MSc in Entrepreneurship

Develop your skills with Europe’s no. 1 University for producing entrepreneurs

Designed for those with an entrepreneurial mindset, this programme provides students with the knowledge and practical ability to start a new venture, finance start-ups, support new enterprise or scale and grow existing businesses.

The programme has a unique focus on ethical behaviour and the wellbeing of the entrepreneur amidst the stressful nature of new enterprise development.

“During this intensive one-year programme, students will learn from successful entrepreneurs and international faculty about how to launch a company, scale SMEs and lead growth within MNCs.

Entrepreneurial skills are valuable to students who wish to start their own company, but also to students who wish to join global corporations in the technology, financial and consulting sector.

Trinity is Europe’s leading university in entrepreneurship and is based in one of the world’s most vibrant innovation ecosystems. Our students are some of the most successful entrepreneurs in today’s business environment.”

Giulio Buciuni, Programme Director

Career Services & Development

Trinity Business School has a dedicated career development team to help identify your ideal career path and provide advice on how to achieve your goals. Services include workshops, one-to-one coaching, career psychometric tests and visits from top global employers.

Entrepreneurship graduates can establish a new venture or gain employment across a number of industries including finance and venture capitalism, IT, telecoms, social media, retail, tourism, pharmaceutical, healthcare, education, government, and social enterprise.
This programme is designed specifically for students with a quantitative background who want to develop the analytical and technical skills required to succeed in modern financial services. Trinity Business School is partnered with the Chartered Alternative Investment Analyst Association and the Chartered Financial Analyst Institute – both of whom have recognised the academic rigour and industry-relevant skills taught in this programme. Delivered by expert faculty and leading finance practitioners, students gain skills through Bloomberg training and real-life case studies to give them the edge in the competitive job market.

“...“This programme blends academic rigour and practical skills and includes finance simulations in trading and portfolio management. This blended learning combined with our links to industry and global reputation means that our graduates highly employable. The internationally recognised CAIA and CFA affiliated programme, international faculty and diverse range of students prepare our graduates for the world of global business.”

Career Services & Development

Trinity Business School has a dedicated career development team to help identify your ideal career path and provide advice on how to achieve your goals. Services include workshops, one-to-one coaching, career psychometric tests and visits from top global employers.

91% of MSc Finance students secured job offers within 3 months of graduation (class of 2015/16). Many of our graduates complete exams with CFA or CAIA or gain employment in global companies such as Accenture, Deloitte and Google, or find their niche in smaller organisations and start-ups.

“...The MSc in Finance has been my best investment to date. The engaging and prominent lecturers, the depth of the programme’s curriculum and the potential to become involved in extra-curricular activities is superb.

For example, the CFA Research Challenge and the Trinity Student-Managed Fund both provide students with invaluable access to industry mentors, and the sort of experience that employers are increasingly looking for.”

John Harrington.
Current employment: Assistant Vice President, Deutsche Bank, London
This rigorous programme introduces you to the tools and skills of modern financial risk management, including the key themes that influence all industries, such as market, credit and operational risk.

Industry professionals, practitioners and consultants from around the world teach students how to forecast, react and minimalise risk. Students will also gain practical skills through Bloomberg training and real-life case studies to give them the edge in a competitive job market.

Enhance your employability as a financial risk specialist

Dr. Ranadeva Jayasekera, Programme Director

“"This rigorous programme introduces you to the tools and skills of modern financial risk management. Our expert faculty and industry practitioners bring cutting edge expertise to the classroom. Our graduates are ideally placed to embark in a variety of careers, such as investment banking, hedge fund management and risk oversight.

Furthermore, they are prepared for GARP - FRM examinations (the globally recognized professional designation for financial risk managers) helping them to maximize their career potential in this exciting industry.”

This programme is specifically designed for business graduates who wish to pursue an international career or work in organisations that target global markets.

The intensive programme equips students with the knowledge and the practical skills to operate within the global business environment and develop the cultural acumen to communicate and negotiate in different cultures and global markets. Students also have the option to customise their degree with a range of exciting and diverse electives.
Career Services & Development

Trinity Business School has a dedicated career development team to help identify your ideal career path and provide advice on how to achieve your goals. Services include workshops, one-to-one coaching, psychometric tests and site visits from top global employers.

92% of International Management graduates have secured a job offer within three months of graduation. The diverse mix of the class means that our graduates gain employment across a number of industries including social media, financial services, operations, pharmaceuticals, education, government and social enterprises around the globe.

“This programme added a great variety of managerial expertise to my undergraduate studies in Economics. The unique atmosphere of cultural diversity, combined with lectures in Shanghai, expanded my knowledge of international business.

It provided me with the skillset needed to plan and drive forward large post-merger integration projects as a management consultant.”

Philippus Von Neree
Current employment: Senior Consultant, BearingPoint, Germany
This programme is uniquely designed for non-business graduates to become skilled in the language of management. We approach this task in two interconnected ways. Firstly, we equip students with an in-depth knowledge of each core business function from HR to Marketing and Finance to Strategy.

Secondly, our experiential learning model that means students ‘learn by doing’ that includes a range of guest speakers, company visits, group work and presentations. Our graduates develop refined critical thinking skills, communication skills and cutting edge business acumen. They are ready to join any organisation (or set up their own) and bring a global perspective to its success.”

Padraic Regan, Programme Director

This programme is designed for non-business graduates who want to succeed in today’s globalised business environment. Designed to complement all undergraduate disciplines, it provides a solid grounding in the practices and principles of management. The diverse class includes students from many different locations and academic backgrounds, including arts, law, science, engineering and medicine. Through a mix of interactive discussion, expert industry speakers and case studies, students learn to critically analyse real strategic business issues, manage conflict and develop their personal leadership style.

Postgraduate Diploma in Accounting

Fast track your career with a professional accounting degree

Designed for non-accounting graduates, this conversion course fast tracks students towards becoming a qualified accountant and focuses on the fundamentals of financial accounting, management accounting, corporate finance, audit, taxation and related areas.

Students gain significant exemptions from professional accountancy examinations which would otherwise take up to three years to complete.

“This programme enables students to fast track their accountancy career. On completion, students enjoy significant exemptions from the exams of Chartered Accountants Ireland, ACCA, CIMA, and other professional bodies.

Our faculty come from practitioner backgrounds so students gain the technical skills and commercial know-how needed to succeed in accountancy. Our students are in demand by accountancy firms, the vast majority of our 2016/17 class had secured job offers or training contracts before they had even graduated.”

Neil Dunne, Programme Director

Partners
Official Programme Partners CIMA, Chartered Accountants Ireland, ACCA, Irish Tax Institute

Fast Track
8 Month Conversion Programme
In eight months of study, graduates attain:

- The full suite of exemptions from the ACCA ‘Fundamentals’ exams, i.e. papers F1 to F9
- The full CAP 1 exemption from Chartered Accountants Ireland (ACA)
- Graduates also attain exemptions from Papers C1-C5, E1, P1, F1 and P2 of the CIMA exams
- Group 2 exemptions from the Irish Tax Institute examinations
