Postgraduate Diploma in Accounting
Fast track your career with Ireland's leading and Europe's 10th best masters*

Designed for non-accounting graduates, this conversion course fast tracks students towards becoming a qualified accountant and focuses on the fundamentals of financial accounting, management accounting, corporate finance, audit, taxation and related areas.

Students gain significant exemptions from professional accountancy examinations which would otherwise take up to three years to complete.

*Eduniversal, 2018

Neil Dunne,
Programme Director

“...This programme enables students to fast track their accountancy career. On completion, students enjoy significant exemptions from the exams of Chartered Accountants Ireland, ACCA, CIMA, and other professional bodies.

Our faculty come from practitioner backgrounds so students gain the technical skills and commercial know-how needed to succeed in accountancy. Our students are in demand by accountancy firms, the vast majority of our 2016/17 class had secured job offers or training contracts before they had even graduated.”

Trinity Business School

**Your Career**

Graduates of this programme are finding employment opportunities with many top accountancy firms including KPMG, Deloitte, PwC and Grant Thornton. Many secured training contracts before graduation.

“...The programme is a very intense but very rewarding experience and qualified me for a number of professional exemptions, which was a valuable asset in securing a training contract. Having previously studied Biochemistry, I was grateful to find a programme specially designed for non-majors.

The fact that everyone started on the same level built a wonderful sense of camaraderie, and it’s a lasting bond that will exist beyond our time at Trinity Business School.”

Vivian Zeng, Graduate Trainee Chartered Accountant with Pfizer
