WELCOME FROM THE MATURE STUDENT OFFICER

This is an exciting time as you consider your options and research and identify the many opportunities that Trinity has to offer you.

The University places great value in having a diverse student population. The Mature Student Office is part of the Trinity Access Programmes (TAP). TAP was established in 1993 and its mission is to work in partnership across the education sector and with students, teachers, families, communities and businesses to widen access and participation at third level of under-represented groups.

As the Mature Student Officer, my role is to offer advice and guidance to prospective mature applicants while supporting the integration and success of mature students in Trinity. The University has a great history and tradition of encouraging and welcoming mature students to become part of our community and mature students represent an important and valued cohort in the University.

I invite you to attend our College Awareness Week activities running 22 to 28 November 2020; our Virtual Open Day on Saturday 7 November 2020; and our Information Evening for Mature Students on 7 January 2021 to learn more about our courses and to meet our staff and students as you make the important decision about taking up full-time study in the future. Please consult our website for up to date information on all events.

I look forward to meeting you at our upcoming events.

WHO QUALIFIES AS A MATURE STUDENT?
In order to qualify for consideration as a mature student applicant you must:

• be 23 years of age or over by the 1st January of the year in which you wish to begin study
  and
• qualify as an EU applicant

An EU applicant is a person:

1. who is ordinarily resident in the EU* (see note 1 below)
   AND
   • who will have received full-time post primary education
   AND/OR
   • who has worked fulltime in the EU (see note 2 below)
     for three of the five years immediately preceding admission to Trinity

OR

2. who has official refugee status (see note 3 below)

OR

been granted humanitarian leave to remain in the State
AND

who has been ordinarily resident in the EU for three of the five years immediately preceding admission to Trinity

Notes:

1. EU or EEA countries (Norway, Iceland and Lichtenstein) or Switzerland.
2. Where an applicant can show that they have been in receipt of social welfare payments this may be taken
   in lieu of fulltime employment.
3. Applicants who have written confirmation that they have been allowed to come to Ireland as part of the family
   reunification scheme may also be eligible.

Children of emigrants may be assessed as EU applicants if they can provide documentary evidence of having
completed 5+ years of primary and/or secondary education in the EU/EEA/Swiss Confederation and have no previous
third-level attendance.

The Admissions Office may contact some applicants in order to seek supporting documentation regarding their status.

All other applications are considered to be non-EU Applications.

* Residency: If an applicant is over 23 years of age on the start date of the course then the principal residence for the purpose of taxation of the applicant
  will be examined. A P21 form will be required.
Mature student applicants are not required to meet the University’s matriculation requirements or the competitive entry requirements (i.e. points) for undergraduate degree courses. Some programmes do have specific requirements, details of which may be found on page 6.

COLLEGE FEES

Students who accept an offer of a place will be contacted via the web portal my.tcd.ie with regard to the payment of fees due.

Full information on fees can be found at http://www.tcd.ie/academicregistry/fees-payments/course-fees/.

RESEARCHING COURSE OPTIONS

It is essential that you devote considerable time and thought to investigating and researching the course(s) you wish to pursue. One of the reasons most frequently cited by students who withdraw from college is that they chose the wrong course. It may be that the course did not live up to expectations, that the student was inadequately prepared or that the time and/or financial demands were too great. It is, therefore, important that your decision is made based on facts rather than on impressions.

SHORTLISTING FOR INTERVIEW

Applicants are assessed in the first instance on the information provided on the Trinity Mature Student Supplementary Online Application Form only – no additional documentation will be passed to departments for consideration.*

Following consideration of all applications a department will make one of the following recommendations:

- That you are to be called for interview.
- That you are to be offered a place.
- That your name is to be put on a waiting list.
- That your application has been unsuccessful.

Due to the time required to assess each application it may be several weeks from the time of application before you are notified of a decision.

INTERVIEW

It is important that you are available throughout the interview period.

Interviews normally take place between mid-March and the end of May. A very high number of applicants are interviewed each year and, because of this, alternative interview dates cannot be arranged.

NOTIFICATION OF OUTCOME OF APPLICATION

All applicants will be notified of the outcome of their application by the end of May. Applicants who are being offered a place will be requested to confirm their acceptance and to provide documentation, e.g. copies of educational qualifications, documentation in support of EU status, etc. as appropriate.

A formal offer notice will be issued through the CAO in early July. This offer must be accepted in line with the CAO regulations to secure your place.

Please be aware that the mature student application process is a competitive one and that interviews and/or offers are not guaranteed.

* With the exception on Medicine. Applicants to Medicine are asked to attach a current CV.
