MSc in Financial Risk Management

Enhance your employability as a financial risk specialist

This rigorous programme introduces you to the tools and skills of modern financial risk management, including the key themes that influence all industries, such as market, credit and operational risk.

Industry professionals, practitioners and consultants from around the world teach students how to forecast, react and minimalise risk. Students will also gain practical skills through Bloomberg training and real-life case studies to give them the edge in a competitive job market.

“...indicates the tools and skills of modern financial risk management. Our expert faculty and industry practitioners bring cutting-edge expertise to the classroom. Our graduates are ideally placed to embark in a variety of careers, such as investment banking, hedge fund management and risk oversight.

Furthermore, they are prepared for GARP - FRM examinations (the globally recognized professional designation for financial risk managers) helping them to maximize their career potential in this exciting industry.”
