Dean’s Welcome
Professor Andrew Burke

I am delighted to introduce you to Trinity Business School. We are the business school of a world famous university located in our new state-of-the-art building at the heart of an historic campus in the centre of Dublin; an international capital city and a hub for global business. We are the only university in Ireland, who are part of the elite League of European Research Universities. The Business School is part of the prestigious Council of Business & Society global consortium and is internationally accredited by AMBA and EQUIS; the latter placing it amongst the top 1% of business schools in the world. Our range of masters programmes are designed to develop well-rounded and highly capable business graduates in order to enhance their careers and the performance of organisations in which they are engaged. Our global community of students learn cutting-edge real world management techniques from both leading researchers and high performance business executives. We also seek to produce graduates who are a force for good in the world – using their skills to put in more than they take out of any situation in which they are involved. Our global reach and impact is evident, with representation from 57 countries in our graduating class of 2019 alone.

This year, we opened our new state-of-the-art building. This near zero energy, six-storey building includes an innovation and entrepreneurial hub, a 600 seat auditorium, smart classrooms and the latest digital technology; and it remains in the heart of Trinity’s campus. This growth has enabled our ambitious expansion of curriculum, faculty and research across international business, finance, management and entrepreneurship.

Earning a masters is equal parts challenging and rewarding. We want our students to immerse themselves in rigorous research which both serves and critically evaluates business and also to ‘join the conversation’ with the many clubs, societies, guest speakers and employer led events on offer.

I hope you enjoy exploring the MSc programmes on offer for 2020/21 in this brochure. One day I hope to have the pleasure of welcoming you to our School and its exceptional community!
A World Class Business School

The new business school building, opened in May 2019, is an €80 million 11,400 square metre building designed to promote the health and well-being of its users. It includes an innovation and entrepreneurial hub, a 600 seat auditorium, a restaurant, smart class-rooms with the latest digital technology, and a rooftop conference room.

The business school is located in the historic and beautiful campus of Trinity, a world renowned university located at the core of Dublin, an international capital city and hub for global business. This powerful business network contributes to our programmes and global alumni community.

MSc in Business Analytics

Our MSc in Business Analytics is ideal for students with a quantitative background. It will equip graduates with the skills and knowledge to launch a career in this fast-expanding field. Gain critical thinking skills and develop expertise to analyse and organise business data and derive actionable insights from them. In an increasingly digital world, organisations now need evidence based reports to inform decisions and organise the vast amounts of data from multiple sources.

Features & Benefits

- Highly interactive lessons with opportunities to develop presentation skills, analyse real life case studies and work in group assignments.
- International network. Study alongside students from all over the world.
- Hands on approach for skills development. Expertise development in industry relevant tools like R and Tableau.
- Strong industry and partnership approach. Many of our guest speakers come from top tech firms nearby.

About the Programme

This semi technical course will focus on the application of modern operational research and management science techniques to solve business problems and support management decisions. Gain a wide range of capabilities including technical skills, business knowledge and advanced problem solving methods. Students will be introduced to various analytic frameworks like CRISP-DM and gather an understanding of the rising global legislation in the area of data management. In the final term students can choose to complete an industry project to gain real business experience or pursue a dissertation on a topic of their choosing.

Career Prospects

Data analytics has become a critical and in-demand skill as business becomes increasingly digital, students will be equipped for careers in all business sectors such as government, healthcare, education, transportation and many others where decisions and policies need to be supported by data-based evidence. Business analytics professionals can gain employment in a variety of roles such as Operations Analysts, Data Scientist, Management Consultant, Financial Analyst and Project Associate.

Curriculum

This one year programme delivers 12 core modules designed to build your knowledge and understanding of Business Analytics. Modules may include:

- Foundations of Business Analytics
- Data Management and Visualization
- Business Data Mining
- Business Forecasting
- Strategy for Analytics
- Ethical and Privacy Issues in Business Data
- Business Decision Optimization
- Marketing research and Analytics
- Financial Modelling and Analysis
- Operation Analytics
- Social Media Analysis
- Big Data and AI in Business

Curriculum subject to change

Research Project

A research project will allow you to showcase the knowledge you have gained and enhance your career potential by specialising in a particular area.

