

SECTION XI

POSTGRADUATE AWARDS AND TRAVEL FUNDS

1 The University offers a number of postgraduate awards open for application to students intending to register (or registered) for full-time higher research degree on the Ph.D. register. Applications are assessed competitively.

2 Trinity College Postgraduate Research Studentships (code 1252) are open to applicants from all countries. For both EU and non-EU fee paying students they provide an annual maintenance contribution of €6,500 and a full fee waiver. The scheme is open to new entrants as well as continuing students on the full-time Ph.D. register.

3 Ussher awards are similarly open to applicants from all countries. They are few in number, necessarily very competitive and provide a significant annual maintenance award (currently €13,000) and cover fees.

4 As the number of studentships is limited, applicants are strongly advised to apply for all other awards and grants open to them. Candidates are expected to apply for the renewal of any local authority scholarship they may have held as undergraduates (Research Scholarships awarded by the Ministry for Education for Northern Ireland are tenable in the University of Dublin.)

Individual Schools may have specific funds at their disposal and candidates, when applying, should enquire as to the availability of such funds.

There are also a number of specific Ussher Fellowships and miscellaneous funds and scholarships of limited application – see below for further information.

EMERGENCY FINANCIAL ASSISTANCE SCHEME

5 Application must be made on a form available from the Graduate Studies Office. Only cases of extreme urgency are considered on a case-by-case basis.

Only students in, or about to enter their second or subsequent years on the register will be eligible. Only in very exceptional circumstances will an allocation of funding be repeated to the same student in a further year.
