to pay their fees in two instalments. The amounts payable will be as set out on the fee payment form. The second instalment where applicable will be payable on or before 1 February 2007 (1 August 2007 in the case of April registrants). Instalments received after the due date and before the end of February (end of August in the case of April registrants) will be subject to a late payment charge of €93. If the second instalment is not paid by the end of February 2007 (end of August 2007 in the case of April registrants) the student's name may be removed from the College books and may be replaced on payment of a replacement fee of €327 together with the balance of fees due. Students who have not notified their tutor, supervisor or other responsible officer before 31 January 2007 that they are withdrawing from College will be liable for the second instalment of fees. Non receipt of a fee payment form by a student will not be accepted as an excuse for non payment of fees or other charges. Non-E.U. students are required to pay their fees in full prior to registration. However, non-E.U. continuing students may apply to the Senior Lecturer or the Dean of Graduate Studies for permission to pay their fees in two instalments, these non-E.U. continuing students will not be required to pay the facilitation charge.

### *Non-publication of examination results*

16 Publication of examination results may be withheld if there are outstanding fees on a student's account. Students must ensure that fees are paid in accordance with §§14 and 15 above and that, where necessary, the Fees Office is correctly notified of any sponsor that may be paying fees on behalf of the student. The payment deadlines also apply to a student's sponsor/local authority. It is the student's responsibility to ensure that they provide their sponsor/local authority with all the details required to confirm their eligibility and facilitate prompt payment.

### *Late registration fees*

17 A charge of €93 will be imposed for late registration (i.e. after 20 October 2006). If late registration has not been completed by 10 November 2006, this charge will increase to €327 and services such as library and e-mail accounts will be withdrawn. Students who do not register by the end of Michaelmas term will be deemed to be withdrawn. In such circumstances undergraduate students must apply to the Senior Lecturer for re-admission and pay a replacement fee of €327. Postgraduate students must apply to the Dean of Graduate Studies for re-admission and pay a replacement fee of €327. In the case of graduate students admitted to the graduate register on 1 April, a charge of €93 will be imposed for registration after 17 April 2007. If late registration has not been completed by 30 April 2007, students must apply for re-admission to College and pay a replacement fee of €327.

### *Refund of fees*

18 The Board accepts no obligation to refund any fee, or any part of any fee, paid in respect of any

### College charges

exercise to be performed in the University. Refunds may, however, be made in the current academic year as stated in §§19 and 20 below.

19 The Treasurer is authorised to make refunds to all students entering College as follows:

- (a) where students who have paid the full annual fee or first instalment thereof notify the College before 1 October that they do not intend to take up the place offered, all fees paid will be refunded except for €193. Application for such refunds must be made to the Treasurer;
- (b) where students, who have already paid the full annual fee, notify their tutor, supervisor or other responsible officer after 1 October but before 31 January (13 July in the case of graduate students admitted on 1 April) that they do not intend to take up the place offered, or that they are withdrawing from College if they have already registered, half of the full annual fee will be refunded. Application for such refunds must be made to the Treasurer;
- (c) where a student has paid €808 to confirm acceptance of a place in College, this amount may be refunded, less €193, where the student notifies the College before 1 October that they do not intend to take up the place.

The foregoing rules apply irrespective of the date on which an offer of a place is made.

20 The Treasurer is also authorised to make refunds to all continuing students as follows:

- (a) where students who have paid the full annual fee due on 15 September fail in an examination held in Michaelmas term on which their class depends, and in consequence discontinue their course, the fees paid will be refunded. Students who have only paid €808 will have this amount refunded if they decide to discontinue their course. Students who are permitted to repeat the year will be billed for the balance of any fees due, if they have not already paid the full annual fee. See also section II;
- (b) where the annual tuition fee has been paid and the students have not returned to College, the fee may be refunded, subject to a deduction of €193, on application to the Treasurer through their tutor, supervisor or other responsible officer. Similarly where students have only paid €808 this amount will be refunded less a deduction of €193. Applications for such refunds must reach the Treasurer before 1 November;
- (c) where students, who have already paid the full annual fee and have completed registration, withdraw from College, one half of the full annual fee will be refunded provided they notify their tutor, supervisor or other responsible officer before 31 January 2007 (13 July in the case of graduate students who register on 1 April). Applications for such refunds must be made to the Treasurer. Where students have only paid €808 no refund will be made.