“When Clive Humby said in 2006 that ‘Data is the New Oil’, he could not have been more prophetic. Rise of data driven businesses, backed by new data sources like social media, Internet of Things, Blockchain have ensured that the future of management belongs to data literate managers. The program has been designed building on my experience of running business analytics programs in multiple countries. It aims to train students in technical aspects like predictive and prescriptive analytics along with business applications like marketing, finance and supply chain to be ready for future of managerial jobs.”

MSc in Digital Marketing Strategy

The MSc in Digital Marketing Strategy is designed to provide you with the knowledge and tools required to become a highly skilled digital marketing strategist. You will learn about digital design, the user experience and how to plan and implement digital strategies.

About the Programme
We focus on how different companies do business in a digital world, coupled with a strong industry and partnership approach. A variety of leading digital companies are represented by expert guest speakers and faculty, including multinational companies such as Google, Facebook, Twitter, HubSpot and Microsoft. With the European headquarters of such companies situated nearby, you have the opportunity to visit them on company trips and learn how to master specific platforms such as Google Ads, Analytics, Facebook Insights and HubSpot tools.

Career Prospects
A comprehensive overview of the digital eco-system, this programme is an excellent foundation for a career working across many industries including technology, retail, consulting, manufacturing and pharma biotech/health. Recent employers include Google, Accenture, Ebay and Glanbia.

Features & Benefits
- Ranked 1st in the world for E-Business and Digital Marketing Eduniversal 2019.
- Strong industry and partnership approach. Many of our visiting lecturers and guest speakers come from top tech firms nearby.
- Practical skills. Master platforms such as Google Ads, Facebook Insights and HubSpot tools.
- Present, pitch and create. A learning model designed to mirror the real world competencies needed for a career in Digital Marketing.

“Our graduates gain the cutting-edge technical skills, the business acumen and the strategic vision needed to become effective marketing strategists in the workplace. Our expert industry practitioners who teach on the programme often hire our graduates. If you have a passion for digital marketing, this programme will kick start your career.”
Laurent Muzellec, Programme Director of MSc in Digital Marketing Strategy.

MSc in Marketing

This intensive programme is designed to equip you with the relevant skills required for a successful career in Marketing. With a blend of traditional and contemporary thinking, we ensure that our students understand the fundamental building blocks of ‘how to market’ in the 21st century and the modern technologies that connect businesses to their consumers today.

About the Programme
Analysed and practice-based training is delivered by expert faculty and executives from top multinationals, with a focus on providing corporate connections to the marketing and digital marketing industries. This programme focuses on marketing strategy, branding, advertising, consumer behaviour and the digital marketing communication skills required for graduates to excel in their choice of specialised marketing career.

Career Prospects
This programme delivers a balanced curriculum of traditional marketing strategy, branding, consumer psychology and the communication skills required for graduates to excel in their employment of choice. It allows graduates to seek roles in industry, agency, communications or digital firms. Current graduates have careers across many industries including technology, retail, consulting and hospitality. Recent employers include Oracle, Amazon, Facebook and Accenture.

Features & Benefits
- Ranked 1st in Ireland and 5th in Western Europe for Marketing Eduniversal 2019.
- Graduates from all disciplines. No prior marketing knowledge required.
- Strong industry and partnership approach. Many of our visiting lecturers and guest speakers are leaders in advertising, brand and digital marketing.
- Highly interactive lessons with opportunities to develop presentation skills, deal with real-life case studies and work in group assignments.

“The marketing profession is changing rapidly with new ways of engaging and communicating with customers, as well as new ways of offering value, not just to customers, but to society as a whole, developing almost daily. Working within dynamic teams on specified marketing projects, we encourage and teach our students to apply critical thinking to all aspects of marketing thought and practice to develop effective marketing solutions, while also facilitating the development of vital interaction, communication and negotiation skills. This programme enables our students to be forward thinking in their approach and future career.”

Sarah Browne, Director of MSc in Marketing.

