

Two-Subject Moderatorship Courses

GENERAL REGULATIONS¹

Degree

1 The College offers a wide variety of courses in which two subjects are studied concurrently according to one of two distinct patterns as set out below. These courses all lead to the degree of Bachelor in Arts (Moderatorship (B.A. with honors)).

Fees

2 See COLLEGE CHARGES.

Admission

3 Applications for admission from E.U. applicants to the courses for this degree should be made to the Central Applications Office (C.A.O.), Tower House, Eglinton Street, Galway. Applications may be submitted online at <http://www.cao.ie>. Non-E.U. applicants should apply online direct to Trinity College Dublin by 1 February of the proposed year of entry. For further information see <https://www.tcd.ie/study/non-eu/undergraduate/>.

4 Applicants must satisfy the admission requirements of the University, together with any special requirements for entry into both subjects of the course; see ADMISSION REQUIREMENTS. Students are not permitted to commence two new languages in their first year of study. Admission to all TSM Language subjects requires a minimum grade in either that language or a language excluding English achieved at Irish Leaving certificate higher level or equivalent, depending on the subject. Students wishing to combine two of: Greek, Italian, Latin, Russian and Spanish within TSM are required to present at least one of the chosen languages at grade C3 or better at Irish Leaving Certificate higher level or equivalent. Full details of all admission requirements are available in the undergraduate prospectus.

Subjects

5 The subjects which may be combined in two-subject moderatorship courses are: ancient history and archaeology, Catholic theological studies, classical civilisation, classical languages², drama studies, early Irish, economics, English literature, film studies, French, geography, German, history, history of art and architecture, Italian, Jewish and Islamic civilisations, mathematics, modern Irish, music, philosophy, psychology, Russian, sociology, Spanish, world religions and theology.

Two-subject course structures

6 The two distinct patterns in which the two subjects may be combined are as follows:

PATTERN A Two subjects are studied equally during the full four years of the undergraduate course.

PATTERN B Two subjects are studied equally during the first three years of the course and studies are continued in one subject only for the fourth year.

Two-subject combinations

7 A chart showing the available combinations is set out on the final page of this section.

¹These regulations should be read in conjunction with GENERAL REGULATIONS AND INFORMATION.

²Classical languages refers to the TSM subjects Greek and Latin.

PATTERN A AND B

The following subjects may, in certain combinations, be studied in pattern A and pattern B:³ economics, geography, German, history,⁴ Jewish and Islamic civilisations, mathematics, philosophy, sociology, world religions and theology.

PATTERN B

The following subjects may be studied in pattern B only: ancient history and archaeology, Catholic theological studies, classical civilisation, classical languages, drama studies, early Irish, English literature, film studies, French, history of art and architecture, Italian, modern Irish, music, psychology, Russian, Spanish.

European Credit Transfer and Accumulation System

8 Subjects within the two-subject moderatorship are awarded ECTS credit weightings and students are required to take modules amounting to 60 ECTS credits in a given year, 30 for each subject when two are studied, and 60 in the one subject studied in the Senior Sophister year in pattern B (and C). ECTS credit in each subject must be distributed equally over each semester, 15 credits in each subject in each semester in all academic years and patterns, except Senior Sophister pattern B and C where 30 credits in each semester are required. The assessment weighting in all subjects must correspond to the credit weighting of modules. Students participating in an exchange programme should refer to §12.

The ECTS credit for each module is available from course handbooks.

Submission of module choices

9 Students should refer to their departmental handbooks or guidelines from their departments/schools to establish the module choices available each year, if any, and the deadlines for submitting their module choices for the following academic year.

Transferring course/subject

10 Students seeking to transfer to a different two-subject moderatorship combination or to another course in College should contact their College tutor and the [Academic Registry](#) for information on transferring and the relevant deadlines.

Advanced entry

11 Where places are available students may be permitted advanced entry to their course, if, in the opinion of the appropriate head(s) of school(s)/department(s)/discipline(s) and TSM Course Director, they are qualified by their knowledge and attainment to do so, or by passing specified examinations. Applicants must pay a fee before presenting themselves for examination (see COLLEGE CHARGES). Applications for advanced entry to any course should be made through the [Academic Registry](#) in the first instance.

