- Travel must be for university purposes
- Confirm if a per diem (daily allowance) rate exists for your destination before travel
- If you choose to submit receipt-based expenses, you can't exceed the per diem rate
- Supporting documentation is required even if claiming per diem (See Travel Policy for examples)
- Taxis, buses etc. can be claimed in addition to per diem
- Ensure form for University Travel Insurance Scheme is completed in advance of travel (See Travel Policy for link)
- Mileage can only be claimed from home or Trinity (whichever is closer)

Expenses should be **wholly, necessary and exclusively** for the business of Trinity and within Revenue guidance and University policies

Approvers must **review and consider each claim** before approving

Always include a **valid business reason** to support your claim e.g. flight details, agenda, programme

Basic Principles