21 In exceptional cases of financial hardship, requests for refunds of fees outside the limits set out in §§19 (b) and 20 (b) and (c) above may be considered, but such requests should be made through the student's tutor or supervisor to the Financial Assistance Committee.

### *II EXCHEQUER PAYMENT IN RESPECT OF FULL-TIME UNDERGRADUATE TUITION FEES*

1 The following are the eligibility criteria issued by the Department of Education and Science in November 1997 and amended in 2004 in relation to the free fees initiative.

#### *Criteria for determining eligibility*

2 Tuition fees will be paid in respect of E.U. nationals who have been ordinarily resident in an E.U. Member State for at least three of the five years preceding their entry to their third level course subject to the following conditions:<sup>2</sup>

---

<sup>2</sup>This definition of a student eligible for free fees is different from the College's definition of an E.U. student for fee payment purposes. This could result in certain students being classified as E.U. by the College but who may not qualify for 'free fees'.

## College charges

- (a) Tuition fees will be paid only in respect of students attending full-time undergraduate courses other than ESF aided courses in the Regional Technical Colleges and Dublin Institute of Technology. Existing regulations for ESF aided courses will continue to apply.
- (b) The courses must, other than exceptionally, be of a minimum of two years' duration.
- (c) The courses must be followed in one of the approved Colleges.
- (d) Tuition fees will not be paid in respect of students pursuing a second undergraduate course. However, notwithstanding this condition students who already hold a national certificate or diploma and are progressing to a degree course without necessarily having received an exemption from the normal duration of the course may be deemed eligible for free fees.
- Students who have previously pursued but not completed a course which has not attracted exchequer funding may be deemed eligible for free fees subject to compliance with the other conditions of the free fees initiative.
- Students who have pursued a course of third level study which has attracted exchequer funding (e.g. fees, maintenance, tax relief, subsidy towards course cost) and have not secured a terminal qualification and subsequently resume third level studies are not eligible for free fees for the equivalent period of time spent on the first course of study. Part-time and evening students are included in this category.
- Students from accession countries who entered undergraduate higher education here for the first time in the 2004-05 academic year are entitled to be considered under the free fees initiative. Prior residency in an accession country will be treated as E.U. residency for this purpose. The status of those students who entered higher education prior to the 2004-05 academic year (i.e. prior to the date of accession) will remain unchanged.
- (e) Except in the case of second chance students (see (f) below) tuition fees will not be paid in respect of students doing repeat years or in respect of students repeating a year-level having changed (but not completed) their undergraduate course. This condition may be waived in exceptional circumstances such as cases of certified serious illness.
- (f) Tuition fees will be paid in respect of students who, having attended but not completed approved courses, are returning following a break of at least five years in order to pursue approved courses at the same level.
- (g) The tuition fees payable do not include the payment of up to €808 to be made by students towards the cost of registration, examinations and student services.

It is a requirement of the above scheme that eligible students verify that they have returned to College in January with the intention of sitting examinations before the end of the academic year. This is necessary to enable the College to claim payment of the second instalment of tuition fees on behalf of students from the Minister for Education and Science. In this regard all eligible students will be required to complete a re-registration process during January 2007. Details of this re-registration process will be issued to all eligible students in December 2006.

Where students do not register for the academic year by the due date or fail to re-register before 31 January 2007 this will result in the College being unable to claim full tuition fees on their behalf from the Minister and consequently such students would become liable for the full annual fee or the second instalment of their fees, as appropriate. Students who do not intend completing the academic year must notify their tutor or other responsible College officer before 31 January 2007 of their decision to withdraw from College to avoid liability for the second instalment of their tuition fees.

The College may require students to provide proof that they meet the above eligibility criteria by either completing a declaration of compliance and/or providing proof of attendance at previous third level courses where appropriate.

It should also be noted that failure to disclose all relevant information required to determine eligibility for the fee remission scheme may render the student liable for the full fees plus a charge of €37.

## College charges

### III FINANCIAL ASSISTANCE

1 In cases of hardship, the College grants a partial remission of fees to students from outside the European Union one of whose parents is a graduate of the University of Dublin. Applications for such remission should be made to the Senior Tutor before 1 June on forms obtainable from the student's tutor. Applications will be considered from eligible students (other than Junior Freshmen) whose names are on the books of the College. Students are reminded that their applications must be renewed *each year*.

2 There are also funds, endowed by private benefactors, from which assistance can be obtained. Full information is given in the *Calendar*, under FINANCIAL ASSISTANCE.

