MSc in Finance

Get the competitive edge with this internationally recognised and CFA affiliated programme

This programme is designed specifically for students with a quantitative background who want to develop the analytical and technical skills required to succeed in modern financial services.

Trinity Business School is partnered with the Chartered Alternative Investment Analyst Association and affiliated to the Chartered Financial Analyst Institute – both of whom have recognised the academic rigour and industry-relevant skills taught in this programme. Delivered by expert faculty and leading finance practitioners, students gain skills through Bloomberg training and real-life case studies to give them the edge in the competitive job market.

“This programme blends academic rigour and practical skills and includes finance simulations in trading and portfolio management. This blended learning combined with our links to industry and global reputation means that our graduates highly employable.

The internationally recognised CAIA and CFA affiliated programme, international faculty and diverse range of students prepare our graduates for the world of global business.”

Aleksandar Sevic,
Programme Director

---

“The MSc in Finance has been my best investment to date. The engaging and prominent lecturers, the depth of the programme’s curriculum and the potential to become involved in extra-curricular activities is superb.

For example, the CFA Research Challenge and the Trinity Student-Managed Fund both provide students with invaluable access to industry mentors, and the sort of experience that employers are increasingly looking for.”

John Harrington.
Current employment: Assistant Vice President, Deutsche Bank, London
