Trinity College Dublin is an international university, steeped in history with a reputation for excellence in education, research and innovation.
MSc in Digital Marketing Strategy

The MSc in Digital Marketing Strategy is designed to provide you with the knowledge and tools required to become a highly skilled digital marketing strategist. You will learn about digital design, the user experience and how to plan and implement digital strategies.

About the Programme

We focus on how different companies do business in a digital world, coupled with a strong industry and partnership approach. A variety of leading digital companies are represented by expert guest speakers and faculty, including multinational companies such as Google, Facebook, Twitter, HubSpot and Microsoft. With the European headquarters of such companies situated nearby, you have the opportunity to visit them on company trips and learn how to master specific platforms such as Google Ads, Analytics, Facebook Insights and HubSpot tools.

Career Prospects

A comprehensive overview of the digital eco-system, this programme is an excellent foundation for a career working across many industries including technology, retail, consulting, manufacturing and pharma biotech/health. Recent employers include Google, Accenture, eBay and Glanbia.

Hear from
our Graduates

Aimée Louise Carton
MSc in Entrepreneurship Graduate

“The MSc in Entrepreneurship was so different from my two previous degrees as it emphasised practical learning and a real-world approach to entrepreneurship. For example, instead of learning the theory around setting up a business, we were given one week to do just that during the Business Model Innovation module. From day one, myself and my peers were challenged by successful entrepreneurs and investors who pushed us to be the best that we could be. The programme has allowed me to meet incredible friends, professionals and thought leaders as well as my co-founder! We’ve since launched our start-up KeepAppy, which we are pitching shortly on the global stage in Silicon Valley — this simply would not have been possible had I not undertaken this course.”

Current employment: Founder of KeepAppy, Dublin

Andrew J. Chwalik
MSc in Marketing Graduate

“The best thing about being a student at Trinity Business School, besides the extraordinary students, is the high quality educational experience. Each professor has their own experience in a relevant field and utilises their knowledge to teach a specific subject. You get real world experience blended with a nice amount of theory. I couldn’t be happier with the teaching style and diversity of the instructors. The highlight of the programme for me was being able to study a subject I love with so many other bright, young minds that shared in my passion. My classmates came from all over the world and it was amazing working together to develop solutions for current industry problems.”

Current employment: Co-Owner and Operator for Topped Ice Cream & Adjunct Professor at Walsh University, Ohio

Christopher Evert
MSc in Finance Graduate

“Joining Trinity Business School was the best decision I could have taken, not only from an academic standpoint but most importantly for my personal development. The Masters in Finance helped me to build international relationships, expand my network and make new friends. The practical and business case-oriented lectures, tutorials and group projects provide all tools necessary to forge a career in Finance; I got a job in Leveraged Finance less than a month after I submitted my dissertation.”

Current employment: Investment/Corporate Credit Analyst at Guggenheim Partners, Dublin

Sandhya Raghuvanshi
Postgraduate Diploma in Accounting Graduate

“I sought admission in the Postgraduate Diploma in Accounting coming from a non-accountancy background. The modules on offer gave us a deep insight into the subject with constant support and the best possible mix of practical and theoretical knowledge. Exposure to group project work, in-class interactions, and contact with other international students will all be significant for your academic and social life. As soon as I completed the course I got a job offer from one of the Big 4.”

Current employment: Audit Trainee at Deloitte, Dublin

Kevin Haughan
MSc in Management Graduate

“The MSc Management was one of the most rewarding years of my education, thanks to the wide range of engaging classes and the diverse backgrounds of the students that the course attracts. The array of different perspectives among the class makes for extremely interesting team projects, and great friendships. Since finishing the course, I’ve been able to put all of my newly acquired academic knowledge straight into practical use through marketing campaigns, interviewing new hires, conducing financial analyses, managing logistics and leading teams.”

Current employment: Lead Product Analyst at Badoo/Bumble, London

Varun Reddy
MSc in Human Resource Management Graduate

“The MSc in Human Resource Management course is very well designed for students from diverse educational backgrounds. The overall quality of education is excellent and as a Trinity student, I was able to expand my professional network beyond my expectations. All the modules are tailored as per the current industry requirements and delivered by outstanding professors. Company trips organised as a part of this course were another great opportunity for me to acquire practical industry insights and reflect on my learnings. Trinity has been an experience of a lifetime and so were all the personal and professional relationships developed during this journey.”

Current employment: Owner & Founder at All About Planning, Dublin

Délia Ridoux
MSc in Financial Risk Management Graduate

“Trinity was an experience I will never forget and I would highly recommend this programme. The relative small size of the class, coupled with the devotion our lecturers gave us throughout the year was an essential component to the success of my degree. The course offered the opportunity to work as part of a group as well as develop our own knowledge of the different elements of financial risk one can meet in a corporate environment. I am now working in one of the world’s top banks in the Financial Risk Management sector, an opportunity I might never have had without studying the MSc Financial Risk Management programme at Trinity Business School.”

Current employment: Financial Risk Analyst at Citi, Dublin

Philipps von Nerée
MSc in International Management

“I chose Trinity Business School’s MSc in International Management programme based on my interest in the challenges of an increasingly globalised world. It added a great variety of managerial expertise to my economical knowledge that I accumulated in my undergraduate studies. Furthermore, the unique atmosphere of cultural diversity within the class combined with the international residency weeks vastly expanded my awareness of the challenges to internationally operating corporations.”

Current employment: Head of Operations at Semasio GmbH, Hamburg

Jakob Zitzow
MSc in Digital Marketing Strategy Graduate

“My time at Trinity and within the Digital Marketing masters was one of the most important and path-breaking times in my life. The combination of theoretical and academic knowledge combined with powerful, project-oriented hands on work with real life clients make this programme a unique experience. This combination of learned skills enabled me to qualify for one of the best rated and most-known employers in Dublin today. I would recommend this programme to everyone who wants to work in digital marketing, be it at the beginning of their career or somewhere in between!”

Current employment: Key Account Manager at Google, Dublin
