

2.11.2 Data Protection Assessment			
	Question	Help Text	Guidance
2.11.2.7	<i>Is the personal data shared with any third party outside of Trinity?</i>	Third party: Any recipients which the data will be disclosed to outside of the College. See Guidance - please review carefully before answering.	Third party: Any recipients which the data will be disclosed to outside of Trinity College. This could include third party data processors which are providing services; e.g. survey software solutions (e.g. Microsoft (Forms), Qualtrics), cloud storage services (e.g. MS Azure, AWS), transcription services (e.g. Audiotrans) etc. Third parties may be joint controllers (for example, collaborators), funders, external reviewers etc. NB Please note that Trinity staff and students are not considered as data controllers or 'data processors' under GDPR. Trinity as an organisation is the data controller or data processor dependent on staff and student's role in the project.
