**BD/17-18/174 Consolidated Financial Statements for the year ended 30 September 2017 and associated Letters of Representation to KPMG and the Comptroller & Auditor General**

Ms Louise Ryan, Deputy Chief Financial Officer; Ms Eimear Farrell, Management & Financial Accounting Manager, FSD; Mr Francis Sheeran, Internal Auditor, and Mr Sean O’Keefe of KPMG attended the meeting for the next two items.

The Board noted the following documents which had been circulated for this item:

- Memorandum from the Chief Financial Officer and Deputy Chief Financial Officer dated 21 March 2018;
- Draft Consolidated Financial Statements for the year ended 30 September 2017;
- Draft Letter of Representation to the Comptroller & Auditor General re. the audit of the Consolidated Financial Statements for the year ended 30 September 2017;
- Draft Letter of Representation to KPMG re. the audit of the Consolidated Financial Statements for the year ended 30 September 2017;
- Memorandum from the Chair of the Audit Committee dated 20 March 2018;
- Presentation entitled ‘Consolidated Financial Statements for the year ended 30 September 2017’.

The Provost welcomed the visitors to the meeting and noted the apologies from the Chair of the Audit Committee, Mr Oliver Cussen and the representative of the Comptroller & Auditor General’s Office, Ms Niamh Kilkenny.

The Treasurer/Chief Financial Officer introduced the item noting that the Consolidated Financial Statements for the year ended 30 September 2017 had been previously considered by the Finance Committee and were recommended to the Board by the Audit Committee on 20 March 2018. He then invited the Deputy Chief Financial Officer to provide an overview of the financial statements.

Ms Ryan invited the Board’s attention to the presentation which had been circulated, summarising the financial position for the year ended 30 September 2017 and drew the Board’s attention to key highlights and trends and to key figures in the Balance Sheet. She noted the downward trend in State funding received in recent years and the growth in income including academic fees, commercial revenue and research income. She also provided an overview of trends in research activity, other income, operating expenditure, capital expenditure and savings made as a result of the Procurement strategy.

The Treasurer/Chief Financial Officer, noting the current uncertainty in relation to the Government’s commitment to university funding, advised the Board that significant improvements had been achieved in diversifying income streams. However, he noted that it would be challenging to deliver a balanced budget by the end of the Strategic Plan (2014-2019) and concluded by highlighting the sustainability gap between the reported deficit and the target surplus and the need for careful management over the coming years to achieve a financially sustainable position.

Mr O’Keefe advised the Board that following its audit, no weaknesses in internal financial systems had been identified by KPMG. He informed the Board that it was KPMG’s intention to issue a qualified audit opinion solely in relation to pension related matters as had been the case in previous years.

Professor Gilligan, on behalf of the Chair of the Audit Committee, informed the Board that the Committee had received briefings on the Financial Statements from both KPMG and the C&AG and thanked all involved for the timely and co-ordinated approach to the audits which had been conducted and concluded in a short timeframe.

The Internal Auditor advised the Board that the Audit Committee had considered the Consolidated Financial Statements for the year ended 30 September 2017 and had reviewed them with representatives of KPMG and of the C&AG. It was noted that the Audit Committee was not aware of any issues or concerns which would preclude the Board from approving the Financial Statements and recommended the approval of the Financial Statements.

In response to queries from a Board member, the Treasurer/Chief Financial Officer informed the Board that the University had taken external advice on the audit qualification issue and that he would continue to engage with the Department of Education and Skills and the HEA on this matter. He also provided an overview of how this item was dealt with in other Irish universities. The Deputy Chief Financial Officer also provided reassurance to the Board in respect of this qualification and noted that it is to be discussed further at a sectoral level in the coming months.

Responding to several queries from Board members, the Treasurer/Chief Financial Officer provided clarification on some of the figures contained in the Financial Statements as requested and it was noted that Board would welcome continued monitoring of research activity and operating costs.

The Provost, bringing the item to a close, thanked KPMG, C&AG, the Audit Committee and those working in the Financial Services Division who had prepared the Consolidated Financial Statements.

It was noted that the Audit Committee recommended approval of the Trinity Endowment Fund Financial Statements as presented.

In response to a query from a Board member, the Treasurer/Chief Financial Officer outlined the rationale for the Investment Committee’s decision to divest from bonds.

The Provost welcomed Dr Lacey, Mr Green, Mr Harmon and Mr Power to the meeting. He advised Board members that there had been some difficulties encountered in recent months and, in particular, challenges had arisen due to a significant turnover in staff employed on the project and in the construction sector as a whole.

Dr Lacey also provided an update on the budget for the project, noting that a recent Sectoral Employment Order (SEO) on remuneration for the Construction sector had impacted on the budget contingency and that a more detailed discussion on the project budget is scheduled for a future meeting of the Finance Committee. Mr Green advised that the Sectoral Employment Order would impact on all construction projects and noted that further consideration by the university as to how these costs should be met is required.

Dr Lacey also spoke to the project risks and informed Board members that the intensity of the project had increased as it is entering the final phases.

Mr Harmon, provided the Board with a summary of his report dated 20 March 2018, which had been circulated. Speaking to the project budget, Mr Harmon advised that while the project is presently on budget, the budget for the project is, in his opinion, somewhat tight. Costs such as contractor variations, Fire Cert issues, increased resource costs and design creep will all impact on the contingency in the current budget. He noted that the quality of the build to date had been good and it is important that this is not sacrificed in the final stages of the project. He advised that the programme of work can be achieved but that the budget will need to be carefully managed and the team will need to work well together in the final phases.

The Treasurer/Chief Financial Officer advised the Board that in order to meet the impact of adopting the proposals the University would need to increase income; manage costs via budget reductions or redirect
