Trinity's Location

Why Ireland?

Ireland is an English speaking country.

Ireland has the 3rd highest quality of life in the world according to a recent UN report: www.worldpopulationreview.com/country-rankings/hdi-by-country →

European hub for innovation and industry is based in Dublin: Google, Facebook, Microsoft, Intel, Pfizer and HP are based here.

Ireland is friendly and welcoming. 13th on the World Happiness Index

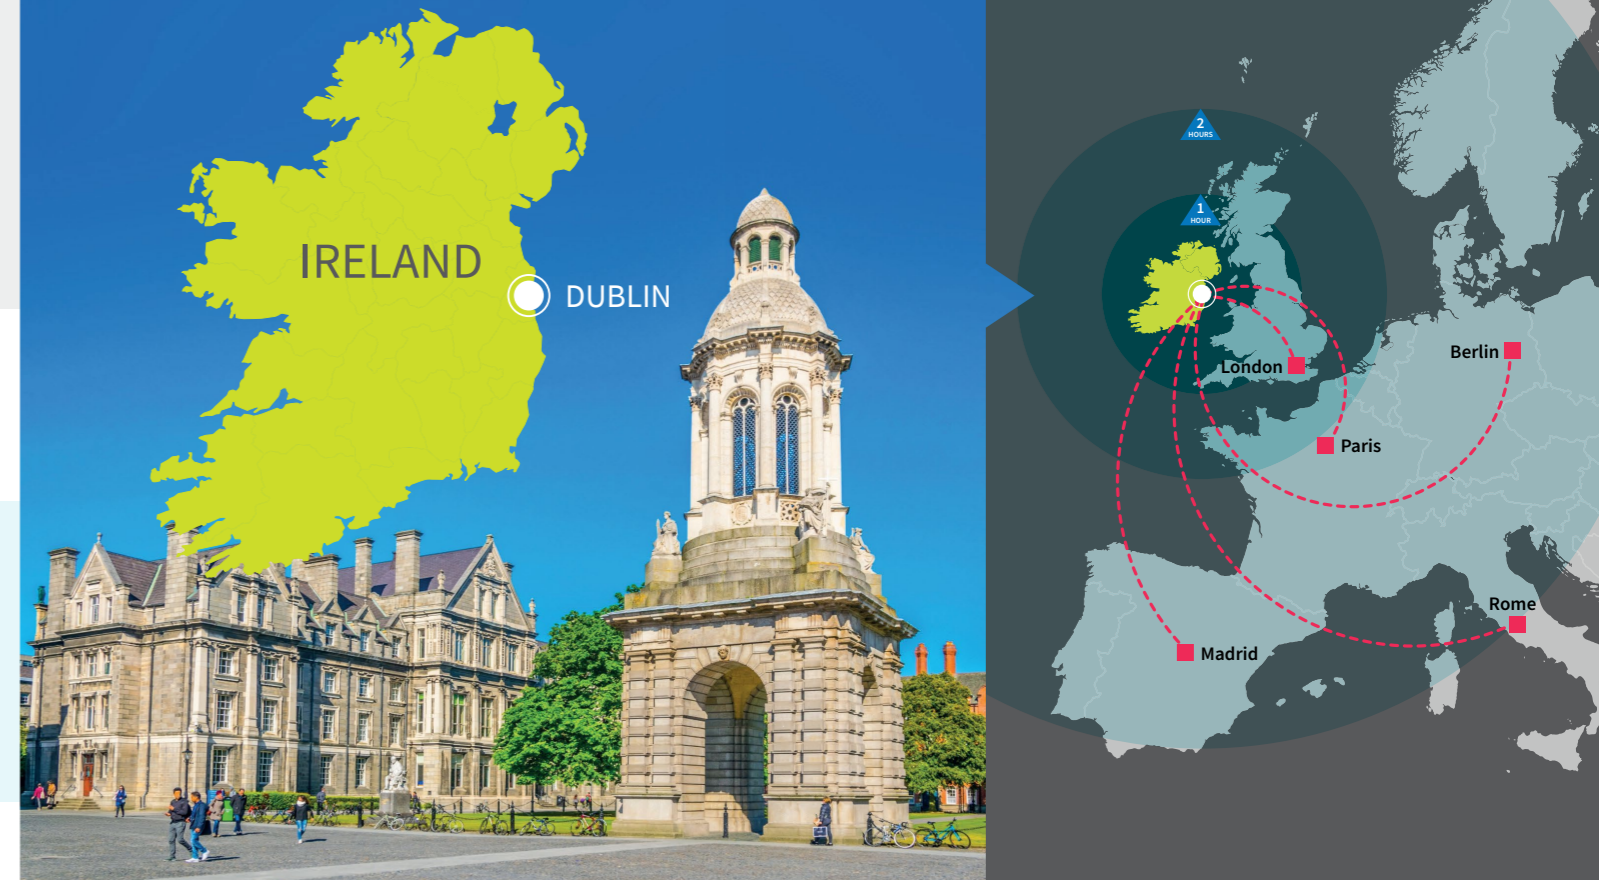

Dublin has been named the 7th best city in the world to visit in 2022. (Lonely Planet, 2022)

Trinity's central location makes it highly accessible for all forms of public transport: tram, rail and bus stops are right outside the University.

Ireland is ranked the 3rd most peaceful country in the world. (Global Peace Index 2022)

Dublin airport is 13km (8 miles) from the campus and is directly accessible via bus or taxi. www.tcd.ie/maps →

As a Trinity graduate you can remain in Ireland to work for 1 or 2 years, depending on your level of study. Find out more: www.irishimmigration.ie/my-situation-has-changed-since-i-arrived-in-ireland/third-level-graduate-programme →

Global Pathway Programme

Study a master's programme in Trinity, Ireland's leading University. As part of the Global Pathway Programme, following completion of your undergraduate degree at Soochow University, you can transfer to Trinity to enter the MSc in Energy Science programme.