Curriculum
This one year programme offers a number of core modules and the option to customise your degree with a range of exciting electives and a dissertation. Modules may include:

MSc in Entrepreneurship

This programme is specifically designed for those with an entrepreneurial mindset, providing students with the specialist knowledge and practical ability to start a new venture, finance start-ups, support new enterprise or scale and grow existing businesses.

About the Programme
You will have access to Trinity’s entrepreneurship programmes including LaunchBox, Blackstone Launchpad and the Trinity Entrepreneurial Society. Learn how to launch a company, scale SMEs and lead growth. There is also a unique focus on ethical behaviour and the well-being of the entrepreneur amidst the stressful nature of new enterprise development.

Career Prospects
Entrepreneurship graduates can establish a new venture or gain employment across a number of industries including finance and venture capitalism, IT, telecoms, social media, retail, tourism, pharmaceutical, healthcare, education, government, and social enterprise.

Features & Benefits
- Create a business plan. Create a comprehensive plan to include market and competitor analysis, funding and growth strategy.
- Learn from actual entrepreneurs with our ‘Entrepreneur in Residence’ support feature.
- Present, pitch and create. A learning model designed to mirror the task of an Entrepreneur.

“During this intensive one-year programme, students will learn from successful entrepreneurs and international faculty about how to launch a company, scale SMEs and lead growth within MNCs. Entrepreneurial skills are valuable to students who wish to start their own company, but also to students who wish to join global corporations in the technology, financial and consulting sector. Trinity is Europe’s leading university in entrepreneurship and is based in one of the world’s most vibrant innovation ecosystems. Our students are some of the most successful entrepreneurs in today’s business environment.”

Giulio Bucioni, Director of MSc in Entrepreneurship.

Curriculum
This one year programme gives you the option to customise your degree with a range of exciting and diverse electives. Modules may include:

---

RESEARCH PROJECT
You undertake a business plan or company research project, individually or in groups, instead of the standard dissertation.
MSc in Human Resource Management

Designed for students from all disciplines, this programme has been fully accredited by CIPD, HR Certification Institute, and is fully aligned with the Society for Human Resource Management. You will gain the specialist knowledge and practice-based ability that are vital in the world of human resources and business performance.

About the Programme

This is the only programme in Ireland that is accredited and aligned with the three largest HR bodies globally and one of few globally to include HR analytics, which was recently introduced to meet industry demands. The programme is research-led, evidence-based and practice-driven. Senior practitioners from industry teach on the programme to offer you a strong combination between research and practice. You will also go beyond the classroom and learn in real organisations via the Human Resource Management in Practice module.

Focusing on key themes such as organisational business strategy, innovation and growth, strategic decision-making and diversity and inclusion management, you will develop your professional skills including communication, negotiation and ethics.

Career Prospects

With increasing corporate focus on attracting, retaining and nurturing talent, graduates have a range of options in the field of HRM. Our dedicated programme-based career service teams will support your search. Graduates can gain employment in any industry such as financial services, operations, pharmaceuticals, education, government and social enterprise.

DISSERTATION

The dissertation allows you to showcase the knowledge you have gained and enhance your career potential by specialising in a particular area.
**MSc in Finance**

This specialist and highly ranked programme is designed for students who want to develop the analytical and technical skills required to succeed in modern financial services. Students gain practical skills with access to Bloomberg terminals and are challenged to get involved in the very popular Trinity Student Managed fund.

**About the Programme**

Delivered by expert faculty and leading finance practitioners, you will receive the highest analytical and practical training possible through Bloomberg training, finance simulations and real-life case studies. Trinity Business School is partnered with the Chartered Alternative Investment Analyst Association and affiliated to the Chartered Financial Analyst Institute – both of whom have recognised the academic rigour and industry-relevant skills taught in this programme.

**Career Prospects**

Many students build professional connections during their studies and go on to work in global companies such as Deloitte, KPMG, Statestreet, EY and PwC, with popular employment sectors including finance, government, consulting, retail and energy.

---

**Features & Benefits**

- Gain practical skills with Bloomberg terminals and the Trinity Student Managed Fund.
- Highly interactive lessons with opportunities to develop presentation skills, deal with real-life case studies and work in group assignments.
- Partnered with CAIA and affiliated to Chartered Financial Analyst (CFA) Institute – both of whom have recognised the academic rigour and industry-relevant skills taught to students.