ERASMUS and study abroad

12 Two-subject moderatorship students are eligible to participate in ERASMUS or other exchange programmes approved by the Vice-President for Global Relations subject to the general regulations (see GENERAL REGULATIONS AND INFORMATION, section II, §70). The normal expectation is that students will be able to arrange an exchange in both subjects in either pattern A or pattern B, as appropriate. Two-subject moderatorship students may participate in an exchange in their Senior Freshman or Junior Sophister year, depending on departmental academic requirements.

Two-subject moderatorship students undertaking an approved exchange are normally

³Please refer to the TSM table of permitted subject combinations on final page of this section for details of available combinations and patterns.

⁴History may be studied in pattern A only in combination with geography. All other history combinations are studied in pattern B.

expected to achieve a minimum grade of second class (second division) in each subject in the Junior Freshman annual examination for a Senior Freshman exchange, or in the Senior Freshman annual examination for a Junior Sophister exchange, as appropriate. However, some subjects require a minimum grade of second class (first division) to participate. Students must therefore check the requirements for both subjects with the relevant department(s). Students who are required to take supplemental assessments may participate in the exchange at the discretion of the relevant schools/departments.

Full-year exchanges: Two-subject moderatorship students studying abroad for a full academic year must obtain a minimum of 45 credits, or equivalent, from the host university in order to rise with their year. A minimum of 22.5 credits must be obtained in each subject. ECTS credits (or equivalent) in each subject must be distributed equally over each semester. At least 45 credits must be passed to rise with the year, and at least 22.5 credits in each subject must be passed to pass the subject.

Half-year exchanges: Two-subject moderatorship students studying abroad on a half-year/one semester exchange must obtain 15 credits in each subject in the semester they are in Trinity College. For the semester abroad, students must obtain a minimum of 10 credits in each subject. Students will then have a minimum of 50 credits for the full academic year. Students are not permitted to study only one subject on a half-year exchange. Limited compensation is permitted for TSM students participating on a half-year exchange. The compensation regulations that would normally apply to a particular cohort will be applied proportionately in respect of the 30 credits taken in Trinity College only. No compensation is permissible on the credits taken while on exchange. Students participating in a half-year exchange may pass the Senior Freshman or Junior Sophister (pattern A) year by compensation if they achieve an overall end-of-year mark of 40 per cent or above in each subject and pass a minimum of 25 of the 30 credits required when in Trinity College. The failed 5-credit module must be compensatable. Students must achieve a mark of 35 per cent or higher in the failed 5-credit module. Students participating in a half-year exchange may pass the Junior Sophister (pattern B) year by compensation if they achieve an overall end-of-year mark of 40 per cent or above in each subject and pass a minimum of 20 of the 30 credits required when in Trinity College. Within each subject students must pass a minimum of 10 of the 15 credits required when in Trinity College. All failed modules must be compensatable. Students must achieve a mark of 30 per cent or higher in one or both of the failed 5-credit module(s).

Students are strongly advised to take more than the minimum credits when abroad in case of failure in some elements.

Marks and credits obtained in the host university must be converted using the College-approved conversion table. Further details are available at <https://www.tcd.ie/study/non-eu/study-abroad/from-trinity/return/>.

Students reading a two-subject course in pattern B who are participating in a full-year Junior Sophister exchange must choose the subject which will be taken in the Senior Sophister year not later than the last day of Hilary term in the Senior Freshman year. The choice of this subject must meet with the approval of the schools or departments concerned.

PATTERN C

13 Where a Junior Sophister full-year ERASMUS/study abroad exchange in both subjects cannot be arranged to the satisfaction of the schools or departments concerned, students may seek permission for an exchange in one subject only: such an exchange must be undertaken for the full Junior Sophister year and will require the student to terminate study in the other subject with an examination at the end of the Senior Freshman year. *This will result in a modified form of degree certificate which will indicate that only one subject has been studied to degree level.* The second subject will be noted on the degree certificate as a subsidiary qualification. Pattern C is not available in the Senior Freshman year.

Students wishing to be considered for pattern C are required to complete the relevant application form, available from the [TSM Course Office](#), which requires the approval of both schools or departments, by the last day of Hilary term of their Senior Freshman year. Students

undertaking an approved exchange must normally achieve a minimum grade of second class (second division) in each subject in the Senior Freshman annual examination. However, some subjects require a minimum grade of second class (first division) to participate. Students are therefore advised to check the requirements in both subjects. Students who are required to take supplemental assessments may participate in the exchange at the discretion of the relevant schools/departments.

