Hear from our Graduates

Aimée Louise Carton
MSc in Entrepreneurship Graduate

Current employment: Founder of KeepAppy, Dublin

“The MSc in Entrepreneurship was so different from my two previous degrees as it emphasized practical learning and a real-world approach to entrepreneurship. For example, instead of learning the theory around setting up a business, we were given one week to do just that during the Business Model Innovation module. From day one, myself and my peers were challenged by successful entrepreneurs and investors who pushed us to be the best that we could be. The programme has allowed me to meet incredible friends, professionals and thought leaders as well as my co-founder! We’ve since launched our start-up KeepAppy, which are pitching shortly on the global stage in Silicon Valley — this simply would not have been possible had I not undertaken this course.”

Andrew J. Chwalik
MSc in Marketing Graduate

Current employment: Co-Owner and Operator for Topped Ice Cream & Adjunct Professor at Walsh University, Ohio

“The best thing about being a student at Trinity Business School, besides the extraordinary students, is the high quality educational experience. Each professor has their own experience in a relevant field and utilizes their knowledge to teach a specific subject. You get real world experience blended with a nice amount of theory. I couldn’t be happier with the teaching style and diversity of the instructors. The highlight of the programme for me was being able to study a subject I love with so many other bright, young minds that shared in my passion. My classmates came from all over the world and it was amazing working together to develop solutions for current industry problems.”

Christopher Ewert
MSc in Finance Graduate

Current employment: Investment/Corporate Credit Analyst at Guggenheim Partners, Dublin

“Joining Trinity Business School was the best decision I could have taken, not only from an academic standpoint but most importantly for my personal development. The Masters in Finance helped me to build international relationships, expand my network and make new friends. The practical and business case-oriented lectures, tutorials and group projects provide all the tools necessary to forge a career in Finance; I got a job in Leveraged Finance less than a month after I submitted my dissertation.”

Délia Ridoux
MSc in Human Resource Management Graduate

Current employment: Lead Product Analyst at Badoo/Bumble, London

“I sought admission in the Postgraduate Diploma in Accounting coming from a non-accountancy background. The modules on offer gave us a deep insight into the subject with constant support and the best possible mix of practical and theoretical knowledge. Exposure to group project work, in-class interactions, and contact with other international students will all be significant for your academic and social life. As soon as I completed the course I got a job offer from one of the Big 4.”

Sandhya Raghuvanshi
Postgraduate Diploma in Accounting Graduate

Current employment: Audit Trainee at Deloitte, Dublin

“Trinity was an experience I will never forget and I would highly recommend this programme. The relative small size of the class, coupled with the devotion our lecturers gave us throughout the year was an essential component to the success of my degree. The course offered the opportunity to work as part of a group as well as develop our own knowledge of the different elements of financial risk one can meet in a corporate environment. I am now working in one of the world’s top banks in the Financial Risk Management sector, an opportunity I might never have had without studying the MSc Financial Risk Management programme at Trinity Business School.”