---

“This programme blends academic rigour and practical skills and includes finance simulations in trading and portfolio management. This blended learning combined with our links to industry and global reputation means that our graduates are highly employable. The internationally recognised CAIA and CFA affiliated programme, international faculty and diverse range of students prepare our graduates for the world of global business.”

**Aleksandar Sevic, Director of MSc in Finance.**

MSc in
Financial Risk Management

This programme is designed for students with a quantitative background who want to explore how financial tools can be used to mitigate risk for corporations and society. Industry professionals, practitioners and consultants from around the world will teach you how to forecast, react to and minimalise risk.

About the Programme
We deliver a comprehensive understanding of the core pillars of risk management; credit risk, market risk and operations risk to ensure you have the theoretical foundation for success. You will learn how to explore the key financial tools that are used to mitigate risk, how to interpret and assess the risk of individual financial instruments and assets and how to develop the critical skills to assess the results. This programme is partnered with PRMIA & GARP maximising your career potential in the field of risk management. You will gain practical skills through Bloomberg training and real-life case studies to give you an edge in the competitive job market.

Career Prospects
Officially recognised by GARP, the programme helps to prepare students for the likes of FRM and PRMIA examinations. The top employment sectors for graduates of this course are financial services, consulting and technology. Typical employers include investment banks, hedge funds, and financial institutions.

Features & Benefits
- Highly interactive lessons with opportunities to develop presentation skills, deal with real-life case studies and work in group assignments.
- Bloomberg terminals. Access and analyse real-time financial market data with the system used by most large financial firms.
- GARP and PRMIA recognised programme and programme partner.

“This rigorous programme introduces you to the tools and skills of modern financial risk management. Our expert faculty and industry practitioners bring cutting edge expertise to the classroom. Our graduates are ideally placed to embark in a variety of careers, such as investment banking, hedge fund management and risk oversight. Furthermore, students are prepared for GARP - FRM examinations (the globally recognized professional designation for financial risk managers) helping them to maximise their career potential in this exciting industry.”

Ranadeva Jayasekera, Director of MSc in Financial Risk Management.

Curriculum
This one year programme offers a number of core modules and the option to customise your degree with a range of exciting electives and a dissertation. Modules may include:

CORE
- Corporate Finance
- Derivatives
- Credit and Fixed Income Instruments
- Credit Risk
- Market Risk
- Operational Risk
- Risk Quantification & Measurement
- Mathematics of Contingent Claims

ELECTIVE
- Financial Econometrics
- Advanced Statement Analysis
- Treasury Management
- Portfolio & Wealth Management
- Finance, Policy & Politics
- Energy Finance and Trading
- Private Equity
- Financial Markets & Institutions
- Financial Modelling & Scenario Analysis
- Panel & Cross Sectional Data Analysis
- Enterprise Risk Management
- Trading Psychology & Behavioural Analysis
- Impact Investment & Risk Management
- Business Ethics

DISSERTATION
The dissertation allows you to showcase the knowledge you have gained and enhance your career potential by specialising in a particular area.
This interdisciplinary masters is jointly offered by the Law School and Trinity Business School. This course is structured to include foundational and advanced material to build students’ knowledge and understanding of law and finance. It will provide you with the capacity to embrace current and future changes in respect of financial regulation, EU law and financial innovation.

Features & Benefits

- Interdisciplinary study. A unique opportunity to gain a solid background in Law and Finance.
- Flexible and wide ranging electives. Select 30 credits of modules from both disciplines.
- Highly interactive lessons with opportunities to develop presentation skills, deal with real-life case studies and work in group assignments.
- International network. Study alongside students from all over the world.
- Research project. An opportunity to delve into an area of interest with the capstone research project under the guidance of a professor from Law or Finance. You decide.

About the Programme

This programme is designed to provide a solid theoretical background in the broad area of both law and finance. You can choose to specialise in different areas of both disciplines through a series of elective modules and will be equipped with the technical and analytical skills to understand and implement financial and legal concepts.