### IV FEES PAYABLE BY STUDENTS ADMITTED FOR ONE ACADEMIC YEAR OR ONE TERM

1 Students, both undergraduate and postgraduate, admitted for one year or one term in accordance with ADMISSION REQUIREMENTS, section II, §§1-9, pay fees as follows:

One-year students based in the Faculty of Arts and Humanities (excluding the Department of Clinical Speech and Language Studies) and in the Faculty of Social and Human Sciences (excluding the School of Psychology): €4,623 for E.U. or €13,566 for non-E.U.

One-year students based in the Faculties of Engineering and Systems Sciences, Health Sciences, Science, the Department of Clinical Speech and Language Studies and the School of Psychology: €6,132 for E.U. or €17,776 for non-E.U.

One-term students admitted to any faculty will be required to pay a term fee as follows: €1,763 for E.U. or €5,522 for non-E.U.

Students attending for two terms will be required to pay double the one-term fee.

The fees must be paid before 1 September or by the date requested if later.

2 Students may be admitted to attend one specific course of lectures for a term on payment of a fee of €30. To attend more than one course of lectures students must register as and pay the fee prescribed for one-term students. All fees mentioned in this paragraph must be paid before 1 September for Michaelmas term, before 1 December for Hilary term and before 1 March for Trinity term.

### V SUMMARY OF UNDERGRADUATE DEGREE FEES

1 The fees shown below are inclusive of a student charge of €800 covering examinations, registration and student services but do not include the € U.S.I. levy. Eligible students may qualify to have the tuition fee element of the annual fee paid on their behalf by the Minister for Education and Science (see section II above). There is a conferring fee of €104 payable by all students when they apply for Commencements. Students admitted to read for more than one degree simultaneously shall pay one fee, that being the highest of the fees applicable to the courses in question.

#### TWO-SUBJECT MODERATORSHIP COURSES

2 Students taking courses for the B.A. degree pay the following fee:

	E.U.	NON-E.U.
annual fee	€4,623	€13,566

#### FACULTY OF ARTS AND HUMANITIES

3 Students taking courses for the B.A. degree pay the following fee:

	E.U.	NON-E.U.
annual fee	€4,623	€13,566

**College charges**

4 Students taking the course for the B.A.S. degree pay the following fee:

	E.U.	NON-E.U.
annual fee	€7,371	€15,216

5 Students taking the course for the B.Th. degree pay the following fee:

	E.U.	NON-E.U.
annual fee	€4,623	€13,566

6 Students taking the course for the B.Sc. (Clin. Lang.) degree pay the following fee:

	E.U.	NON-E.U.
annual fee	€7,082	€25,000

**FACULTY OF ENGINEERING AND SYSTEMS SCIENCES**

7 Students taking courses for the B.A., or B.A., B.A.I., or B.Sc. (Ing.), or B.Sc. (Comp.) (evening course) degrees pay the following fee:

	E.U.	NON-E.U.
annual fee	€6,132	€17,776

8 Students taking the course for the B.Sc. (Syst. Inf.) (evening course) degree pay the following fee:

	E.U.	NON-E.U.
annual fee	€5,285	€18,103

**FACULTY OF HEALTH SCIENCES**

9 The fees shown below include fees charged for general and special clinical courses but not the booking fees charged by some hospitals. Non-E.U. fees for continuing students or for students entering other than into the first year can be had on request.

10 Students taking courses for the B.A., B.Dent.Sc. degrees pay the following fee:

	E.U.	NON-E.U.
annual fee	€7,967	€25,000

11 Students taking the course for the dental technology degree pay the following fee:

	E.U.	NON-E.U.
annual fee	€3,794	€11,062

12 Students taking courses for the B.A., M.B., B.Ch., and B.A.O. degrees pay the following fee:

	E.U.	NON-E.U.
annual fee	€7,082	€25,000

13 Extern students, i.e. students permitted to attend lectures and classes but not proceeding to degrees of the University, pay the same fee as outlined in §12 above.

14 Students taking the course for the B.Sc. (Hum. Nut.) degree<sup>3</sup> pay the following fee:

	E.U.	NON-E.U.
annual fee	€4,564	€14,860

15 Students taking the course for the B.Sc. (Cur.) degree pay the following fee:

	E.U.	NON-E.U.
annual fee	€6,059	€15,791

16 Students taking courses for the B.N.S. degree or the access programme pay the following fee:

	E.U.	NON-E.U.
annual fee	€5,467	€13,776

---

<sup>3</sup>This is a joint degree programme with the Dublin Institute of Technology.

