This rigorous programme introduces you to the tools and skills of modern financial risk management, including the key themes that influence all industries, such as market, credit and operational risk.

Industry professionals, practitioners and consultants from around the world teach students how to forecast, react and minimalise risk. Students will also gain practical skills through Bloomberg training and real-life case studies to give them the edge in a competitive job market.
Career Services & Development

Trinity Business School has a dedicated career development team to help identify your ideal career path and provide advice on how to achieve your goals. Services include workshops, one-to-one coaching, career psychometric tests and visits from top global employers. After graduation, students can move on to complete their exams with PRMIA (Professional Risk Managers' International Association) or FRM (Global Association of Risk Professionals).

Financial Risk Managers are an essential component to every company worldwide and positions in this field continue to be in high demand. An internship in Canary Wharf will be provided for the highest performing student on the programme, where they will learn from trading practitioners in a live environment and gain unprecedented experience to move forward in their career.

“ This programme is highly technical and offers a balance of theoretical and empirical hands on knowledge that enhanced my employability in the field of banking, insurance and financial services.

Leading practitioners give students a taste of the real financial world and a dedicated career services team host networking events all year round. ”

Priyanka Dubey
Account Manager
at Eagle Alpha Limited
Graduate 2017