Special requirements in modern languages

14 In each year, candidates in modern languages must provide evidence of their proficiency in the language concerned. Proficiency will be assessed by performance in one or more specified modules. A student who fails to satisfy the examiners in these specified modules will be deemed to have failed the examination overall.

15 A distinction in spoken language may be awarded in the Sophister years, at the discretion of the examiners, to candidates in modern languages. In modern Irish distinctions in the spoken language may be awarded in all years.

16 Students taking one or two modern language subjects other than English literature must spend not less than two months in the country of each language in order to fulfil the requirements of their course; students of Irish must spend not less than two months in the Gaeltacht. Students taking a modern language other than English literature as their minor subject must complete their residence requirement in that subject before the Junior Sophister end-of-year examination in that subject. Students who do not complete their residence requirement before their Junior Sophister examinations will not receive their results and will be unable to proceed until the requirement has been met and approved by the relevant schools or departments. Students taking a modern language other than English literature as their major subject must complete their residence requirement in that subject before the Senior Sophister final examination in that subject. Students who do not complete their residence requirement before their Senior Sophister examinations will not receive their results and will be unable to graduate until the requirement has been met and approved by the relevant schools or departments. This requirement can be waived only in exceptional circumstances and with the approval of the schools or departments concerned. It is recommended that in the year prior to their entering College, intending students spend a period in a country of which they are proposing to study the language; such residence may, with the approval of the schools or departments concerned, be counted for up to half of the residence requirement in that language. Students who wish to interrupt their course in order to spend one year abroad in a country of which they are studying the language may do so, provided that they comply with GENERAL REGULATIONS AND INFORMATION.

Broad Curriculum

17 Students may have the option of taking a Broad Curriculum module (including the language learning modules) as an integral part of one of their subjects. Further details are available from schools, departments or the College website at http://www.tcd.ie/Broad_Curriculum/.

Choice of pattern and pattern B major/minor subject

18 All Junior Sophister students must choose their pattern (where relevant), and if pattern B, their major and minor subjects, not later than the last day of Michaelmas term in the Junior Sophister year. Students who are participating in a Junior Sophister exchange must choose their pattern (where relevant) and if pattern B, their major and minor subjects not later than the last day of Hilary term in the Senior Freshman year. This choice must meet with the approval of both schools or departments.

Academic progress

19 To rise with their class students must (a) attend satisfactorily the lectures given in the subjects of their course each term, as required by the University Council, the school or department committees and the two-subject moderatorship management committee, (b) perform the prescribed exercises (essay, tutorial or practical work), (c) pass, in accordance with the two-

subject moderatorship course regulations, the prescribed examinations in both subjects, and (d) meet special examination requirements as prescribed and published by each school or department. See also GENERAL REGULATIONS AND INFORMATION, section II.

General examination information and regulations

20 For information on assessments in each subject see CONTENT OF SUBJECTS.

Grading scheme: Results for all examinations are published according to the following grades: I = 70-100, II₁ = 60-69, II₂ = 50-59, III = 40-49, F₁ = 30-39, F₂ = 0-29.

Annual examinations: Annual examinations are held during Trinity term.

Assessment methods: All students taking the same module (that is enrolled under the same module code), in the same examination session, are assessed using the same method(s).

Compensation scheme: Some modules or module components are non-compensatable, as specified by the relevant departments and schools. Subject to this, compensation of failed modules may be permitted as defined by College regulations, details of which are found in §§ 23-26 below.

Supplemental examinations: Supplemental examinations are held at the beginning of Michaelmas term in the Freshman years for all students, and in the Junior Sophister year for pattern A students. Students who pass their end of year examinations at the supplemental (or special) examination session and who are eligible to proceed to the next year will have their overall result recorded as 'pass at supplemental'. There are no supplemental examinations in the Junior Sophister year for pattern B (and C); there are no supplemental examinations in the Senior Sophister year.

Re-assessment requirements: Candidates who are unsuccessful at the annual examination session will be re-assessed in failed modules during the supplemental examination session by taking such module components as required by the departmental or school regulations.

Within the two-subject moderatorship course, an assessment component for a module may refer to an end-of-year examination, course work, class test, practical laboratory requirement, field trip requirement, oral and aural examination, where the assessment forms part or all of a specific module's assessment requirement.