Career Prospects

Graduates can gain employment in a range of roles within the financial services industry as well as the legal sector and will be well placed to tackle business challenges with an understanding of both the legal and financial aspects, which is crucially important to organisations operating in an increasingly dynamic and complex world.

“Trinity Business School and the School of Law are delighted to offer the opportunity for interdisciplinary study at postgraduate level. The programme will provide students with the knowledge and skills to operate across both law and financial services; two crucial areas in any business environment”

Martha O’Hagan Luff, Assistant Professor in Finance.

Curriculum

This one year programme gives you the options to customise your degree with a range of exciting and diverse electives. Modules may include:

CORE
- Corporate Finance & Corporate Governance
- Business Ethics
- Investment Theory
- EU Financial Services Law

ELECTIVE
- EU Aviation Law
- International Aviation Law
- International Business Tax Law
- International Economic Law
- International Trade Law
- Law & Risk
- Mergers & Acquisitions
- Regulation of Alternative Investment Funds
- Financial Econometrics
- Financial Markets & Institutions
- Finance, Policy & Politics
- International Finance
- International Financial Statement Analysis
- Private Equity
- Treasury Management
- Venture Capital

You will have a choice of a dissertation supervised either by the Law School or by Trinity Business School, with interdisciplinary perspectives being encouraged.
MSc in Management

This programme is designed for non-business graduates who want to succeed in today’s globalised business environment. This conversion programme gives you core management skills and insights into a variety of different business sectors, ranging from marketing to entrepreneurship.

About the Programme
Designed to complement all undergraduate disciplines, you will gain a solid grounding in the practices and principles of management. Through a mix of interactive discussion, expert industry speakers and case studies, you will learn to critically analyse real strategic business issues, manage conflict and your personal leadership style. You will also learn from a diverse class of students from different locations and academic backgrounds, including arts, law, science, engineering and medicine.

Career Prospects
This programme provides an excellent platform for previously non-business graduates looking to change direction and industry. The top employment sectors for graduates of this course are consulting, technology, financial services and media/entertainment with recent employers including Deloitte, KPMG, Accenture and EY.

Features & Benefits
- Ranked 1st in Western Europe for General Management. Eduniversal 2019.
- Graduates from all disciplines. No prior business background required.
- Strong industry and partnership approach. Many of our visiting lecturers and guest speakers are leaders in industry.
- Experiential learning model. Students ‘learn by doing’ including a range of guest speakers, group work and presentations.

“"This programme is uniquely designed for non-business graduates to become skilled in the language of management. We approach this task in two interconnected ways. Firstly, we equip students with an in-depth knowledge of each core business function from HR to Marketing and Finance to Strategy. Secondly, our experiential learning model that means students ‘learn by doing’ that includes a range of guest speakers, group work and presentations. Our graduates develop refined critical thinking skills, communication skills and cutting edge business acumen. They are ready to join any organisation (or set up their own) and bring a global perspective to its success.”

Louis Brennan, Director of MSc in Management.

Curriculum
This one year programme offers 12 core modules designed to build the management skills necessary to succeed in today’s globalised business environment. Modules may include:

- Project Management
- Implementing Marketing: Theories & Practices
- Strategic Management

MSc in Operations and Supply Chain Management

Ideal for students with strong analytical skills or background, this programme equips graduates with the tools and expertise to manage supply chain processes and their connected operations in a global and increasingly digitalised marketplace. Monitoring risk, leveraging innovation and managing collaboration are some of the core themes embedded in this programme.

About the Programme

As well as the solid theoretical expertise gained in the classroom, you will gain first-hand experience working directly with the major digital and financial companies locally. Operations and supply chain management are important areas for businesses to understand in order to deliver their products and services as effectively and efficiently as possible.

Career Prospects

Graduates can gain employment across a number of industries. The supply chain industry is continuing to grow and graduates with these in-demand skills are sought after. The e-commerce boom and technological revolution witnessed across industries globally has fuelled the need for warehouses to speed up logistics operations and streamline supply chain management processes.

Features & Benefits

- Graduates from all disciplines. Suitable for quantitatively focused students but no prior business background is required.
- Strong industry and partnership approach. Many of our visiting lecturers and guest speakers are leaders in industry.
- Highly interactive lessons with opportunities to develop presentation skills, deal with real-life case studies and work in group assignments.