Why Study Energy Science at Trinity?

Trinity is Ireland's leading university, steeped in history with a reputation for excellence in education and research. While our campus dates back over four hundred years, our research facilities and institutes sit right in the twenty first century. The MSc in Energy Science is designed to equip students with the theoretical knowledge and the practical skills to develop careers in the global energy sector.

International Dimension

Trinity attracts a global community of academics dedicated to addressing challenges of vital importance to the world around us and has a diverse student body with students from 116 different countries. Chinese students are the third largest cohort of international students at Trinity from outside the EU. As Ireland's oldest and highest-ranking university, Trinity strives to educate global citizens who will shape the world's future.

English Language Support

All modules on this programme are taught in English but students can avail of Trinity's extensive language-learning facilities. The Centre for English Language Learning and Teaching focuses specifically on the development of student's academic English skills to support their current and future university studies.

All students can enroll on the "English for Academic Purposes" course. www.tcd.ie/slscs/english/trinity_in-sessional_programme/index.php

4 Years at Soochow + 1 Year at Trinity

Application Requirements

Your application should consist of the following documents:

- Cover letter outlining your interest in the degree.
- Curriculum Vitae.
- Transcript of academic results.
- Copies of degree certificates.
- Contact details of two academic references.
- English language certificate

Admission Requirements

- A minimum GPA of 3.0/4.0, approximately equivalent to an overall grade of 70-75%, is required for entry.

Programme Information

The MSc in Science of Energy consists of six taught modules worth 10 ECTS each. These are structured around cross-cutting introductory module. The introductory module is designed to furnish students with all of the basic physics, chemistry and engineering concepts that are required to become an "Energy Scientist". These basics are complemented by essential "Economics of Energy" and "Principles of Energy Policy".

Now with the ability to understand and analyse the competing aspects of all of the essential science, engineering and economics pertinent to the energy discipline, the students proceed to Five specialised technically orientated core modules; "Conventional Energy Sources & Technologies", "Power systems, power electronics and electrical systems", "Sustainable Energy Sources & Technologies I & II", and "Managing the impact of Energy Utilisation".

With these modules completed and examined in the months September to April, students proceed to a 15 week research project worth 30 ECTS in a leading research laboratory or in industry in the months of May-August.

Introduction to Energy Science

- Content and Philosophy of Energy Science
- Environmental Impact of Energy Utilisation
- Economics of Energy & Energy Regulation & Policy
- Thermodynamics, Reaction Kinetics and Heat Transfer
- Introduction to Electromagnetism
- Materials for Energy Applications

Core 1: Conventional Energy Sources & Technologies

- Fossil fuels, Combustion, Engines & Emissions
- Nuclear Reactions, Materials & Reactor Technology

Core 2: Sustainable Energy Sources & Technologies

- Electrochemical Cell Technology I
- Photovoltaics
- Carbon Dioxide Capture & Storage

Core 3: Electric Power Generation & Distribution

- Power Systems, Analysis & Smart Grids
- Electric Machines & Power Electronics

Core 4: Sustainable Energy Sources & Technologies II

- Biofuels, Biomass & Hydrogen
- Wind Energy Generation & Storage

Core 5: Managing the Impact of Energy Utilisation

- Raw Materials & Natural Resource Management
- Techniques for Quantitative Analysis & Characterisation of Energy Critical Raw Materials
- Nuclear Safety & Environmental Impact

Student Life at Trinity

Immerse yourself in a broad range of sports clubs and student societies and get a real sense of the 'Trinity Experience'.

Your first days at Trinity

Freshers' Week

Trinity offers orientation to all new postgraduate and undergraduate students prior to the start of the academic year during a week known as Freshers' Week. It is a chance for you to meet your classmates, attend information sessions and sign up to one of many clubs and societies at Trinity. Find out more at: www.tcd.ie/students/orientation

A specific International Postgraduate Student Orientation takes place before teaching commences. Details are available at: www.tcd.ie/students/orientation/postgraduates

Trinity Education

After the excitement of Freshers' Week, teaching term starts, and you will be settling into your course. Most of your classes at Trinity will be a mixture of lecturers, tutorials and some practicals. Tutorials are less formal and usually take place in smaller groups, giving you a chance to delve deeper into the studied topics with your classmates and teaching assistants.

Trinity in Twelve Weeks

The "Trinity in Twelve Weeks" virtual programme aims to continue your orientation during your first semester and help your transition to university life. The programme has a new theme every week, from study and exam skills to how to look after yourself while at university. Your mentors will be in touch with you every week to let you know what the week's theme is and to arrange events and activities. Find out more at: www.tcd.ie/students/orientation/twelve-weeks

Trinity Clubs & Societies

As a student at Trinity, you will be able to choose from over 50 sports clubs including aikido, basketball, Gaelic football, surfing, hockey, rugby, soccer, table tennis, badminton and many more. You will also automatically be a member of our Sports Centre. The Sports Centre is where the majority of our fitness classes and programmes take place, 7 days a week. Facilities include a 25-metre swimming pool, climbing wall and a fully equipped gym. www.tcd.ie/sport

At Trinity, we have 120 student societies which constitute some of the most dynamic and active university student societies in Ireland, allowing you to develop new skills or put your existing ones into action with everything from the International Student Society to the Zoological Society.