Absence from examination: Students who have been absent from any or all examinations without permission from the Senior Lecturer are governed by the regulations applying to students in the relevant years, §§23-26, in one or both subjects. Permission to repeat the year will normally be granted only to students who are considered to have made a serious attempt at their examinations, or who have been able to provide the Senior Lecturer with acceptable reasons for absence from examination.

Repetition of year

21 Students who in any year have failed to satisfy any one or more of the conditions defined in §19 will not, except as provided in GENERAL REGULATIONS AND INFORMATION, receive credit for the year. The two-subject moderatorship court of examiners may permit them to repeat the year, if they are entitled to do so (see GENERAL REGULATIONS AND INFORMATION, section II, and §§19-20 above and §§23-26 below), or may exclude them from the subject(s).

22 Students granted permission to repeat the year are required to repeat both subjects in full. They must attend lectures and perform such exercises as may be required in both subjects in accordance with GENERAL REGULATIONS AND INFORMATION, unless exempted by the Senior Lecturer. For details see §§19-20 above and §§23-26 below.

25 *Junior Sophister examination regulations*

A. PATTERN A STUDENTS

- (i) General academic progress — see §§19-22 above.

- (ii) Students must achieve an overall pass mark (grade III or above) in both subjects at the annual or supplemental examinations in the same academic year in order to pass the year overall and to proceed to the next year.
- (iii) Students may pass the Junior Sophister year by compensation if they achieve an overall credit-weighted average mark of at least 40 per cent (grade III) in each subject, and either (a) pass outright modules totalling at least 25 credits in each subject and achieve a mark of at least 30 per cent in any failed module(s), or (b) pass all modules outright in one subject, and modules totalling at least 20 credits in the other subject, and achieve a mark of at least 35 per cent in any failed module(s). Some modules or module components in some subjects are non-compensatable.
- (iv) Students participating in a half-year exchange may pass the Junior Sophister (pattern A) year by compensation if they achieve an overall end-of-year mark of 40 per cent or above in each subject and pass a minimum of 25 of the 30 credits required when in Trinity College. The failed 5-credit module must be compensatable. Students must achieve a mark of 35 per cent or higher in the failed 5-credit module.

- (vii) Students who fail in one or both subjects at the supplemental examination may be permitted to repeat the year in both subjects (subject to GENERAL REGULATIONS AND INFORMATION, section II, §§60-62).
- (viii) Students who are absent from any or all of their supplemental examinations without permission from the Senior Lecturer are excluded from the TSM course.
- (ix) Students who obtain a minimum grade of III in each of their two subjects at the annual or supplemental examinations may be permitted to graduate with an ordinary degree of B.A. Except by special permission of the University Council, the ordinary degree of B.A. may normally be conferred only on candidates who have spent at least three years in the University.

B. PATTERN B STUDENTS

- (i) General academic progress — see §§19-22 above.
- (ii) Students must achieve an overall pass mark (grade III or above) in both subjects at the annual examinations in the same academic year in order to pass the year overall and to proceed to the next year.
- (iii) Students in pattern B may pass the Junior Sophister year by compensation if they achieve an overall credit-weighted average mark of at least 40 per cent (grade III) in each subject, and pass outright modules totalling at least 20 credits in each subject, and achieve a mark of at least 30 per cent in any failed module(s). Some modules or module components in some subjects are non-compensatable.
- (iv) Students participating in a half-year exchange may pass the Junior Sophister (pattern B) year by compensation if they achieve an overall end-of-year mark of 40 per cent or above in each subject and pass a minimum of 20 of the 30 credits required when in Trinity College. Within each subject students must pass a minimum of 10 of the 15 credits required when in Trinity College. All failed modules must be compensatable. Students must achieve a mark of 30 per cent or higher in one or both of the failed 5-credit module(s).
- (v) The examination in the minor subject (subject studied for the first three years of the course only) is part I of the moderatorship examination. This is the degree examination for the minor subject.

