25th March 2019, 17.30pm – 19.30pm

Evening Panel, Trinity Business School, Trinity College
Dublin, Dublin 2.

Investors around the world are making impact investments to unleash the power of capital for good of society. This growing market provides capital to address the world's most pressing challenges in areas such as sustainable agriculture, renewable energy, environmental conservation, microfinance, and affordable and accessible basic services including housing, healthcare, and education.

This evening panel will bring together experts on impact investment and will be open to the wider network of Trinity Business School and the Centre for Social Innovation. We encourage those in the business, finance and social enterprise communities who have an interest in learning more about Social Impact Investment to join us in a robust discussion of the opportunities and challenges for social impact investment in Ireland.

Hosted by the **MSc Financial Risk Management**, Trinity Business School, in collaboration with **The Trinity Centre for Social Innovation**, Trinity College Dublin.