“Supply chains exist for every product and service that we consume, directly or indirectly. This programme allows students to develop a strategic and analytical perspective of global, interconnected supply chains and their increasing complexity. There is a strong demand in the marketplace for graduates with the skills and modes of thinking to address key challenges across a variety of business sectors. The programme also embraces contemporary issues such as innovation, risk management and data analytics.”

Yufei Huang, Director of MSc in Operations and Supply Chain Management.

Curriculum

This one year programme delivers 12 core modules designed to build your knowledge and understanding of operations and supply chain management. Modules may include:

CORE
- Operations Management
- Global Supply Chain Management
- Introductory Finance
- Business Analytics
- Design & Risk Analysis
- Operations Analytics
- Supply Chain Science
- Global Procurement
- Research Methods
- Project Management
- Business Ethics
- New Product Development

RESEARCH PROJECT

The dissertation allows you to showcase the knowledge you have gained and enhance your career potential by specialising in a particular area.
Postgraduate Diploma in Accounting

Designed for non-accounting graduates. This conversion programme fast-tracks students towards professional accountancy. It focuses on the fundamentals of financial accounting, management accounting, corporate finance, audit, taxation and related areas.

Exemptions

- ACCA: All 9 Papers at the Applied Knowledge and Applied Skills levels (formerly known as Papers F1 to F9).
- Chartered Accountants Ireland (ACA): Full CAP 1 exemption.
- CIMA: Papers BA1-BA4, E1, P1, F1 and P2.
- Irish Tax Institute: Group 2 exemptions.
- CPA Ireland: Formation 1 (all papers), Formation 2 (Financial Accounting, Management Accounting and Taxation) and Professional 1 (Corporate Reporting, Managerial Finance and Corporate Laws & Governance).

About the Programme

This programme provides significant exemptions from the examinations of professional accountancy bodies. Expert faculty and practitioners combine to deliver modules, grounded in the academia-practice link that underpins the entire programme. The programme is fully accredited by ACCA, Chartered Accountants Ireland, CIMA, CPA and Irish Tax Institute.

Career Prospects

Graduates of this programme find employment with many top accountancy firms including KPMG, Deloitte, EY, PwC and Grant Thornton, with the majority securing training contracts before graduation.

“...This programme enables students to fast-track their accountancy career. On completion, students enjoy significant exemptions from the exams of Chartered Accountants Ireland, ACCA, CIMA, and other professional bodies. Our faculty come from practitioner backgrounds so students gain the technical skills and commercial know-how needed to succeed in accountancy. Our students are in demand by accountancy firms, the vast majority of our 2018/19 class had secured job offers or training contracts before they had even graduated.”

Neil Dunne, Director of Postgraduate Diploma in Accounting.

Curriculum subject to change.
Making an Application

Submit your application and supporting documentation online at www.tcd.ie/business. Due to the popularity of our programmes early application is advised.

How to Apply
To apply for our programmes you must complete the online application form and attach your supporting evidence. You will need:

— Copies of your completed transcripts or transcripts to date
— Two supporting academic references or include contact details for two supporting academic references
— Proof of English (for non-native English applicants). For information on acceptable language tests, please visit our website.
— CV or resume
— Any other relevant evidence

Application fee €55

Entry Requirements
— A first or upper-second class honours degree (or its international equivalent)
— English Language requirement: minimum IELTS score of 6.5 overall or TOEFL IBT. Note: For the MSc in Marketing and the MSc in Digital Marketing, a higher IELTS score is required of 7.0 overall. For details on the minimum requirements for other tests, please visit our website.
— Two supporting academic references
— A GMAT may be requested in certain cases *

Top Tips

— If you have completed qualifications or exams beyond our minimum requirements, please include this evidence. These include accountancy exams or other professional qualifications, GMAT and GRE tests.
— Write a brief personal statement. Outline your motivation for applying for the programme and highlight your key achievements, academic or personal.
— For non-native English speakers: if you have completed the whole of your undergraduate studies in English you may be exempt from the IELTS requirement. Let us know in your application.