- (vi) The examination in the major subject (subject studied for all four years of the course) forms part of the moderatorship part II examination.
- (vii) The total moderatorship mark is the combined result of both the Junior Sophister and Senior Sophister years in both subjects. The overall mark is calculated on the basis of equal weighting of both subjects in the Junior Sophister year and equal weighting of both Sophister years.
- (viii) There are no supplemental examinations.
- (ix) Students who fail in one or both subjects at the annual examination may be permitted to repeat the year in both subjects (subject to GENERAL REGULATIONS AND INFORMATION, section II, §§60-62).
- (x) Students who are absent from any or all of their examinations without permission from the Senior Lecturer are excluded from the TSM course.
- (xi) Students who obtain a minimum grade of III in each of their two subjects at the annual examinations may be permitted to graduate with an ordinary degree of B.A. Except by special permission of the University Council, the ordinary degree of B.A. may normally be conferred only on candidates who have spent at least three years in the University.
- (xii) Students taking a modern language other than English literature as their minor subject must complete their residence requirement in that subject before the Junior Sophister end-of-year examination in that subject. Students who do not complete their residence requirement before their Junior Sophister examinations will not receive their results and will be unable to proceed until the requirement has been met and approved by the relevant schools or departments. See §16 above.

C. PATTERN C STUDENTS

- (i) Pattern C regulations are applied to approved students participating on a full-year exchange programme in their Junior Sophister year where only one subject can satisfactorily be studied, see §13 above.
- (ii) General academic progress — see §§19-22 above.
- (iii) The Junior Sophister pattern C annual examination is a moderatorship examination. Students are assessed in one subject only. There are no supplemental examinations.
- (iv) Students must achieve an overall pass mark (grade III or above) in the one subject studied in the Junior Sophister year at the annual examinations in order to pass the year overall and to proceed to the next year. Since pattern C students must participate in a full year exchange in their Junior Sophister year, and as there is a reduced credit requirement for exchange students (minimum 45 credits instead of 60), students may compensate by taking in excess of 45 credits to compensate for poor performance. The minimum 45 credits must be passed. The overall result is based on the credit-weighted average up to a maximum of 45 credits (or nearest credits above this) of the highest, subject-relevant, module results.
- (v) The marks awarded in both the Junior and Senior Sophister years contribute with equal weighting to the aggregate mark of the overall moderatorship result.
- (vi) Students who fail in the one subject studied in the Junior Sophister year may be permitted to repeat the year in both subjects (subject to GENERAL REGULATIONS AND INFORMATION, section II, §§60-62). Students repeating the year will revert to studying both subjects, following the relevant standard pattern or choose either pattern A or pattern B, where relevant.
- (vii) Students who are absent from any or all of their annual examinations without permission from the Senior Lecturer are excluded from the TSM course.
- (viii) Students who obtain a minimum grade of III in the one subject studied in the Junior Sophister year at the annual examinations may be permitted to graduate with an ordinary degree of B.A. Except by special permission of the University Council, the ordinary degree of B.A. may normally be conferred only on candidates who have spent at least three years in the University.

ALL PATTERNS

- (i) General academic progress — see §§19-22 above.
- (ii) The moderatorship examination is held on only one occasion annually in Trinity term.
- (iii) There is no supplemental examination.
- (iv) Students unavoidably absent from the moderatorship examination due to illness or other grave cause beyond their control may apply through their tutor to the Senior Lecturer to sit the examination the following year.
- (v) Students who are absent from any or all of their annual examinations without permission from the Senior Lecturer are excluded from the TSM course.
- (vi) Students who have failed to obtain a moderatorship may nevertheless be allowed the ordinary B.A. degree on their answering in the Senior Sophister examination.

A. PATTERN A STUDENTS

- (i) Pattern A students are examined in both subjects. This is the final examination in both subjects.
- (ii) The marks awarded in the two subjects in the Senior Sophister year contribute with equal weighting to the aggregate mark. To pass the year and be eligible for a moderatorship award candidates must achieve a grade III or higher in both subjects.
- (iii) Students in pattern A may pass the Senior Sophister year by compensation if they achieve an overall credit-weighted average mark of at least 40 per cent (grade III) in each subject, and pass outright modules totalling at least 20 credits in each subject, and achieve a mark of at least 30 per cent in any failed module(s). Some modules or module components in some subjects are non-compensatable.

