Accredited Academic Courses

Leave and Funding Arrangements

1.1 Purpose
To set out the College policy and procedures on:

- study and exam leave entitlements for staff pursuing accredited academic courses and
- funding assistance in respect of accredited external education courses.

Provision is in place separately to support staff undertaking academic courses run by Trinity College. Please note this policy does not cover short term training courses.

1.2 Eligibility
Eligible College staff must have more than twelve months service and have a minimum of 12 months remaining on their current contract. All benefits are on a pro rata basis, based on the individual staff member’s contract.

2 Study and Examination Leave

2.1 Entitlements
(a) Study and examination leave will apply to academic courses which are directly related to the work and development of the member of Staff within the College. The course must be approved, in advance, by the Head of Unit and the Staff Development Manager.

(b) Depending on the nature of the examinations half days or full days per examination, to a maximum of 4 days per annum may be granted.

(c) Depending on the nature of the course and the degree of relevance up to 4 days study leave per annum may be granted. In considering relevance, the College will look at whether the course in question is
Wholly Job Related, Job Related and Personally Developmental or simply Personally Developmental.

2.2 Procedure
(a) Notification of examination dates must be made to the Head of Unit as soon as possible. Proposed dates for study leave should also be notified as soon as possible. The timing of this leave is subject to local agreement.

(b) Applications on the appropriate form (Appendix 1), should be given to Heads of Units, who should make a recommendation as to the appropriate level of leave to the Staff Development Manager. The Staff Development Manager will consider the application in light of the overall application of the policy and will reach a final decision in conjunction with the Head of Unit. On communication of the decision, the staff member may request the basis of the decision from the Staff Development Manager and refer to information they feel may have been overlooked. At such point the matter may be reconsidered and a final decision issued.

3. Funding Assistance
3.1 Entitlements
(a) Funding assistance will apply to academic courses, accredited by a recognized body, which are directly related to the work and development of the member of Staff within the College. It is the intention that this funding will only be available where the College does not provide a similar course. The courses must be approved for funding, in advance, by the Head of Unit and the Staff Development Manager.

(b) Depending on the cost of the course, the Staff Development Unit will contribute up to €1,000 per annum towards the course fee. In considering relevance the College will look at whether the course in question is: Wholly Job Related, Job Related and Personally Developmental or simply Personally Developmental.
(c) Funding is on a refund basis and subject to proof of payment being provided by the applicant. The provision of assistance is subject to available budgetary resources.

(d) Staff who terminate their employment within 12 months of receiving financial support under this policy will be required to refund such funding assistance.

3.2 Procedures

a) Application for funding must be received in Staff Office by 1st August.

b) Applications on the appropriate form (see Appendix 2) should be submitted to the Head of Unit, who should make a recommendation in relation to funding and forward to the Staff Development Manager. Only applications that have the support of the Head of Unit will be considered for approval.

c) The Staff Development Manager will consider the application in light of the overall application of the policy and available resources and will reach a decision by the 31st August.