### College charges

17 Students taking courses for the B.Sc. (Cur. Occ.), or B.Sc. (Physio.), or B.Sc. (Ther. Rad.) degrees pay the following fee:

	E.U.	NON-E.U.
annual fee	€7,082	€25,000

18 Students taking the course for the B.Sc. (Pharm.) degree pay the following fee:

	E.U.	NON-E.U.
annual fee	€6,132	€17,776

### FACULTY OF SCIENCE

19 Students taking courses for the B.A. degree pay the following fee:

	E.U.	NON-E.U.
annual fee (excluding field courses)	€6,132	€17,776

### FACULTY OF SOCIAL AND HUMAN SCIENCES

20 Students taking courses for the B.A., or B.B.S., or B.B.S. (Lang.), or LL.B., or LL.B. (Ling. Germ.), or LL.B. (Ling. Franc.) degrees pay the following fee:

	E.U.	NON-E.U.
annual fee	€4,623	€13,566

21 Students taking the course for the B.S.S. degree pay the following fee:

	E.U.	NON-E.U.
annual fee	€7,082	€17,776

22 Students taking the course for the B.Ed. degree pay the following fee:

	E.U.	NON-E.U.
annual fee (3 years)	€1,313	€3,869
annual fee (4th year)	€4,623	€13,566

23 Students taking the course for the B.Ed. (Home Econ.) degree pay the following fee:

	E.U.	NON-E.U.
annual fee	€815	€2,457

24 Students taking the course for the B.Mus.Ed. degree pay the following fee:

	E.U.	NON-E.U.
annual fee	€4,623	€13,566

25 Students taking the course for the B.Sc. (Bus. and Inf. Tech.) (evening course) degree pay the following fee:

	E.U.	NON-E.U.
annual fee	€5,285	€18,103

### VI SUMMARY OF POSTGRADUATE DEGREE FEES

1 There is a conferring fee of €104 payable by all students when they apply for Commencements.

	E.U.	NON-E.U.
2	Euro €	Euro €
B.D.	qualifying test fee (when applicable)	229
	examination fee (for six divisions)	
	payable on registration	1,030
	dissertation or special examination fee	818

Thesis revision fee (Engineering and Systems Sciences/Science)	one year (see note 5)	1,852	1,852

*Notes*

- 1 The fee applies to students registered for professional higher degrees from their third year onwards, i.e. the examination and degree fee covers the first two years of registration. However, students who are in full-time attendance at Trinity College are liable for the same reduced annual fee as applies for degrees by research (see note 3 below).
- 2 Students who do not complete their master's degree course in the required time will have to re-register and pay the same reduced annual fee as applies for degrees by research (see note 3 below).
- 3 Students entering the third and subsequent years on the M.Sc. (by research) and M.Litt. registers and the fourth and subsequent years on the Ph.D. register will be required to pay this reduced continuation fee.
- 4 This course is organised jointly with the Irish Management Institute.
- 5 Where the revised thesis is submitted within six months of the original thesis submission date a reduced fee of €89 will be payable.
- 6 Students on this course pay the annual fee only for the year spent in Trinity College.

*VII UNDERGRADUATE DIPLOMA AND CERTIFICATE FEES<sup>5</sup>*

		E.U. Euro €
Addiction studies	annual fee	4,410
Certificate in maximising performance and monitoring of training in sport	annual fee	1,339
Deaf studies	annual fee	4,623
Dental hygiene	annual fee <sup>6</sup>	7,009
Dental nursing	annual fee <sup>6</sup>	3,075
European painting	annual fee	1,262
Information studies	annual fee	3,028
Information systems	annual fee	3,138
Irish Sign Language/English interpreting	annual fee	4,623

<sup>5</sup>All non-E.U. diploma/certificate students will be liable for an annual fee of three times the annual E.U. fee or €4,040 whichever is the lower. The only exception to this will be where a specific fee has been set for the course. Please check with the Treasurer's Office for details.

<sup>6</sup>Eligible students pursuing these courses may qualify to have their tuition fees paid by the Minister for Education and Science under the free fees initiative. The above fees for 2006-07 include a charge of €800 in respect of registration, examinations and student services.

**College charges**