B. PATTERN B STUDENTS

- (i) Pattern B students are examined in the one subject studied in the Senior Sophister year. This is the final degree examination of the major subject, moderatorship part II.
- (ii) To be eligible for a moderatorship award candidates must achieve a grade III or higher in the moderatorship part I examination (Junior Sophister) and both parts of the moderatorship part II examination (Junior Sophister and Senior Sophister).
- (iii) Pattern B students may pass the Senior Sophister year by compensation if they achieve an overall credit-weighted average mark of at least 40 per cent (grade III) in the one subject studied in the Senior Sophister year, and pass outright modules totalling at least 40 credits, and achieve a mark of at least 30 per cent in each failed module, up to a maximum of 20 credits. Some modules or module components in some subjects are non-compensatable.
Or pattern B students may pass the Senior Sophister year by aggregation if they achieve a mark of less than 30 per cent in one or more failed modules up to a maximum of 10 credits, provided that they achieve a credit-weighted average mark of 40 per cent for the year, pass outright modules totalling at least 40 credits and have a minimum mark of 30 per cent in any remaining failed modules. Some modules or module components in some subjects are non-compensatable/non-aggregatable.
- (iv) The total moderatorship mark is the combined result of both the Junior Sophister and Senior Sophister years in both subjects. The overall mark is calculated on the basis of equal weighting of both subjects in the Junior Sophister year and equal weighting of both Sophister years.
- (v) Students taking a modern language other than English literature as their major subject must complete their residence requirement in that subject before the Senior Sophister final examination in that subject. Students who do not complete their residence requirement before their Senior Sophister examinations will not receive their results and

will be unable to graduate until the requirement has been met and approved by the relevant schools or departments. See §16 above.

C. PATTERN C STUDENTS

- (i) Pattern C regulations are applied to approved students who participated on a full-year exchange programme in their Junior Sophister year where only one subject could satisfactorily be studied, see §13 above. Pattern C students are examined in one subject studied in the Senior Sophister year. This is the final examination.
- (ii) To be eligible for a moderatorship award candidates must achieve a grade III or higher in both the Junior and Senior Sophister examinations.
- (iii) Pattern C students may pass the Senior Sophister year by compensation if they achieve an overall credit-weighted average mark of at least 40 per cent (grade III) in the one subject studied in the Senior Sophister year, and pass outright modules totalling at least 40 credits, and achieve a mark of at least 30 per cent in each failed module, up to a maximum of 20 credits. Some modules or module components in some subjects are non-compensatable.
Or pattern C students may pass the Senior Sophister year by aggregation if they achieve a mark of less than 30 per cent in one or more failed modules up to a maximum of 10 credits, provided that they achieve a credit-weighted average mark of 40 per cent for the year, pass outright modules totalling at least 40 credits, and have a minimum mark of 30 per cent in any remaining failed modules. Some modules or module components in some subjects are non-compensatable/non-aggregatable.
- (iv) The marks awarded in both the Junior and Senior Sophister years contribute with equal weighting to the aggregate mark of the overall moderatorship result.

Gold medals and prizes

27 In the Senior Sophister year at the moderatorship examination gold medals are awarded by the Board to candidates of the first class who have shown exceptional merit. For details on the criteria for the award of gold medals see category 3 (pattern A) or category 5 (pattern B and C) in the [Academic Registry](https://www.tcd.ie/academicregistry/exams/prizes/) guidelines available at: <https://www.tcd.ie/academicregistry/exams/prizes/>.

28 Various studentships, scholarships, exhibitions, and other prizes are awarded to students on the results of examinations, provided that sufficient merit is shown. Monetary awards are sent direct to prize-winners unless otherwise stated under the regulations for the particular prize. For details see PRIZES AND OTHER AWARDS (see also MISCELLANEOUS AWARDS).

29 At the annual examinations a book prize (value under review) is awarded in each subject to candidates obtaining an overall first class honors grade. These prizes are not awarded in the Senior Sophister year.

Book prizes may be collected from the [Academic Registry](#) by the award holder in person.

Foundation scholarship

30 In order to be recommended for foundation scholarship in the two-subject moderatorship course candidates must achieve an overall mark for both subjects combined of 70 per cent or higher; candidates must obtain a first class result in one subject and at least a second class, first division result in the other subject; candidates are required to have a minimum of two first class marks out of their total four papers; and no paper may have a mark below 65 per cent. Both subjects contribute with equal weighting to the combined mark. Candidates sit a maximum of four and a half hours of written examinations in each subject. The academic scope of these examinations and assessments, in terms of modules and/or areas covered, may vary from one subject to another; each department in TSM assigns a minimum of a quarter of its assessment in the scholarship examination to general question(s). Students intending to present themselves for this examination should see also FOUNDATION SCHOLARSHIPS.

CONTENT OF SUBJECTS

General information which applies to all subjects
