

2.11.2 Data Protection Assessment			
	Question	Help Text	Guidance
2.11.2.9	<i>Describe what IT due diligence you have carried out on these organisations.</i>	Include information on any relevant third party's Privacy Policy, IT Security Policies, Licences, Terms & Conditions, ISO security certification etc. and provide detail on contracts with third parties, including collaborators (joint controllers), funders, external reviewers etc.	<p>Under data protection law, if sharing Trinity-controlled personal data with a third party, the College must carry out appropriate due diligence, such as information security audits, to assess the third party's ability to keep the personal data secure. Researchers should only engage with third parties which can provide sufficient guarantee to maintain data security.</p> <p>Include information on any relevant third party's Privacy Policy, IT Security Policies, Licences, Terms &amp; Conditions, ISO security certification etc. and provide detail on contracts with third parties, including collaborators (joint controllers), funders, external reviewers etc.</p> <p>For further assistance please contact <a href="mailto:dataprotection@tcd.ie">dataprotection@tcd.ie</a>.</p>