Get in Touch
Please contact the admissions team for more information about our programmes, the application process or to schedule a one-to-one appointment.

Hear from our Graduates

Aimée Louise Carton
MSc in Entrepreneurship Graduate

"The MSc in Entrepreneurship was so different from my two previous degrees as it emphasised practical learning and a real-world approach to entrepreneurship. For example, instead of learning the theory around setting up a business, we were given one week to do just that. The programme has allowed me to meet incredible friends, professionals and thought leaders as well as my co-founder! We've since launched our start-up KeepAppy, which we are pitching shortly so many other bright, young minds that I met during this journey.

Andrew J. Chwalik
MSc in Marketing Graduate

"The MSc in Marketing was one of the most rewarding years of my education, thanks to the wide range of engaging classes and the diverse backgrounds of the students that the course attracts. The array of different perspectives among the class makes for extremely interesting team projects, and great friendships. Since finishing the course, I've been able to put all of my newly acquired academic knowledge straight into practical use through marketing campaigns, interviewing new hires, conducting financial analyses, managing logistics and leading teams."

Christopher Ewert
MSc in Finance Graduate

"Joining Trinity Business School was the best decision I could have taken, not only from an academic standpoint but most importantly for my personal development. The Masters in Finance helped me to acquire practical industry insights and reflect on my learnings. Trinity has been an experience of a lifetime and so were all the personal and professional relationships developed during this journey."

Sandhya Raghuvanshi
Postgraduate Diploma in Accounting Graduate

"I sought admission in the Postgraduate Diploma in Accounting coming from a non-accountancy background. The modules on offer gave us a deep insight into the subject with constant support and the best possible mix of practical and theoretical knowledge. Exposure to group project work, in-class interactions, and contact with other international students will all be significant for your academic and social life. As soon as I completed the course I got a job offer from one of the Big 4."

Kevin Haughan
MSc in Management Graduate

"The MSc Management was one of the most rewarding years of my education, thanks to the wide range of engaging classes and the diverse backgrounds of the students that the course attracts. The array of different perspectives among the class makes for extremely interesting team projects, and great friendships. Since finishing the course, I've been able to put all of my newly acquired academic knowledge straight into practical use through marketing campaigns, interviewing new hires, conducting financial analyses, managing logistics and leading teams."

Varun Reddy
MSc in Human Resource Management Graduate

"The MSc in Human Resource Management course is very well designed for students from diverse educational backgrounds. The overall quality of education is excellent and as a Trinity student, I was able to expand my professional network beyond my expectations. All the modules are tailored as per the current industry requirements and delivered by outstanding professors. Company trips organised as a part of this course were another great opportunity for me to acquire practical industry insights and reflect on my learnings. Trinity has been an experience of a lifetime and so were all the personal and professional relationships developed during this journey."

Délia Ridoux
MSc in Financial Risk Management Graduate

"Trinity was an experience I will never forget and I would highly recommend this programme. The relative small size of the class, coupled with the devotion our lecturers gave us throughout the year was an essential component to the success of my degree. The course offered the opportunity to work as part of a group as well as develop our own knowledge of the different elements of financial risk one can meet in a corporate environment. I am now working in one of the world’s top banks in the Financial Risk Management sector, an opportunity I never would have had without studying the MSc Financial Risk Management programme at Trinity Business School."

Philippus von Nerée
MSc in International Management

I chose Trinity Business School’s MSc in International Management programme based on my interest in the challenges of an increasingly globalised world. It added a great variety of managerial expertise to my economical knowledge that I accumulated in my undergraduate studies. Furthermore, the unique atmosphere of cultural diversity within the class combined with the international residency weeks vastly expanded my awareness of the challenges to internationally operating corporations."

Jakob Zitzow
MSc in Digital Marketing Strategy Graduate

"My time at Trinity and within the Digital Marketing masters was one of the most important and path-breaking times in my life. The combination of theoretical and academic knowledge combined with powerful, project-oriented hands on work with real life clients make this programme a unique experience. This combination of learned skills enabled me to qualify for one of the best rated and most-known employers in Dublin today. I would recommend this programme to everyone who wants to work in digital marketing, be it at the beginning of their career or somewhere in between!"
